Sunrise, Milky Way Photographed

U.S. Space Explorations Going 'Smooth As Silk'

By JIM STROTHMAN
AP Aerospace Writer

CAPE KENNEDY, Fla. (AP) —Bubbling with confidence after two smooth-as-silk excursions into space, spacewalk champion Edwin E. (Buzz) Aldrin Jr. poked head and shoulders out a Gemini 12 door today to photograph the sunrise and the Milky Way.

It was the last adventure planned by a U.S. astronaut outside a spacecraft until 1968 and the first time three such work sessions were performed on a single flight.

Aldrin — whose success Sunday proved space walking can be easy and gave America new confidence to race to the moon — originally was scheduled to stay out only 40 minutes.

But astronauts and ground officials, immensely pleased with Aldrin's first two successes, agreed the pilot could snap open the hatch sooner and stay out longer than planned if he wanted to.

Standing up sooner would more likely insure success for scientific pictures of the sunrise, taken as Gemini 12 sped over the western Pacific Ocean. And after being told there were few clouds over the United States, the pilots said Aldrin might stay outside longer to get pictures of the terrain.

He was originally scheduled to shut the hatch over the United States.

Making like a gymnast, Aldrin first did a series of exercises to evaluate how difficult it is to work in a stiff space suit, as Gemini 12 sped at 17,500 miles an hour over Australia.

"I can't get my arms down too far," he said.

The astronaut then began shooting pictures of some stars.

"That's Jupiter," Lovell said.

They then turned their attention to shooting scientific pictures of the sunrise.

Although the hatch was opened earlier than planned in the reshuffled flight plan, it was one orbit later than originally planned, a postponement caused by problems with control jets and two attempts to photograph a high-flying yellow cloud over the glaring Sahara Desert.

As Command Pilot James A. Lovell Jr. wrestled with problems caused by two dead Gemini 12 maneuvering rockets, Aldrin first dumped overboard a bag of debris crammed with the 25-foot lifeline and chest pack used in his record-breaking stroll Sunday.

With split-second timing by control centers on three continents, the Gemini 12 pilots tried twice to photograph — but could not see — a wind-whipped vapor stream spewed by two French Centaure rockets high over the Sahara.

"We saw no cloud," Lovell radioed the second time around. "Pictures taken but no observation."

"They've had visual observation from the ground," flight controlers radioed after a second rocket blasted off about 8:07 a.m. (EST).

"Wish we could say the same," Lovell replied.

"That's where we ought to be," chimed in Aldrin.

The stand in the spacecraft door was initially set to begin at 8:47 a.m. but the pilots asked for more time.

As Aldrin and Lovell flashed

16-Hour Ordeal For Children

Father Of 4 Shoots Wife, Slays Self Near Monaca

Funeral services are scheduled Tuesday for a southern Beaver County husband and wife whose four children were left by themselves for 16 hours over the weekend after the father killed the mother then took his own life.

Authorities today continued investigation of the death of Paul Patton, 28, and his wife, Nellie Jane, 22, who were found in their two-story duplex along Route 18 Saturday night after neighbors summoned police because the children had been heard crying all day.

Dr. John Colavincenzo, Beaver County corner, termed the deaths a murder-suicide.

—:—

RACCOON Township Police Chief Ben Hysong and Beaver County Detective Stephen Mihalic said the four children — aged two months to 3½ — had been wandering unfed and crying in the family's half of the structure for 16 hours.

Patton, an employe of the Armco Steel Co. at Ambridge, had apparently shot his wife as she lay in bed about 1:15 a.m. Saturday, then went into the adjoining living room and shot himself in the head with a German deer rifle.

Officers said Patton had called a telephone operator about 1:11 a.m. and told her to tell Aliquippa police to get to the home fast. However, officers did not respond.

Aliquippa police said their information was that the home was at R. D. 2 which encompasses a large area and they advised Hopewell Township police of the telephone call. Hopewell officers said they knew of no such family and when they investigated an auto accident for Chief Hysong, asked him about the family.

Hysong said he had not heard of the family and today pointed out since the family resided in the area only four months was known by only a few in the district.

Mihalic said he believed Patton had shot his wife, then telephoned police.

He said Patton was originally from Shippingport, and had not completed high school. The couple had been married for more than five years.

Mihalic said investigation indicated they had financial worries and domestic problems, but had not been involved with law officials before.

Mrs. Elizabeth Richards, who lives in the other part of the duplex, telephoned police about 6 p.m., concerned about the children's crying. She had tried to get the oldest boy, Paul, 3½, to open the door, but he couldn't.

—:—

CHIEF HYSONG took Charles Caler, Raccoon Township supervisor, with him, and let himself in through a window. He found Patton dead on a couch in the living room and the mother dead in bed, with Maria, 1½, with her.

The baby, Donna Jean, was crying in a bassinet in a utility room. Paul and Arnold, 2, were wandering around the house.

Chief Hysong and Mihalic both termed the scene "the most ghastly" they had ever seen.

The children were taken to the home of their grandparents, Mr. and Mrs. Charles Heverley of Center Township, near Monaca.

A graduate of Monaca High School, Mrs. Patton had resided at Vanport for some time. She was a member of Jehovah's Witnesses.

Survivors include two sisters and two brothers.

Services will be held Tuesday afternoon at 1:30 at the Batchelor Brothers Funeral Home in Rochester. Burial will be in Oak Grove Cemetery.

Mr. Patton was born March 10, 1938, at Shippingport, a son of Edwin Guy Patton of Midland.

He had resided his lifetime in western Beaver County and worked as a dipper at the Armco Steel Co., in Ambridge. He

U.S. Ground Casualties Heavy

Big Stratoforts Hit Back At Troops In North Viet

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese troops which inflicted heavy casualties on a U.S. infantry company near the Cambodian border.

The giant Stratoforts, in one of three raids, hammered at North Vietnamese concentrations 16 miles northwest of the Plei Djereng U.S. Special Forces camp. This was near the area where an estimated 500 North Vietnamese regulars attacked a company — 178 men — of the U.S. 25th Infantry Division Sunday.

A U.S. spokesman said the infantry company suffered heavy casualties in the initial Communist assault of a battle that lasted 1½ hours. He said 26 North Vietnamese were killed.

Elsewhere, only small and sporadic skirmishes were reported as the ground war lapsed into a lull. Over North Viet Nam, bad weather limited U.S. air blows again Sunday.

American pilots flew only 71 bombing missions, well below the daily average. The strikes all were in the southern portion of North Viet Nam and five missions hit at Communist positions inside the demilitarized zone.

The battle around the Plei Djereng Green Beret camp, 230 miles north of Saigon, was one of three clashes Sunday involving U.S. 25th division troops.

In the first, a company of infantrymen engaged a platoon of North Vietnamese 18 miles west of Plei Djereng and reported killing eight in a 25-minute fire fight. Two hours later, the same company engaged an enemy battalion in the biggest encounter of the day.

The North Vietnamese broke contact only after the U.S. force brought up ground reinforcements and called in air strikes and heavy artillery barrages. Although the U.S. company took heavy casualties in the initial contact, a U.S. spokesman said over-all casualties for the full engagement were light.

In the third clash, lasting only five minutes, another company of the 25th reported killing five North Vietnamese 12 miles northwest of Plei Djereng. The company had no casualties, the U.S. spokesman said.

Units of the U.S. 1st Infantry Division reported capturing 27 Viet Cong Sunday in scattered skirmishes in War Zone C during Operation Attleboro.

While contact was light in this

Fourth Week Of Sheppard Trial Begins

CLEVELAND, Ohio (AP) — The second-degree murder retrial of Samuel H. Sheppard begins its fourth week today with growing indications that he may not take the witness stand as he did 12 years ago.

Defense attorney F. Lee Bailey hinted in early examination of prospective jurors that Sheppard might not testify.

Bailey has not confirmed it, but it is understood that defense planning does not presently include the 42-year-old former osteopath among the remaining witnesses.

Sheppard spent three days on the stand in 1954 telling his story of what happened July 4, 1954, when his first wife, Marilyn, was bludgeoned to death in the couple's lakefront home in suburban Bay Village.

The 1954 jury, composed of seven men and five women — as is the present one — convicted him of second-degree murder. He was sentenced to life-imprisonment and served nine years before he won a review of his case then U. S. Supreme Court reversal of the conviction.

Sheppard has maintained, as he did on the witness stand in 1954, that he was struck from behind and knocked unconscious when he tried to close in on the slayer.

30 Given Up As Dead In Crash Of Airliner

MATSUYAMA, Japan (AP) — Authorities gave up all hope today of finding any survivors of the crash of a Japanese-made airliner with 50 aboard into the sea Sunday night.

Six planes had searched the area in the hope some might have reached land, and 60 boats picked up 21 bodies. There were 45 passengers and five crew members on the propjet that went down during a rainstorm. Twenty-two of the victims were honeymooners.

It was the fourth major air crash in Japan this year and the second of an All-Nippon Airways plane. A total of 321 persons died in the other three.

Montana Trucker Seriously Hurt In Route 14 Mishap

Four persons were injured, one seriously, in eight accidents investigated over the weekend and early today by the Ohio Highway Patrol at Lisbon.

John Lawrence Trudel of Billings, Mont., a truck driver, was in "guarded" condition today at Aultman Hospital, Canton with injuries suffered when struck by a car while standing on Route 14 three and a half miles east of Route 7 Sunday at 2:36 a.m.

Officers said Trudel's truck was broken down and he was attempting to halt an eastbound truck when struck by a car operated by Larry J. Hood, 21, of Valencia, Pa.

Trudel was taken to Salem City Hospital and later transferred to Canton. He suffered a fractured right leg and other injuries.

Two Youngstown men were injured when their car went off Route 7 and over an embankment a tenth of a mile south of Rogers at 3:58 a. m. today.

Officers said Jack W. McKinley, 21, was northbound when he lost control and went off the left side of the highway. The car hit a tree after going over the embankment.

McKinley was treated at Salem City Hospital for abrasions of the knees and forehead, while his passenger, James Popio, 18, also of Youngstown, was admitted and is in "fair" condition with a possible concussion.

Mileta Samberson, daughter of Mr. and Mrs. Ralph Samberson of Fife Rd., Wellsville, was treated at City Hospital for a cut eyebrow suffered when a car driven by her mother, Mrs. Mary Jane Samberson, 31 went into a ditch along the old Brick Church Rd. near Hillcrest Saturday at 4:25 p. m.

Mrs. Samberson told officers she ditched the car to avoid colliding with an unidentified car that pulled into her path from a dirt road.

Richard Lee Martin, 22, of Lisbon R. D. 1 was cited for speeding after his car struck newspaper boxes and a mail box along County Rd. 410, seven miles north of Route 172, Sunday at 2:30 a. m. He was southbound when the car went off the right side, then off the left side, striking the receptacles, officers reported.

Four cars, two of them parked, were involved in an accident Sunday at 3:35 p. m. on Route 46, six miles south of Route 558.

Officers said a car operated by James G. McCowin, 21, of 698 Clark St., East Palestine, pulled from a stop sign onto Route 46 into the path of a car operated by Eleanor M. Smiley, 38, of Negley R. D. 1.

The woman ran her car off the right side of the highway to avoid a collision. McCowin swerved and struck two parked cars owned by Mildred Gorby, 17, of East Palestine R. D. 1

President At Capital

Johnson Surgery Due Wednesday

SAN ANTONIO, Tex. (AP) — President Johnson returns to the White House today, optimistic about the surgery he faces Wednesday and philosophical about Republican election gains.

"I don't think the country is going to the dogs" Johnson told a news conference Sunday in the modernistic municipal center at Fredericksburg, 15 miles west of his Texas ranch.

Johnson announced he will enter the Naval Medical Center at Bethesda, Md., late Tuesday and be operated on there early Wednesday. Doctors will remove a growth from his throat and repair a hernia along the incision from his 1965 gall bladder-kidney stone surgery.

Saying the twin operations "will take perhaps less than an hour," Johnson predicted he would remain in the hospital "a very few days," then return to Texas to spend much of the time until Congress reconvenes Jan. 10.

Republicans made bigger-than-expected congressional gains in last Tuesday's national election. But, after citing notable Republican support for administration measures in the past three years, the President concluded this did not mean the country was going to the dogs.

"I think that after an election, our mettle is tested," he said. "We have to look at our weaknesses and try to patch them up, try to develop our strengths."

He forecast a more united Democratic party and a strengthened GOP.

Johnson did indicate he would be very mindful of increased Republican strength in readying proposals for the 1967 Congress.

"I would anticipate we will be very careful in our preparation of our recomendations," he said, "and we will try to enlist the support of both parties. I don't anticipate any great trouble."

The President, meeting with newsmen after attending Sunday services at St. Barnabas Episcopal church in Fredericksburg, announced in a separate statement that Bethesda was selected for his surgery because it is a "central location for the many consultant doctors who are located in Minnesota, New York, Georgia and Washington."

He reminded reporters that he has a standing agreement with Vice President Hubert H. Humphrey that spells out procedures by which Humphrey could take

Wanted 'Headlines'

Youth, 18, Who Killed 5 Under Psychiatric Care

MESA, Ariz. (AP) — A quiet young man who felt nobody cared for him was under psychiatric care today, after the pistol killing of four women and a little girl because he "wanted to see the headlines with my name in them before I die."

Robert Benjamin Smith, 18, who told police his violent outburst Saturday morning in a local beauty college was inspired by recent mass killings in Chicago and Austin, Tex., remained in Maricopa County jail, scheduled for intensive psychiatric study and treatment before his Dec. 15 preliminary hearing on five counts of murder.

Mesa police continued to fill in missing pieces of the youth's bizarre explanation for the slaying of strangers. A justice of the peace hoped to impanel a coroner's jury today.

The dead were patrons or employes of the Rose-Mar College of Beauty, where Smith ordered five women and two children to lie in a circle on the floor, heads together, then walked around the circle, laughing and firing repeatedly with a .22 pistol at the backs of their heads.

Dead are Joyce Sellers, 27, a customer and the wife of an elder of the Church of Jesus Christ of Later-Day Saints (Mormon), the dominant religion in this city of 50,000; Deborah Sellers, 3, her daughter; Mary Margaret Olsen, 18, beauty colege student and fiance of Mrs. Sellers' brother-in-law; Glenda Carter, 18, also a student beautician; and Carol Farmer, 19, a customer and wife of an Air Force man stationed in Alaska.

The two survivors are Bonita Sue Harris, 18, a third student beautician, who suffered head and arm wounds, and Tamara Lynn Sellers, 3 - month - old

Gerald E. Mahon, 37, of Darlington R. D. 1.

Local Youth Killed As Car Hits Bridge

Young Welsh lost his life Saturday night when his car struck a bridge abutment along Route 168 near the entrance to the Duquesne Light Co. atomic power plant, sailed 38 feet through the air, rolled over and struck a tree.

Pennsylvania state police at Chippewa said Welsh was headed east about 11:40 p.m. when the 1962 coupe went off the road and hit the abutment.

The car hurtled into the air, landed on its roof, rolled over on its wheels and hit the tree.

Welsh was pronounced dead at Rochester General Hospital with a skull fracture, broken neck and crushed ribs.

Young Welsh was born here Feb. 3, 1947, a son of Joseph F. Welsh.

He was a laborer at the Midland Works of the Crucible Steel Co. and worked last on Friday. He was a member of St. Ann's Catholic Church.

He also is survived by three brothers, Raymond Welsh of Columbus, Rodney Welsh and Richard Welsh, both at home; the maternal grandmother, Mrs. Ethel Parsons, and the paternal grandmother, Mrs. Mary Welsh, both of Beaver Falls.

Services will be held Wednesday at 9:30 a. m. at the church by Fr. William Hohman. Burial will be in Columbiana County Memorial Park.

Friends may call at the Martin Funeral Home tonight and Tuesday night. The Rosary will be recited Tuesday at 8 p. m. at the funeral home.

Hancock Man, Son Are Killed In Crash

A 33-year-old New Cumberland man and his 3-year-old boy were killed Saturday in a head-on collision involving three vehicles south of New Cumberland at Kings Creek on West Virginia Route 2 about 5:30 p. m., state police reported.

Pronounced dead on arrival at Weirton General Hospital were Willis Reed and his son Billy.

Six other persons, all of the New Cumberland vicinity, were injured in the accident, termed the worst in Hancock County since 1949, when five lost their lives in a single mishap.

Maureen Z. Reed, also 29, wife of the driver; and the couple's other son, David, 2, are listed in "fair" condition at the hospital. Mrs. Reed suffering from shock and facial lacerations and the boy with a fractured arm and lacerations and contusions of the body.

School Case To Be Heard At Columbus

Concern In Salem Drops Mandamus Action In Lisbon

LISBON — The Riley Construction Co. of Salem this morning in Common Pleas Court dismissed its lawsuit against the East Liverpool Board of Education in order to get the case heard elsewhere without undue delay.

The Salem firm filed a mandamus action against the school board Nov. 3, claiming its bid of $780,000 for building the East and LaCroft Schools was the "most responsible" as required by law.

Modany Brothers of Smiths Ferry received the contract for the two buildings on a bid of $770,000. Riley claims the Modany bid was not accompanied by a valid bond.

Riley's suit included as party defendant Martin W. Essex, state superintendent of public instruction, since the contract was awarded with approval of state officials.

Essex was not present this morning but was represented by William H. Grubbs and Robert Zitko of the attorney general's office. They were here to speak on behalf of his motion to quash the summons on grounds Columbiana County Common Pleas Court has no jurisdiction over the superintendent of public instruction, whose office is in Columbus, and since the action complained of was taken in Franklin County.

Al Fitch of Salem, counsel for Riley Construction, finding that the attorney general's department would stand on the motion through appeal, if necessary, agreed to dismiss the case and proceed immediately to file it in Franklin County so it can be heard on its merits.

Not to have done so, he said, would have caused an "unconscionable delay — beyond anything fair or reasonable to the people of East Liverpool."

He said the attorney general's office assured him it will move to have the case set up at the earliest time possible.

Attending the session were Mrs. Nessie Dunlop, president of the Board of Education; Kathryn M. Liebschner, clerk-treasurer, of the board; Solicitor Joseph Cooper, counsel for the board; J. Russell Riley, president of the construction company, and Robert Beatty of East Liverpool, architect.

16-Hour Ordeal For Children

Father Of 4 Shoots Wife, Slays Self Near Monaca

Funeral services are scheduled Tuesday for a southern Beaver County husband and wife whose four children were left by themselves for 16 hours over the weekend after the father killed the mother then took his own life.

Authorities today continued investigation of the death of Paul Patton, 28, and his wife, Nellie Jane, 22, who were found in their two-story duplex along Route 18 Saturday night after neighbors summoned police because the children had been heard crying all day.

Dr. John Colavincenzo, Beaver County corner, termed the deaths a murder-suicide.

—:—

RACCOON Township Police Chief Ben Hysong and Beaver County Detective Stephen Mihalic said the four children — aged two months to 3½ — had been wandering unfed and crying in the family's half of the structure for 16 hours.

Patton, an employe of the Armco Steel Co. at Ambridge, had apparently shot his wife as she lay in bed about 1:15 a.m. Saturday, then went into the adjoining living room and shot himself in the head with a German deer rifle.

Officers said Patton had called a telephone operator about 1:11 a.m. and told her to tell Aliquippa police to get to the home fast. However, officers did not respond.

Aliquippa police said their information was that the home was at R. D. 2 which encompasses a large area and they advised Hopewell Township police of the telephone call. Hopewell officers said they knew of no such family and when they investigated an auto accident for Chief Hysong, asked him about the family.

Hysong said he had not heard of the family and today pointed out since the family resided in the area only four months was known by only a few in the district.

Mihalic said he believed Patton had shot his wife, then telephoned police.

He said Patton was originally from Shippingport, and had not completed high school. The couple had been married for more than five years.

Mihalic said investigation indicated they had financial worries and domestic problems, but had not been involved with law officials before.

Mrs. Elizabeth Richards, who lives in the other part of the duplex, telephoned police about 6 p.m., concerned about the children's crying. She had tried to get the oldest boy, Paul, 3½, to open the door, but he couldn't.

—:—

CHIEF HYSONG took Charles Caler, Raccoon Township supervisor, with him, and let himself in through a window. He found Patton dead on a couch in the living room and the mother dead in bed, with Maria, 1½, with her.

The baby, Donna Jean, was crying in a bassinet in a utility room. Paul and Arnold, 2, were wandering around the house.

Chief Hysong and Mihalic both termed the scene "the most ghastly" they had ever seen.

The children were taken to the home of their grandparents, Mr. and Mrs. Charles Heverley of Center Township, near Monaca.

A graduate of Monaca High School, Mrs. Patton had resided at Vanport for some time. She was a member of Jehovah's Witnesses.

Survivors include two sisters and two brothers.

Services will be held Tuesday afternoon at 1:30 at the Batchelor Brothers Funeral Home in Rochester. Burial will be in Oak Grove Cemetery.

Mr. Patton was born March 10, 1938, at Shippingport, a son of Edwin Guy Patton of Midland.

He had resided his lifetime in western Beaver County and worked as a dipper at the Armco Steel Co., in Ambridge. He

President At Capital

Johnson Surgery Due Wednesday

SAN ANTONIO, Tex. (AP) — President Johnson returns to the White House today, optimistic about the surgery he faces Wednesday and philosophical about Republican election gains.

"I don't think the country is going to the dogs" Johnson told a news conference Sunday in the modernistic municipal center at Fredericksburg, 15 miles west of his Texas ranch.

Johnson announced he will enter the Naval Medical Center at Bethesda, Md., late Tuesday and be operated on there early Wednesday. Doctors will remove a growth from his throat and repair a hernia along the incision from his 1965 gall bladder-kidney stone surgery.

Saying the twin operations "will take perhaps less than an hour," Johnson predicted he would remain in the hospital "a very few days," then return to Texas to spend much of the time until Congress reconvenes Jan. 10.

Republicans made bigger-than-expected congressional gains in last Tuesday's national election. But, after citing notable Republican support for administration measures in the past three years, the President concluded this did not mean the country was going to the dogs.

"I think that after an election, our mettle is tested," he said. "We have to look at our weaknesses and try to patch them up, try to develop our strengths."

He forecast a more united Democratic party and a strengthened GOP.

Johnson did indicate he would be very mindful of increased Republican strength in readying proposals for the 1967 Congress.

"I would anticipate we will be very careful in our preparation of our recomendations," he said, "and we will try to enlist the support of both parties. I don't anticipate any great trouble."

The President, meeting with newsmen after attending Sunday services at St. Barnabas Episcopal church in Fredericksburg, announced in a separate statement that Bethesda was selected for his surgery because it is a "central location for the many consultant doctors who are located in Minnesota, New York, Georgia and Washington."

He reminded reporters that he has a standing agreement with Vice President Hubert H. Humphrey that spells out procedures by which Humphrey could take

School Case To Be Heard At Columbus

Concern In Salem Drops Mandamus Action In Lisbon

LISBON —The Riley Construction Co. of Salem this morning in Common Pleas Court dismissed its lawsuit against the East Liverpool Board of Education in order to get the case heard elsewhere without undue delay.

The Salem firm filed a mandamus action against the school board Nov. 3, claiming its bid of $780,000 for building the East and LaCroft Schools was the "most responsible" as required by law.

Modany Brothers of Smiths Ferry received the contract for the two buildings on a bid of $770,000. Riley claims the Modany bid was not accompanied by a valid bond.

Riley's suit included as party defendant Martin W. Essex, state superintendent of public instruction, since the contract was awarded with approval of state officials.

Essex was not present this morning but was represented by William H. Grubbs and Robert Zitko of the attorney general's office. They were here to speak on behalf of his motion to quash the summons on grounds Columbiana County Common Pleas Court has no jurisdiction over the superintendent of public instruction, whose office is in Columbus, and since the action complained of was taken in Franklin County.

Al Fitch of Salem, counsel for Riley Construction, finding that the attorney general's department would stand on the motion through appeal, if necessary, agreed to dismiss the case and proceed immediately to file it in Franklin County so it can be heard on its merits.

Not to have done so, he said, would have caused an "unconscionable delay — beyond anything fair or reasonable to the people of East Liverpool."

He said the attorney general's office assured him it will move to have the case set up at the earliest time possible.

Attending the session were Mrs. Nessie Dunlop, president of the Board of Education; Kathryn M. Liebschner, clerk-treasurer, of the board; Solicitor Joseph Cooper, counsel for the board; J. Russell Riley, president of the construction company, and Robert Beatty of East Liverpool, architect.

U.S. Ground Casualties Heavy

Big Stratoforts Hit Back At Troops In North Viet

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese troops which inflicted heavy casualties on a U.S. infantry company near the Cambodian border.

The giant Stratoforts, in one of three raids, hammered at North Vietnamese concentrations 16 miles northwest of the Plei Djereng U.S. Special Forces camp. This was near the area where an estimated 500 North Vietnamese regulars attacked a company — 178 men — of the U.S. 25th Infantry Division Sunday.

A U.S. spokesman said the infantry company suffered heavy casualties in the initial Communist assault of a battle that lasted 1½ hours. He said 26 North Vietnamese were killed.

Elsewhere, only small and sporadic skirmishes were reported as the ground war lapsed into a lull. Over North Viet Nam, bad weather limited U.S. air blows again Sunday.

American pilots flew only 71 bombing missions, well below the daily average. The strikes all were in the southern portion of North Viet Nam and five missions hit at Communist positions inside the demilitarized zone.

The battle around the Plei Djereng Green Beret camp, 230 miles north of Saigon, was one of three clashes Sunday involving U.S. 25th division troops.

In the first, a company of infantrymen engaged a platoon of North Vietnamese 18 miles west of Plei Djereng and reported killing eight in a 25-minute fire fight. Two hours later, the same company engaged an enemy battalion in the biggest encounter of the day.

The North Vietnamese broke contact only after the U.S. force brought up ground reinforcements and called in air strikes and heavy artillery barrages. Although the U.S. company took heavy casualties in the initial contact, a U.S. spokesman said over-all casualties for the full engagement were light.

In the third clash, lasting only five minutes, another company of the 25th reported killing five North Vietnamese 12 miles northwest of Plei Djereng. The company had no casualties, the U.S. spokesman said.

Units of the U.S. 1st Infantry Division reported capturing 27 Viet Cong Sunday in scattered skirmishes in War Zone C during Operation Attleboro.

While contact was light in this

Fourth Week Of Sheppard Trial Begins

CLEVELAND, Ohio (AP) — The second-degree murder retrial of Samuel H. Sheppard begins its fourth week today with growing indications that he may not take the witness stand as he did 12 years ago.

Defense attorney F. Lee Bailey hinted in early examination of prospective jurors that Sheppard might not testify.

Bailey has not confirmed it, but it is understood that defense planning does not presently include the 42-year-old former osteopath among the remaining witnesses.

Sheppard spent three days on the stand in 1954 telling his story of what happened July 4, 1954, when his first wife, Marilyn, was bludgeoned to death in the couple's lakefront home in suburban Bay Village.

The 1954 jury, composed of seven men and five women — as is the present one — convicted him of second-degree murder. He was sentenced to life-imprisonment and served nine years before he won a review of his case then U. S. Supreme Court reversal of the conviction.

Sheppard has maintained, as he did on the witness stand in 1954, that he was struck from behind and knocked unconscious when he tried to close in on the slayer.

50 Given Up As Dead In Crash Of Airliner

MATSUYAMA, Japan (AP) — Authorities gave up all hope today of finding any survivors of the crash of a Japanese-made airliner with 50 aboard into the sea Sunday night.

Six planes had searched the area in the hope some might have reached land, and 60 boats picked up 21 bodies. There were 45 passengers and five crew members on the propjet that went down during a rainstorm. Twenty-two of the victims were honeymooners.

It was the fourth major air crash in Japan this year and the second of an All-Nippon Airways plane. A total of 321 persons died in the other three.

Wanted 'Headlines'

Youth, 18, Who Killed 5 Under Psychiatric Care

MESA, Ariz. (AP) — A quiet young man who felt nobody cared for him was under psychiatric care today, after the pistol killing of four women and a little girl because he "wanted to see the headlines with my name in them before I die."

Robert Benjamin Smith, 18, who told police his violent outburst Saturday morning in a local beauty college was inspired by recent mass killings in Chicago and Austin, Tex., remained in Maricopa County jail, scheduled for intensive psychiatric study and treatment before his Dec. 15 preliminary hearing on five counts of murder.

Mesa police continued to fill in missing pieces of the youth's bizarre explanation for the slaying of strangers. A justice of the peace hoped to impanel a coroner's jury today.

The dead were patrons or employes of the Rose-Mar College of Beauty, where Smith ordered five women and two children to lie in a circle on the floor, heads together, then walked around the circle, laughing and firing repeatedly with a .22 pistol at the backs of their heads.

Dead are Joyce Sellers, 27, a customer and the wife of an elder of the Church of Jesus Christ of Later-Day Saints (Mormon), the dominant religion in this city of 50,000; Deborah Sellers, 3, her daughter; Mary Margaret Olsen, 18, beauty colege student and fiance of Mrs. Sellers' brother-in-law; Glenda Carter, 18, also a student beautician; and Carol Farmer, 19, a customer and wife of an Air Force man stationed in Alaska.

The two survivors are Bonita Sue Harris, 18, a third student beautician, who suffered head and arm wounds, and Tamara Lynn Sellers, 3 - month - old

Goal Of $30,500 Set In Annual Seal Drive

Richard R. Emmerling, vice president of the First National Bank of East Liverpool, has been named chairman for Liverpool and St. Clair Townships in the annual Christmas Seal campaign beginning Tuesday.

Leo C. Lawrence of East Liverpool, president of the Columbiana County Public Health League, announced a countywide goal of $30,500. The Liverpool-St. Clair quota is $8,075.

Lawrence says the local campaign is the only source of revenue for the tuberculosis education and prevention activities of the association. The seal sale is part of the nationwide Christmas Seal campaign of 3,000 associations affiliated with the National Tuberculosis Association.

A total of 7,768 persons have stepped before the chest X-ray cameras in the Christmas Seal mobile unit since the first of the year, according to Lillian R. Schroeder, executive director of the league. She said chest X-rays find not only tuberculsis but tumors, emphsema, bronchitis and certain heart conditions.

The aim of the Christmas Seal association is to eradicate tuberculosis and to control emphysema and other respiratory diseases, Lawrence said. Each association through its volunteer board of directors plans its own program, but the overall goals are the same.

Tuberculosis associations are offering a respiratory disease booklet to the public in a nationwide advertising campaign. The ad offers the pamphlet, "Your Breathing Troubles," covering emphysema, bronchitis and asthma.

Miss Schroeder said volunteers play an important role in the tuberculosis movement. They serve on the mobile X-ray unit as clerks and hostesses, saving many Christmas Seal dollars. More than 35 women worked 200 hours preparing 25,000 letters for mailing to homes in Columbiana County.

Many teachers and students use the educational information available in the form of films, charts and leaflets.

Every Christmas Seal association supports research to find a vaccine for TB and better tests to identify those infected with TB germs.

Many persons screened in the Christmas Seal unit need repeat examinations and other tests in order to complete the diagnosis. Tuberculosis associations work with community agencies in order to make these services available to people.

Other township chairmen and quotas follow:

Butler and Knox — Mrs. Roy Thornton, $1,100; Fairfield — Mark Klingensmith, $3,145; Hanover — Mrs. John Lindesmith, $700; Lisbon area — C. R. McKenzie, $2,700; Middleton — Mrs. Shelen McCall, $425; Salem — DeErla Smith, $1,480; Unity — Lester E. Hart, $3,000, Washington — Thomas D. Rawlings, $525; West — Mrs. Donald H. Stafford, $400; Yellow Creek — Fred A. Huston, $2,200. City of Salem and Perry — D. L. Vincent, $6,750.

City Man Jailed After Salineville Beating Incident

A 21-year-old city man faces a hearing Tuesday at Salineville on an assault and battery charge filed by a teen-age girl whom he reportedly struck while looking for his wife at the girl's home Saturday night.

Robert Graham of 637 Youngs Alley was jailed Sunday morning at the Lisbon Village Jail in lieu of $100 bond on the charge filed by Mark Wolfe of Salineville on behalf of his daughter, Edna Louise Wolfe, 17.

Police Chief Bard Dietzel of Salineville said he was summoned to the Wolfe home about 6:35 p. m. Saturday after Graham apparently had entered the house looking for his wife, Mrs. Patty Wolfe Graham.

Graham told officers she was not at their East Liverpool home when he returned earlier and he went to Salineville looking for her.

Chief Dietzel said Mrs. Graham was with her parents, who were not at home at the time. The girl was struck and the telephone ripped from the wall, he said.

The girl was treated later at City Hospital, where she said she had been kicked on the left arm and struck in the face.

Dietzel, with the aid of East Liverpool officers, took Graham into custody at his home. He is due for a hearing Tuesday night before Mayor Stanley Fitch.

Time Bomb Kills 2 Aboard Tanker

SEATTLE, Wash. (AP) — A tanker, its captain and a motorman dead from a time bomb explosion, made its way up the Columbia River to Astoria, Ore., early today while a search was made for other bombs.

A Columbia River pilot taken aboard outside the mouth of the river reported another device resembling a bomb had been found in the master's cabin, and the crew thought there might be more aboard.

The 535-foot Liberian vessel, the Grand Integrity, was off the Oregon coast Sunday, headed to South Korea from Longview, Wash., when the bomb which killed the captain, Ho Lien-siu, and the motorman, Chiu Yungjye, exploded.

The Coast Guard said it had reports from the tanker that the bomb which killed the two men was found in the engine room and the captain had it carried on deck and was photographing it when it exploded.

Motorcyclist, 27, Jailed In Drunk Driving Charge

A 27-year-old East End man was sentenced to three days in County Jail and fined $200 and costs today in Municipal Court when he pleaded guilty to a charge of operating a motorcycle while under the influence of alcohol.

Judge Samuel M. Chertoff also ordered a 90-day suspension in the operator's permit of Edward McKinley of 955 Monaca St., who was cited Sunday at 1:20 a. m. on the East Liverpool-Wellsville Rd. by the State Highway Patrol.

Patrolman J. T. Garrison said in a report to the court he was operating a radar speed-timing device near the Wellsville city limits when he observed a northbound motorcycle which was "making excessive noise."

—:—

WHEN THE officer gave pursuit, he noted the motorcycle was "weaving from lane to lane and following another car very closely," he reported.

Five other motorists cited by city police and the patrol forfeited appearance bonds this morning.

Donald Meek of 338 Ohio Ave., Midland, forfeited a $57.50 bond on a reckless driving charge. He was cited Thursday at 3:35 p. m. on Pennsylvania Ave. at Elizabeth St. by Patrolman Samuel E. Hayes.

Viola E. Hicks of Wintersville forfeited a $17.50 bond on a charge of crashing a traffic signal at Pennsylvania Ave. and Boyce St. She was arrested at 3:48 a. m. today by Patrolman James Buckley.

Ronald Crouse of Toronto forfeited a $32.50 bond on a charge of failure to stop in the assured clear distance. He was arrested following a traffic mishap on the River Rd. early Sunday.

—:—

DELMAR WALKER of Morgantown, W. Va., cited by the patrol Saturday on a charge of speeding 60 miles an hour in a 45-mile zone, forfeited a $17.50 appearance bond.

Reginald Hughes of W. 9th St., arrested Thursday at 6:48 p. m. on Jefferson St., forfeited two $17.50 bonds. He was charged with crashing a traffic light at W. 8th and Lisbon Sts. and operating an auto with an improper muffler.

David R. McIntosh, 22, of E. 8th St. was ordered to pay the court costs in a charge of leaving the scene of an accident that dates back to Oct. 15.

McIntosh was cited after his car allegedly struck a parked auto owned by Bruce L. Blankenship of E. 3rd St. He pleaded guilty on Oct. 17. The court had continued the case for sentencing to permit McIntosh to arrange to settle for damages to Blankenship's car.

Wellsville Man Hospitalized In Newell Accident

Michael Ammon, 20, of 218 8th St., Wellsville, was admitted to City Hospital for X-rays and observation today following an auto collision at the intersection of 4th and Washington Sts. in Newell.

Apparently unconscious when taken to the hospital shortly after 6 a.m., he is listed in "fairly good" condition.

The Hancock County sheriff's department said the other auto involved was a 1965 model driven by Billie Marie Fisher, 51, of 301 Carolina Ave., East Liverpool, who was uninjured.

Ammon was driving a 1959 model auto. Light damage was reported to both vehicles.

The investigation by the sheriff's department continues.

Judge Resumes Duty Following Convention

Judge Samuel M. Chertoff returned to the bench in Municipal Court today following an absence of two weeks in which he attended the annual convention of the North American Judges Association in Colorado Springs.

Judge Chertoff concluded a year's service as president of the international organization, relinquishing the gavel to Judge E. B. Kidd of Oklahoma City. He was presented with an engraved gold watch by the NAJA Board of Governors.

The judge presided at a luncheon at which the honored guests were NORAD officers and the staff at the nearby Air Force Academy, including Cadet Robert Gilmore, son of Dr. and Mrs. William L. Gilmore of Manor Ln. The judges also toured the NORAD headquarters inside Cheyenne Mountain.

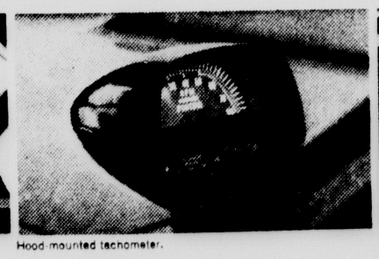
What happened to the windshield wipers?

Grand Prix's monogrammed window.



Hood-mounted tachometer.

Stereo tape player.

And we love our work. So much so that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.)

We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system.

We even designed a rather unique hood-mounted tachometer option that's available on all Pontiacs. As are our other bright new options like our eight-track stereo tape player and AM-FM Stereo-Multiplex radio. And, of course, our handsome interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rearview mirror, and GM's energy absorbing steering column.

Goal Of $30,500 Set In Annual Seal Drive

Richard R. Emmerling, vice president of the First National Bank of East Liverpool, has been named chairman for Liverpool and St. Clair Townships in the annual Christmas Seal campaign beginning Tuesday.

Leo C. Lawrence of East Liverpool, president of the Columbiana County Public Health League, announced a countywide goal of $30,500. The Liverpool-St. Clair quota is $8,075.

Lawrence says the local campaign is the only source of revenue for the tuberculosis education and prevention activities of the association. The seal sale is part of the nationwide Christmas Seal campaign of 3,000 associations affiliated with the National Tuberculosis Association.

A total of 7,768 persons have stepped before the chest X-ray cameras in the Christmas Seal mobile unit since the first of the year, according to Lillian R. Schroeder, executive director of the league. She said chest X-rays find not only tuberculsis but tumors, emphsema, bronchitis and certain heart conditions.

The aim of the Christmas Seal association is to eradicate tuberculosis and to control emphysema and other respiratory diseases, Lawrence said. Each association through its volunteer board of directors plans its own program, but the overall goals are the same.

Tuberculosis associations are offering a respiratory disease booklet to the public in a nationwide advertising campaign. The ad offers the pamphlet, "Your Breathing Troubles," covering emphysema, bronchitis and asthma.

Miss Schroeder said volunteers play an important role in the tuberculosis movement. They serve on the mobile X-ray unit as clerks and hostesses, saving many Christmas Seal dollars. More than 35 women worked 200 hours preparing 25,000 letters for mailing to homes in Columbiana County.

Many teachers and students use the educational information available in the form of films, charts and leaflets.

Every Christmas Seal association supports research to find a vaccine for TB and better tests to identify those infected with TB germs.

Many persons screened in the Christmas Seal unit need repeat examinations and other tests in order to complete the diagnosis. Tuberculosis associations work with community agencies in order to make these services available to people.

Other township chairmen and quotas follow:

Butler and Knox — Mrs. Roy Thornton, $1,100; Fairfield — Mark Klingensmith, $3,145; Hanover — Mrs. John Lindesmith, $700; Lisbon area — C. R. McKenzie, $2,700; Middleton — Mrs. Shelen McCall, $425; Salem — DeErla Smith, $1,480; Unity — Lester E. Hart, $3,000; Washington — Thomas D. Rawlings, $525; West — Mrs. Donald H. Stafford, $400; Yellow Creek — Fred A. Huston, $2,200. City of Salem and Perry — D. L. Vincent, $6,750.

City Man Jailed After Salineville Beating Incident

A 21-year-old city man faces a hearing Tuesday at Salineville on an assault and battery charge filed by a teen-age girl whom he reportedly struck while looking for his wife at the girl's home Saturday night.

Robert Graham of 637 Youngs Alley was jailed Sunday morning at the Lisbon Village Jail in lieu of $100 bond on the charge filed by Mark Wolfe of Salineville on behalf of his daughter, Edna Louise Wolfe, 17.

Police Chief Bard Dietzel of Salineville said he was summoned to the Wolfe home about 6:35 p. m. Saturday after Graham apparently had entered the house looking for his wife, Mrs. Patty Wolfe Graham.

Graham told officers she was not at their East Liverpool home when he returned earlier and he went to Salineville looking for her.

Chief Dietzel said Mrs. Graham was with her parents, who were not at home at the time. The girl was struck and the telephone ripped from the wall, he said.

The girl was treated later at City Hospital, where she said she had been kicked on the left arm and struck in the face.

Dietzel, with the aid of East Liverpool officers, took Graham into custody at his home. He is due for a hearing Tuesday night before Mayor Stanley Fitch.

Time Bomb Kills 2 Aboard Tanker

SEATTLE, Wash. (AP) — A tanker, its captain and a motorman dead from a time bomb explosion, made its way up the Columbia River to Astoria, Ore., early today while a search was made for other bombs.

A Columbia River pilot taken aboard outside the mouth of the river reported another device resembling a bomb had been found in the master's cabin, and the crew thought there might be more aboard.

The 535-foot Liberian vessel, the Grand Integrity, was off the Oregon coast Sunday, headed to South Korea from Longview, Wash., when the bomb which killed the captain, Ho Lien-siu, and the motorman, Chiu Yungjye, exploded.

The Coast Guard said it had reports from the tanker that the bomb which killed the two men was found in the engine room and the captain had it carried on deck and was photographing it when it exploded.

Motorcyclist, 27, Jailed In Drunk Driving Charge

A 27-year-old East End man was sentenced to three days in County Jail and fined $200 and costs today in Municipal Court when he pleaded guilty to a charge of operating a motorcycle while under the influence of alcohol.

Judge Samuel M. Chertoff also ordered a 90-day suspension in the operator's permit of Edward McKinley of 955 Monaca St., who was cited Sunday at 1:20 a. m. on the East Liverpool-Wellsville Rd. by the State Highway Patrol.

Patrolman J. T. Garrison said in a report to the court he was operating a radar speed-timing device near the Wellsville city limits when he observed a northbound motorcycle which was "making excessive noise."

—:—

WHEN THE officer gave pursuit, he noted the motorcycle was "weaving from lane to lane and following another car very closely," he reported.

Five other motorists cited by city police and the patrol forfeited appearance bonds this morning.

Donald Meek of 338 Ohio Ave., Midland, forfeited a $57.50 bond on a reckless driving charge. He was cited Thursday at 3:35 p. m. on Pennsylvania Ave. at Elizabeth St. by Patrolman Samuel E. Hayes.

Viola E. Hicks of Wintersville forfeited a $17.50 bond on a charge of crashing a traffic signal at Pennsylvania Ave. and Boyce St. She was arrested at 3:48 a. m. today by Patrolman James Buckley.

Ronald Crouse of Toronto forfeited a $32.50 bond on a charge of failure to stop in the assured clear distance. He was arrested following a traffic mishap on the River Rd. early Sunday.

—:—

DELMAR WALKER of Morgantown, W. Va., cited by the patrol Saturday on a charge of speeding 60 miles an hour in a 45-mile zone, forfeited a $17.50 appearance bond.

Reginald Hughes of W. 9th St., arrested Thursday at 6:48 p. m. on Jefferson St., forfeited two $17.50 bonds. He was charged with crashing a traffic light at W. 8th and Lisbon Sts. and operating an auto with an improper muffler.

David R. McIntosh, 22, of E. 8th St. was ordered to pay the court costs in a charge of leaving the scene of an accident that dates back to Oct. 15.

McIntosh was cited after his car allegedly struck a parked auto owned by Bruce L. Blankenship of E. 3rd St. He pleaded guilty on Oct. 17. The court had continued the case for sentencing to permit McIntosh to arrange to settle for damages to Blankenship's car.

Wellsville Man Hospitalized In Newell Accident

Michael Ammon, 20, of 218 8th St., Wellsville, was admitted to City Hospital for X-rays and observation today following an auto collision at the intersection of 4th and Washington Sts. in Newell.

Apparently unconscious when taken to the hospital shortly after 6 a.m., he is listed in "fairly good" condition.

The Hancock County sheriff's department said the other auto involved was a 1965 model driven by Billie Marie Fisher, 51, of 301 Carolina Ave., East Liverpool, who was uninjured.

Ammon was driving a 1959 model auto. Light damage was reported to both vehicles.

The investigation by the sheriff's department continues.

Judge Resumes Duty Following Convention

Judge Samuel M. Chertoff returned to the bench in Municipal Court today following an absence of two weeks in which he attended the annual convention of the North American Judges Association in Colorado Springs.

Judge Chertoff concluded a year's service as president of the international organization, relinquishing the gavel to Judge E. B. Kidd of Oklahoma City. He was presented with an engraved gold watch by the NAJA Board of Governors.

The judge presided at a luncheon at which the honored guests were NORAD officers and the staff at the nearby Air Force Academy, including Cadet Robert Gilmore, son of Dr. and Mrs. William L. Gilmore of Manor Ln. The judges also toured the NORAD headquarters inside Cheyenne Mountain.

Presidential Disability

President Johnson's forthcoming surgery, like every potentially dangerous experience undergone by a chief executive, raises again the question of what happens in case of presidential disability.

The ominous possibility in this instance is that polyp in the presidential throat. But the ominous possibility of long-term presidential disability has existed ever since President Woodrow Wilson was unable to perform the duties of the office.

The proposed 25th amendment covers every eventuality of presidential disability. But it has not been ratified. All that stands between the United States and a repetition of the Woodrow Wilson episode, when the nation lacked a president and no one seemed inclined to try to do anything about it, is a standing agreement between Mr. Johnson and Vice President Humphrey like the agreement between President Eisenhower and Vice President Nixon, President Wilson and Vice President Marshall would not have dreamed of such an agreement.

By virtue of this type of agreement, however, the vice president can perform presidential duties without being president in fact. The arrangement is personal, not constitutional.

The same type of arrangement is provided in the proposed constitutional amendment. It would enable the vice president to become acting president, pending the return of the chief executive to his office.

The intent is to make certain the United States does not lose executive authority through the disability of a president. Until the amendment is ratified, the intent must be carried out through personal arrangements.

Party Time

By James Marlow

WASHINGTON

Michigan Gov. George Romney, unwilling to say yet whether he will try for the Republican presidential nomination in 1968, has put his finger on his party's dilemma in these next two years.

Romney, fresh from his third-term victory in last Tuesday's elections, Sunday on NBC's 'Meet the Press" panel explained what he thinks the Republicans need to do to win the White House in 1968.

"Well,' he said, "I think it is going to take demonstrations on the part of the Republican party that they are the party of promise and they are the party that can solve the problems of this nation better than the people now in control of the national administration."

In other words, they will have to stand for something imaginative and constructive. For years they have been the "against" party, never better illustrated than in the 1964 presidential election year.

THE REPUBLICANS, under right-wing control, suffered a colossal diaster and their presidential candidate, Sen. Barry Goldwater, was trounced by Lyndon B. Johnson.

But that was the same fate they had met in every presidential election since 1932, except for the two victories of Dwight D. Eisenhower of 1952 and 1956. Yet, his victory was a vote for the man, not for the party, as the voters demonstrated.

In 1952 they gave Eisenhower a Republican-controlled Congress to work with. Two years of that were enough. In 1954 the Democrats regained control. In 1956 voters, again repudiating the Republicans as a national party, elected Eisenhower for a second time but gave the Democrats a majority in Congress.

Nationally, last Tuesday's elections were a continuation of this voters' attitude although much has been made of the fact that the Republicans did better than expected.

They regained 47 House seats, giving them a total of 187, but the Democrats still run the show with a total of 248. Yet, all 435 House seats were at stake.

In the Senate the Republicans gained three seats, for a total of 33, while the Democrats, with 67, run the show. So much nationally. On the state level, capturing eight governorships, for a total of 25.

But what the Republican party — as a national party — stands for is hard to say. They're still divided between intense conservatives, moderates, and liberals. One illustration has been provided in a hurry.

GOLDWATER also appeared Sunday on television, on ABC's "Issues and Answers," and was pretty cool about the idea Romney might head the party in 1968.

But in the states there is a lot of division among Democrats, too, and if any single weakness in the party seemed to be revealed by Democratic setbacks last Tuesday it was this:

President Johnson is a political master in organizing his immediate area, but only one with which he is familiar: Congress, where he spent 23 years, his own immediate staff and department heads.

Long before the elections, for whatever his reason, he had reduced to a shambles the one Democratic organization whose job is to take care of election and campaign details, the Democratic National Committee. Politically, for Johnson, this showed a poor sense of Democratic needs nationally, not just locally.

In contrast, Ray C. Bliss, chairman of the Republican National Committee, brought in to help reorganize his party after the 1964 debacle, apparently did a fine job taking care of details.

Cotton Corners

By Truman Twill

Have you ever wondered what it would be like to have an absence of fear?

I think about this often, usually in connection with politics, but sometimes in connection with other things like vitamins and the texture of my skin.

We spend a lot of time being afraid of things that never are going to happen. Politicians, among others, play on our fears to a fare-thee-well.

They are always promising to save us from something we're afraid of.

If nothing comes to mind readily, they invent something.

Right now, they are telling us we must be afraid of inflation.

Boo!

These are the same fellows who formerly told me I must be afraid of deflation. They had better make up their minds. I cannot be afraid of both.

Things always are going up or down. There is no such thing as standing still. I know this. They know this. Everybody knows this.

I don't hear much about it lately, but awhile back they were telling us we must be afraid of Communists getting to Peoria because if they got that far they'd be marching down our street next thing we know.

I've been hearing ever since we saved the world for democracy in 1918 that I must be afraid of national bankruptcy. I remember how A. Mitchell Palmer, the intrepid sleuth, had this country in a tizzy over the Red scare in the '20s. Our Washington saviors have been saving us from that menace ever since.

But did they save us? I leave the answer to you.

Have they saved us from big government, deficits, deflation, inflation, corruption, segregation, desegregation, violence in the streets, violence everywhere else?

You tell me.

I make a game of guessing what they'll save us from after they've saved us from the Yellow Peril, which they saved us from once before, incidentally.

What are we going to be afraid of next?

What are other people on this earth going to be afraid of next, bearing in mind they're most afraid at this moment of another world war being instigated by the United States?

So much for fear.

I'm most afraid of people everlastingly saving us from things we're afraid of. Those people have a vested interest in fear, it seems to me.

The Road Back

It Could Happen

By Art Buchwald

WASHINGTON

They said in 1966 it could never happen—but they didn't reckon with the ability of the pollsters and the sophistication of the computers. In the year 1972 polling methods had become so scientific that by interviewing one man in Billings, Mont., and one women in Charlotte, N.C., they were able to predict the presidential results in all the 50 states.

Art Buchwald

Once the results of the polls were in, everyone voted according to the pollsters' predictions and election day had little interest for anybody except the department store officials who held slashing clearances so the Thanksgiving Day sales could begin.

By 1976 it wasn't even necessary to go out to vote. All you had to do was phone in your ballot. And by 1980 the polls were so accurate that it was decided not to have any election at all. The results of the three major political polls were turned over in sealed envelopes to a Price Waterhouse vice president who announced the winners at the end of the Miss America Teen-ager TV Contest.

IT WAS IN 1984 that the trouble started. Pollster Lou Harris went out to talk to his one interview, a man in Joliet, Ill.

"How are you going to vote?" he asked the man.

"Communist."

Startled, Harris asked the question again.

"I'm going to vote the straight Communist ticket."

"Harris rushed off to interview a woman in Albuquerque, N.M.

He asked her the same question.

She replied, "I'm going to vote Communist. I think we should have a Communist government."

Shaken, Harris put the results through the computer and discovered, if his survey was correct, that 250 million American people would vote Communist in the 1984 election.

He called up George Gallop to check the results of the Gallup Poll. Gallup replied, "You won't believe this, but on the basis of my two interviews, a Communist is going to win in 1984."

They rushed over to Oliver Quayle, who was checking and rechecking his figures. "No matter how I do it, it still comes out Communist."

The three men decided to go see the heads of the Democratic and Republican parties and discuss it with them.

They were horrified. "Are you sure you're right?" the pollsters were asked.

"Of course, we're right! We talked to six people and on the basis of our voters projections the Communists will win by a landslide."

"I think we better talk to the President about this."

PRESIDENT George Hamilton was called from the White House screening room and told the news. He immediately put in a call to J. Edgar Hoover, who, at the age of 88, was still the head of the FBI.

All the material was turned over to Hoover and his men.

In a week he made his report to the President.

"The six people interviewed by Harris, Gallop and Quayle were all part of a Soviet spy ring. Somehow the Russians found out who the pollsters were going to interview and planted their own people there. Since they knew the pollsters' word was final, they were sure they could get away with it.

When the news was announced Congress was called in special session and passed a law that all candidates for public office would have to be elected by the people and the results of polls would no longer be sufficient to elect a president of the United States.

On the same day a strong note was delivered to the Soviet Embassy complaining that the Russians had interfered in our elections, and President Hamilton asked J. Edgar Hoover to stay on for another eight years.

Letters To The Editor

EDITOR OF THE REVIEW:

The people have spoken in no uncertain terms in our national election.

You cannot attribute the swing back to anything but the Democrat majority in both houses legislating and supporting Johnson's dream of a "Great Society" and a grand utopia for everyone.

The voters have said in substance we do not want a dictatorship. What we do want is that our nation under the blessings of Heaven may continue to have a government "of the people, by the people, for the people" and "that it shall not perish from this earth."

J. GEORGE TORRENCE

Chester

EDITOR OF THE REVIEW:

Chester city officials and the Chester firemen want to express their deep apreciation for the assistance rendered by district firemen, Civil Defense workers, volunteers, Salvation Army, police and others during the Nickles Bakery fire Wednesday and Thursday morning.

All involved worked hard and skillfully to help contain the blaze and to prevent further injury and damage at the risk of their own safety and convenience.

MAYOR BURTON WARD
Chester

EDITOR OF THE REVIEW:

We wish to express our profound thanks to all of the volunteer fire departments which responded to the call for aid during the fire at Nickles Bakery in Chester.

Because of the well-organized direction and the ability and courage of all the firemen, who gave their best without regard to personal danger, we feel that even greater losses were averted.

We feel that we speak for all of the residents of the immediate area when we offer our deep appreciation and thanks to all the firemen, the Arner Funeral Home for ambulance services, the Salvation Army for their usual "helping hand" and all others who worked through the night.

It is comforting to know that there are still people who care about others, their property and their lives.

Odd Facts

The sharpness of one's hearing, according to recent studies, depends upon the time of day. The average person's hearing is keenest about 7 a.m. and dullest about 1 p.m. After a meal, or after a good amount of heavy exercise, a person's hearing efficiency usually declines.

The first U.S. census taken in 1790 showed that Virginia was at that time the most populous state, with 747,610 inhabitants. Next in line were North Carolina, Massachusetts and New York.

The word "tabloid" originally was coined by an English firm and was applied to a preparation of drugs in a concentrated and condensed form. Although term is a copyrighted trademark of that particular firm, it is now widely used to designate anything concise or condensed, as a "tabloid newspaper."

LBJ Has It On Viet Nam

In capitals all over the world, particularly in foreign offices, experts are analyzing election results in the United States, trying to determine what impact the voting for Congress may have on policy with respect to the Viet Nam war.

Familiar as most governments are with the importance of an election involving members of a national legislature, many officials do not realize an American president retains all of his power irrespective of what majority is held in Congress by his own or a rival party.

Thus, President Eisenhower served six out of his eight years with the opposition party in control of both houses.

The big majority given president Johnson when he was elected in 1964 was in the nature of a landslide.

It is natural for the incumbent party to lose seats in an election held in the mid-term of a president. Observers in Europe and Asia accustomed to parliamentary systems will construe reduction in the Democratic party's majority as a trend toward "a vote of lack of confidence." This appraisal does not take into account domestic issues which could also have brought about a smaller margin.

SENTIMENT in the United States on the Viet Nam war can hardly be measured by examining election results this week. Many Republicans during the campaign endorsed the administration's policy in Viet Nam, and there were some in the President's own party who disagreed with it.

Unquestionably, a majority of the people feel that when the United States is at war the fullest support should be given to a president in the conduct of military operations.

The Viet Nam war has produced considerable controversy, but there is only a small minority of the voters who would favor retreat or surrender.

Most people in America believe the President is seeking an honorable peace and should continue the war until this is achieved.

Foreign governments, therefore, would be making a mistake to construe the election result as in any way a repudiation of the President's policies.

Chances are that now the President will feel free to make a concentrated effort to settle the war or else to intensify military activity in the hope of forcing the enemy to the peacetable.

Certainly with the election out of the way, the administration has a more flexible hand, and it will not hesitate to take the course which most Americans are demanding—an attainment of the main objectives so South Viet Nam will not be again the victim of aggression.

The United States will insist upon an international guarantee that if its troops are withdrawn there will be no repetition of invasion or infiltration by the Communists.

It would not be surprising if mediation efforts by foreign governments would become more pronounced.

COMMUNISTS know the United States does not intend to do anything that might cause it to lose prestige throughout the world. A settlement has to be achieved that protects South Viet Nam and makes possible a withdrawal of troops by the United States. There is a difference of opinion as to what kind of guarantees can be given.

While the Korean situation has never been entirely solved, peace has been maintained through the auspices of the United Nations. It would not be surprising if a similar mechanism were agreed upon to settle the Viet Nam war.

With political campaigning in recess for another two years, the President now can make plans either for a peace conference or for an escalated war in Viet Nam. The decision turns on what Communists decide about entering into peace negotiations. The American people will be behind their president even if there ensues a prolonged war.

Presidential Disability

President Johnson's forthcoming surgery, like every potentially dangerous experience undergone by a chief executive, raises again the question of what happens in case of presidential disability.

The ominous possibility in this instance is that polyp in the presidential throat. But the ominous possibility of long-term presidential disability has existed ever since President Woodrow Wilson was unable to perform the duties of the office.

The proposed 25th amendment covers every eventuality of presidential disability. But it has not been ratified. All that stands between the United States and a repetition of the Woodrow Wilson episode, when the nation lacked a president and no one seemed inclined to try to do anything about it, is a standing agreement between Mr. Johnson and Vice President Humphrey like the agreement between President Eisenhower and Vice President Nixon. President Wilson and Vice President Marshall would not have dreamed of such an agreement.

By virtue of this type of agreement, however, the vice president can perform presidential duties without being president in fact. The arrangement is personal, not constitutional.

The same type of arrangement is provided in the proposed constitutional amendment. It would enable the vice president to become acting president, pending the return of the chief executive to his office.

The intent is to make certain the United States does not lose executive authority through the disability of a president. Until the amendment is ratified, the intent must be carried out through personal arrangements.

Party Time

By James Marlow

WASHINGTON

Michigan Gov. George Romney, unwilling to say yet whether he will try for the Republican presidential nomination in 1968, has put his finger on his party's dilemma in these next two years.

Romney, fresh from his third-term victory in last Tuesday's elections, Sunday on NBC's 'Meet the Press" panel explained what he thinks the Republicans need to do to win the White House in 1968.

"Well," he said, "I think it is going to take demonstrations on the part of the Republican party that they are the party of promise and they are the party that can solve the problems of this nation better than the people now in control of the national administration."

In other words, they will have to stand for something imaginative and constructive. For years they have been the "against" party, never better illustrated than in the 1964 presidential election year.

THE REPUBLICANS, under right-wing control, suffered a colossal diaster and their presidential candidate, Sen. Barry Goldwater, was trounced by Lyndon B. Johnson.

But that was the same fate they had met in every presidential election since 1932, except for the two victories of Dwight D. Eisenhower of 1952 and 1956. Yet, his victory was a vote for the man, not for the party, as the voters demonstrated.

In 1952 they gave Eisenhower a Republican-controlled Congress to work with. Two years of that were enough. In 1954 the Democrats regained control. In 1956 voters, again repudiating the Republicans as a national party, elected Eisenhower for a second time but gave the Democrats a majority in Congress.

Nationally, last Tuesday's elections were a continuation of this voters' attitude although much has been made of the fact that the Republicans did better than expected.

They regained 47 House seats, giving them a total of 187, but the Democrats still run the show with a total of 248. Yet, all 435 House seats were at stake.

In the Senate the Republicans gained three seats, for a total of 33, while the Democrats, with 67, run the show. So much nationally. On the state level, capturing eight governorships, for a total of 25.

But what the Republican party — as a national party — stands for is hard to say. They're still divided between intense conservatives, moderates, and liberals. One illustration has been provided in a hurry.

GOLDWATER also appeared Sunday on television, on ABC's "Issues and Answers," and was pretty cool about the idea Romney might head the party in 1968.

But in the states there is a lot of division among Democrats, too, and if any single weakness in the party seemed to be revealed by Democratic setbacks last Tuesday it was this:

President Johnson is a political master in organizing his immediate area, but only one with which he is familiar: Congress, where he spent 23 years, his own immediate staff and department heads.

Long before the elections, for whatever his reason, he had reduced to a shambles the one Democratic organization whose job is to take care of election and campaign details, the Democratic National Committee. Politically, for Johnson, this showed a poor sense of Democratic needs nationally, not just locally.

In contrast, Ray C. Bliss, chairman of the Republican National Committee brought in to help reorganize his party after the 1964 debacle, apparently did a fine job taking care of details.

Cotton Corners

By Truman Twill

Have you ever wondered what it would be like to have an absence of fear?

I think about this often, usually in connection with politics, but sometimes in connection with other things like vitamins and the texture of my skin.

We spend a lot of time being afraid of things that never are going to happen. Politicians, among others, play on our fears to a fare-thee-well.

They are always promising to save us from something we're afraid of.

If nothing comes to mind readily, they invent something.

Right now, they are telling us we must be afraid of inflation.

Boo!

These are the same fellows who formerly told me I must be afraid of deflation. They had better make up their minds. I cannot be afraid of both.

Things always are going up or down. There is no such thing as standing still. I know this. They know this. Everybody knows this.

I don't hear much about it lately, but awhile back they were telling us we must be afraid of Communists getting to Peoria because if they got that far they'd be marching down our street next thing we know.

I've been hearing ever since we saved the world for democracy in 1918 that I must be afraid of national bankruptcy. I remember how A. Mitchell Palmer, the intrepid sleuth, had this country in a tizzy over the Red scare in the '20s. Our Washington saviors have been saving us from that menace ever since.

But did they save us? I leave the answer to you.

Have they saved us from big government, deficits, deflation, inflation, corruption, segregation, desegregation, violence in the streets, violence everywhere else?

You tell me.

I make a game of guessing what they'll save us from after they've saved us from the Yellow Peril, which they saved us from once before, incidentally.

What are we going to be afraid of next?

What are other people on this earth going to be afraid of next, bearing in mind they're most afraid at this moment of another world war being instigated by the United States?

So much for fear.

I'm most afraid of people everlastingly saving us from things we're afraid of. Those people have a vested interest in fear, it seems to me.

The Road Back

It Could Happen

By Art Buchwald

WASHINGTON

They said in 1966 it could never happen—but they didn't reckon with the ability of the pollsters and the sophistication of the computers. In the year 1972 polling methods had become so scientific that by interviewing one man in Billings, Mont., and one women in Charlotte, N.C., they were able to predict the presidential results in all the 50 states.

Art Buchwald

Once the results of the polls were in, everyone voted according to the pollsters' predictions and election day had little interest for anybody except the department store officials who held slashing clearances so the Thanksgiving Day sales could begin.

By 1976 it wasn't even necessary to go out to vote. All you had to do was phone in your ballot. And by 1980 the polls were so accurate that it was decided not to have any election at all. The results of the three major political polls were turned over in sealed envelopes to a Price Waterhouse vice president who announced the winners at the end of the Miss America Teen-ager TV Contest.

IT WAS IN 1984 that the trouble started. Pollster Lou Harris went out to talk to his one interview, a man in Joliet, Ill.

"How are you going to vote?" he asked the man.

"Communist."

Startled, Harris asked the question again.

"I'm going to vote the straight Communist ticket."

"Harris rushed off to interview a woman in Albuquerque, N.M.

He asked her the same question.

She replied, "I'm going to vote Communist. I think we should have a Communist government."

Shaken, Harris put the results through the computer and discovered, if his survey was correct, that 250 million American people would vote Communist in the 1984 election.

He called up George Gallop to check the results of the Gallup Poll. Gallup replied, "You won't believe this, but on the basis of my two interviews, a Communist is going to win in 1984."

They rushed over to Oliver Quayle, who was checking and rechecking his figures. "No matter how I do it, it still comes out Communist."

The three men decided to go see the heads of the Democratic and Republican parties and discuss it with them.

They were horrified. "Are you sure you're right?" the pollsters were asked.

"Of course, we're right! We talked to six people and on the basis of our voters projections the Communists will win by a landslide."

"I think we better talk to the President about this."

PRESIDENT George Hamilton was called from the White House screening room and told the news. He immediately put in a call to J. Edgar Hoover, who, at the age of 88, was still the head of the FBI.

All the material was turned over to Hoover and his men.

In a week he made his report to the President.

"The six people interviewed by Harris, Gallop and Quayle were all part of a Soviet spy ring. Somehow the Russians found out who the pollsters were going to interview and planted their own people there. Since they knew the pollsters' word was final, they were sure they could get away with it.

When the news was announced Congress was called in special session and passed a law that all candidates for public office would have to be elected by the people and the results of polls would no longer be sufficient to elect a president of the United States.

On the same day a strong note was delivered to the Soviet Embassy complaining that the Russians had interfered in our elections, and President Hamilton asked J. Edgar Hoover to stay on for another eight years.

Letters To The Editor

EDITOR OF THE REVIEW:

The people have spoken in no uncertain terms in our national election.

You cannot attribute the swing back to anything but the Democrat majority in both houses legislating and supporting Johnson's dream of a "Great Society" and a grand utopia for everyone.

The voters have said in substance we do not want a dictatorship. What we do want is that our nation under the blessings of Heaven may continue to have a government "of the people, by the people, for the people" and "that it shall not perish from this earth."

J. GEORGE TORRENCE

EDITOR OF THE REVIEW:

Chester city officials and the Chester firemen want to express their deep apreciation for the assistance rendered by district firemen, Civil Defense workers, volunteers, Salvation Army, police and others during the Nickles Bakery fire Wednesday and Thursday morning.

All involved worked hard and skillfully to help contain the blaze and to prevent further injury and damage at the risk of their own safety and convenience.

MAYOR BURTON WARD
Chester

EDITOR OF THE REVIEW:

We wish to express our profound thanks to all of the volunteer fire departments which responded to the call for aid during the fire at Nickles Bakery in Chester.

Because of the well-organized direction and the ability and courage of all the firemen, who gave their best without regard to personal danger, we feel that even greater losses were averted.

We feel that we speak for all of the residents of the immediate area when we offer our deep appreciation and thanks to all the firemen, the Arner Funeral Home for ambulance services, the Salvation Army for their usual "helping hand" and all others who worked through the night.

It is comforting to know that there are still people who care about others, their property and their lives.

Israeli Units Hurl Blows At Jordanians

TEL AVIV, Israel (AP) — Israeli forces attacked three Jordanian villages and clashed sharply with Jordanian ground and air forces Sunday in a raid retaliating against guerrila attacks from Israel's Arab neighbors. Shooting also erupted again across the Israeli-Syrian border.

Both Jordan and Israel claimed they inflicted heavy losses.

U.N. observers obtained a cease-fire about four hours after the tank-led Israeli forces swept two miles across Jordan's border. The Israeli troops withdrew. Firing across the Syrian border ended about 6:30 p.m.

Premier Levi Eshkol of Israel said the attack was a "warning raid" against Jordanian centers he charged were used by "El Fatah" commandos as bases for sabotage inside Israel. Israel claims the El Fatah raiders are Jordanians acting under Syrian instigation.

Israel made an aerial attack last July on a Syrian installation in retaliation for El Fatah sabotage, but the terrorist raids have continued.

The Israeli attack, in brigade strength, was made on the Jordanian villages of Samu, Hirbeit Karkaz and Jimba. The villages are about 30 miles south of Jerusalem in a bulge of Jordanian territory west of the Dead Sea.

Israeli and Jordanian jets clashed in dog fights. Israel claimed it downed one Jordanian plane. Jordan said it bagged two Israeli jets.

At the United Nations, Jordan's Ambassador Muhammad H.El-Farra said the Israeli troops killed 26 Jordanians — 13 soldiers and 13 civilians — wounded 54 and captured three soldiers.

In Amman, a Jordanian military spokesman said 50 Israelis were killed or wounded and 10 tanks destroyed.

An Israeli spokesman gave Israel's losses as one killed and 10 wounded in the Jordan fighting and said no casualties were suffered in the seven hours of sporadic shooting across the Syrian-Israeli border near the Ashomora settlement north of the Sea of Galilee.

daughter of Mrs. Sellers. Tamara, victim of a minor arm wound and a skull fracture, was found sobbing under her mother's body. Both Miss Harris and Tamara were reported in satisfactory condition.

Police said Smith, described by schoolmates as "a loner" and a "strange and different" boy, offered no resistance when police burst into the shop. Told of his right to remain silent, officers said, the youth none-theless gave a lengthy statement.

He said in the statement:

—He had planned for three months, since his parents gave him a target pistol, to commit a mass murder. He had "cased" several likely looking places, and selected the beauty college because there would be more people there.

—He got the idea from the slaying of eight student nurses in Chicago and the sniper killings in Austin which left 16 dead.

—If his mother and 5-year-old sister Lisa had walked in during the killings, "I would have killed them too."

—He wanted to kill about 40 people, and wanted to die himself.

—And the reason for it all: "I wanted to get known. Get myself a name. To see the headlines with my name in them before I die."

Miss Harris told police that Smith said nobody cared for him, that he laughed wildly as he shot his victims and that he explained, as he shot the children, "They'll grow up too."

Air Force Ends Hunt For Crashed Plane

OTIS AIR FORCE BASE, Mass. (AP) — The Air Force has given up its search for a radar picket plane that crashed in the Atlantic Friday and has declared the 19 crew members dead.

A burned flight jacket and other debris were found in the search area about 125 miles southeast of Nantucket Island near Cape Cod.

Nine Air Force officers arrived at Otis during the weekend to investigate the crash of the Constellation.

Indian Houses Worst Type If Quake Hits

NEW DELHI (AP) — Two earthquake experts have warned that most Indians live in the worst type of housing for this area, which is prone to quakes and tremors.

Jai Krishna and Brijesh Chandra of the Roorkee school of research and training in earthquake engineering, said 80 per cent of India's buildings are of mud and brick and have no timber or steel structural support.

They cautioned against further such construction and said scientists were working on economical methods of strengthening the existing buildings.

Israeli Units Hurl Blows At Jordanians

TEL AVIV, Israel (AP) — Israeli forces attacked three Jordanian villages and clashed sharply with Jordanian ground and air forces Sunday in a raid retaliating against guerrila attacks from Israel's Arab neighbors. Shooting also erupted again across the Israeli-Syrian border.

Both Jordan and Israel claimed they inflicted heavy losses.

U.N. observers obtained a cease-fire about four hours after the tank-led Israeli forces swept two miles across Jordan's border. The Israeli troops withdrew. Firing across the Syrian border ended about 6:30 p.m.

Premier Levi Eshkol of Israel said the attack was a "warning raid" against Jordanian centers he charged were used by "El Fatah" commandos as bases for sabotage inside Israel. Israel claims the El Fatah raiders are Jordanians acting under Syrian instigation.

Israel made an aerial attack last July on a Syrian installation in retaliation for El Fatah sabotage, but the terrorist raids have continued.

The Israeli attack, in brigade strength, was made on the Jordanian villages of Samu, Hirbeit Karkaz and Jimba. The villages are about 30 miles south of Jerusalem in a bulge of Jordanian territory west of the Dead Sea.

Israeli and Jordanian jets clashed in dog fights. Israel claimed it downed one Jordanian plane. Jordan said it bagged two Israeli jets.

At the United Nations, Jordan's Ambassador Muhammad H.El-Farra said the Israeli troops killed 26 Jordanians — 13 soldiers and 13 civilians — wounded 54 and captured three soldiers.

In Amman, a Jordanian military spokesman said 50 Israelis were killed or wounded and 10 tanks destroyed.

An Israeli spokesman gave Israel's losses as one killed and 10 wounded in the Jordan fighting and said no casualties were suffered in the seven hours of sporadic shooting across the Syrian-Israeli border near the Ashomora settlement north of the Sea of Galilee.

Contractor Dies From Chest Injuries

Gerald E. Mahon, 36, of South Beaver Township, a self - employed excavating contractor, died yesterday morning at 4:30 at Providence Hospital, Beaver Falls, due to complications from chest injuries received in the crash Friday at Beaver Falls.

Beaver Falls police said his pickup truck veered across the roadway and collided head-on with a car operated by Patterson Clark, 40, of Beaver Falls near 45th St. and 5th Ave. Friday morning.

Clark was hospitalized after the crash.

Beaver County's traffic toll now stands at 43 for the year.

Mr. Mahon, a son of Mr. and Mrs. Clarence Mahon of Negley, was born Oct. 24, 1930.

He was a graduate of East Palestine High School and served with the Marine Corps in Korea.

In addition to his parents and his widow, he is survived by three sons, Larry Wayne Mahon, Garry E. Mahon and Michael James Mahon, at home; three brothers, Donald Mahon of Negley, Burdell Mahon of Falls Church, Va., and Bernard Mahon of East Palestine; three sisters, Mrs. Richard Gorby of Negley, Mrs. Sid Haskins of Philadelphia and Mrs. Bernard Doran of East Palestine.

Services will be held Wednesday morning at 9:30 at the Lutton Funeral Home, Beaver Falls, followed by Requiem High Mass at St. Rose Catholic Church at Cannellton.

Burial will be in St. Rose Church Cemetery.

overhead at 17,500 miles an hour, the first 19-foot-tall French Centaure rocket blasted off at 5:28 a.m. from Hammaguin, Algeria, trailing a yellow tail as a photographic target for Gemini 12.

Wearing special visors designed to help them see the cloud, the pilots tried then — and on the next orbit 90 minutes later—to aim cameras toward the spot where the clouds were supposed to be.

Mission control said Gemini 12 apparently was pointing in the proper direction to take the cloud pictures, and experimenters were hopeful of success. It was known in advance seeing the clouds would be difficult. The desert is 250 times brighter than the vapor stream.

Pictures of the vapor, streaming between 38 and 111 miles above the Sahara, will help scientists learn more about high-altitude winds that travel at speeds up to 400 miles an hour.

The control problems were caused by the failure of two of Gemini 12's maneuvering rockets.

"Every time we pitch or yaw, we get roll," Lovell advised controllers on the ground.

Lining up their spaceship requres "quite a bit of time — about 25 minutes," he said.

The cloud experiment, sponsored by the French Center National de la Recherche Scientifique, injected a yellow-white cloud that was first expected to be shaped like an inverted tear drop, then an upside-down horseshoe.

A complex communications system was set up on three continents — mission control at Houston, Tex., and Algeria, which goes by way of Paris, France.

The astronauts worked hard Sunday.

Chatty and cool, former Korean combat pilot Aldrin nearly doubled the record time spent outside a spaceship by one man.

Urging world peace from his lofty outpost, Aldrin left in orbit a blue and white nylon pennant the size of a cigar box lid with an American flag on one side and a sign saying: "Nov. 11, Vets Day," on the other, commemorating Gemini 12's launch day.

"I'd like to extend the meaning to include all the people in the world who have been and will continue to strive for peace and freedom in the world," Air Force Maj. Aldrin said.

Later, Gemini 12 played a successful game of space tug-of-war with an Agena satellite tied to the capsule by a 100-foot cord, testing a fuel-saving concept future spacemen may use for repairing or investigating other satellites.

Before bedtime, they separated from the Agena by firing rockets which put them in a lower orbit.

Tuesday, after conducting navigation experiments, the pilots plan to fire retro-rockets about 1:43 p.m. and land about 2:22 p.m. in the Atlantic 700 miles southeast of Cape Kennedy, bringing down the final curtain on America's Gemini program.

Aldrin's success strolling in space Sunday for 2 hours, 9 minutes "demonstrated quite adequately that, with proper restraints and aids, extra-vehicular activity can be a very successful thing," said mission director William C. Schneider.

After previous space walkers had trouble positioning themselves outside, Aldrin's activities were tailored to see if leverage and fatigue problems could be overcome.

Handholds and foot restraints were attached on Gemini 12 and the Agena. Tethers around his waist enabled Aldrin to fasten himself like a window washer while doing nut-and-bolt type tasks at work stations.

Pacing himself so heart and respiration rate stayed low, Aldrin even had time to wipe Lovell's window.

Saturday and Sunday, Aldrin accumulated a space endurance record of more than 4½ hours.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Perhaps the following hint may help someone else with a problem similar to ours. My son is a semi invalid and has trouble walking; consequently, he must be sure of "good footing."

I very seldom wax the floors where he walks but as an extra precaution I bought a pair of foam insoles, cut each one through at the instep and glued one piece on the heel and one on the sole of each of his bedroom slippers, foam-side out.

It works perfectly to give that grip so necessary for a feeling of security to a handicapped person.

A pair of insoles lasts quite a long time and may be pulled off and replaced when necessary.

ELLEN C.

DEAR HELOISE: I used to drain bacon, french fried potatoes and shrimp on paper towels but no matter how many thicknesses of towel I used, I still had a messy, greasy counter top under the paper.

It finally occurred to me to put a sheet of waxed paper on the counter top before I put the paper towels down ... no more grease on the counter top ... saves soap and energy!

FRAN.

-:-

Ever try a folded newspaper? Then a paper napkin or towel? And does it absorb grease? Wow!

HELOISE.

DEAR HELOISE: I'm still of the old-fashioned school that uses a worn bed-sheet on my ironing board.

Up to now, the sheets have been white but the other day I used a pink contour sheet, doubling it and fitting the corners around the ends of the ironing board beautifully ... going on from there with pins or cord.

Imagine my surprise when I felt much happier ironing my clothes on that pretty colored sheet instead of the same old white one which gets to be a dingy gray color in no time.

MRS. W. H. HUTTER.

-:-

Ladies: This homemaker has a wonderful idea ... I can think of nothing nicer to give your spirits a lift, than seeing a rosy hue, rather than dingy gray while ironing.

Wouldn't one of your worn floral sheets be super, too? Ironing on top of little rosebuds surely would make ironing day much more pleasant.

Thanks for your precious hint, Mrs. Hutter.

HELOISE.

DEAR HELOISE: If your leather handbag handle wears out, do the following:

Buy a leather belt the same color as the handbag, and attach it to the metal on each side of the purse, making the belt double.

The bag will be as good as new.

MRS. MARGENE EMGE.

-:-

DEAR HELOISE: While making popsicles for my children the other day I discovered half the sticks were missing from the set so I stuck a lollipop in each one.

It went over great and the children loved their lollipopsicles!

J. H.

DEAR HELOISE: I make good grooming a regular nightly habit by keeping all my grooming aids in a small basket, which has a gaily striped top with a drawstring closing.

When I'm ready to take my nightly bath or shower, I simply grab this bag which contains: razor, tweezers, pumice stone, cuticle remover, emery board, a plastic bottle of bath lotion, hairbrush and anything else needed.

While the water is running in the tub, I use these grooming aids and have now formed the habit of using them every night, instead of my former hit-and-miss habits.

All these grooming practices take only a few moments each night and give one that "cared for" feeling.

Also, in keeping everything in one bag, they are out of sight and do not clutter up the bathroom medicine closet.

LORRAINE LANDRY.

College Will Honor Doctor Of Hope Ship

STEUBENVILLE, Ohio (AP) —The man whose idea led to the launching of the hospital ship U.S. Hope will receive The College of Steubenville's highest nonacademic award Dec. 4, the school announced today.

Honored will be Dr. William B. Walsh of Washington, founder and president of Project Hope. He will receive Steubenville's Poverello Medal at the annual Founders Day dinner.

Dr. Walsh suggested in 1958 that a Navy hospital ship be taken out of mothballs and converted into a floating medical center that would visit other countries. He made the proposal as cochairman of the Committee on Medicine and Health Professions of the President's People-to-People Program.

Later, Walsh gave up his private practice as an internist and heart specialist to devote full time to Project Hope through the People-to-People Health Foundations, Inc., which sponsors the worldwide mercy voyage of the S.S. Hope.

Since the beauty of the precious opal lies in its internal color flashes, it is never cut with facets like a diamond. Instead, the opal is cut with a gently rounded convex surface.

STAR PLAYERS KNOW ...

the value of being in the best of health, because then they can give that extra effort that makes them star players.

Make sure your children are in the best of health by having your family Doctor give them a medical check-up. Your children can do their best when they feel their best.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a girl 16 years old and a junior in high school. I have one date a week, usually on Saturday night. Sometimes I go out on Friday night, too, if there is something special going on.

My mother has decided that I must fill out a date form. She wants me to answer about 20 questions. Here are some examples:

1. Name of your date, his age and address.
2. Occupation of his father.
3. Where did you go?
4. How much money did he spend?
5. Did he try to kiss you?
6. Did you let him?
7. Do you think he will ever amount to anything?
8. Would you like your children to look like him?

I think these questions are dumb. Furthermore, I resent the whole thing. Will you please tell me if I am a rebellious and headstrong teen-ager, as my mother says, or do I have a right to be bugged?—INSULTED.

-:-

Dear Insulted: Your mother should know the name of every fellow you date because you should have introduced each one. She also should know where you are going for the evening. The other questions, particularly No. 8, are indeed dumb and I don't blame you for being resentful.

Your mother should stop playing "Twenty Questions" and display more confidence in your judgment.

Adviser Advised

Dear Ann: I'm burned up about that asinine letter to Dottie—the girl who was engaged at 18. Her dear friend who married at 18 wrote to warn her of the dangers of being a teen-age bride.

From the looks of your picture in the paper you can't be more than 40 years old and I happen to know you are a grandmother. So—how old were you when you were married, Ann Landers? And how old was your daughter? Some people find it very easy to give advice to others but they don't follow it in their own lives.

I'm enclosing a self-addressed envelope because I know you will never print this letter and I would like an answer.—MRS. R.D.K.

-:-

Dear Mrs. R.D.K.: Thank you for the compliment but I'm past 40. Would you believe 48?

I was married at 21, after 3½ years at Morningside College. I have since regretted that I didn't stay in college and get my degree. Our daughter was married at 22, after four years at Brandeis University.

P.S.: You are right. It's easier to give advice than to take it.

Property Worth $750 Stolen At Local Home

An East End woman told police property worth $750 was stolen from her home Saturday.

The intruder took a console television set worth $400, a record player valued at $300, a record cabinet and records worth $20 and a bed spread valued at $30, officers were told by Mrs. Dorothy Alloway of 1012 Locust St.

The entry was timed between 8 a. m. and 7 p. m., officers said. Both the side door and the back door of the home were found unlocked, officers said. Patrolman Dwight Garvey investigated.

Retailers See Record Yule

NEW YORK, N. Y. — Santa Claus will be busier than ever this year—and the nation's retailers will have a new record Christmas season.

This is the almost unanimous opinion of 230 retailers in 101 cities queried by the Bureau of Advertising of the American Newspapers Publishers Association, through its member newspapers, about their Christmas season business expectations. Thirty - five states, two Canadian provinces and Puerto Rico were represented.

Eighty - seven per cent of the retailers think that this year's Christmas sales will top those of last year. The median sales increase forecast is 10 per cent. Only 3 per cent of the respondents expect a sales decline and 10 per cent think business will be the same as last year.

Two out of three of the retailers anticipate a profit gain. A median profit increase of 8 per cent is expected. Nineteen per cent of the merchants queried expect profits to remain the same as last year; 13 per cent look for a decline and 4 per cent are undecided.

Larger advertising investments are planned by 42 per cent of the retailers, with the median increase 10 per cent. Fifty - one per cent plan to maintain advertising at last year's level and only 6 per cent expect to trim their ad budgets.

Moree than half of the retailers responding to the Bureau of Advertising questionnaire are department stores. Other store types include furniture, men's and boys' wear, discount, women's wear, appliance and variety stores.

To meet this year's strong competition, the retailers questioned again will rely heavily on daily newspapers as their basic advertising medium. Sixty - eight per cent plan to invest 80 per cent or more of their Christmas ad budgets in daily newspapers. 35 per cent will invest from 90 to 99 per cent and 11 per cent of the respondents will invest all their ad dollars in newspapers during the Christmas season.

5 Per Cent Due On Certificates

WASHINGTON (AP) — The government plans to offer 5 per cent interest on its new savings certificates, much to the ire of the savings and loan industry, the Washington Post reported today.

President Johnson announced Sept. 21 that the government was considering a higher-interest savings lure as part of a drive to coax Americans into lending more money to fight the Viet Nam war.

The Post said purchasers of the 5 per cent certificates first would have to purchase 4.15 per cent Series E savings bonds. Thus, yield on the over-all investment would be less than 5 per cent.

Savings and loan institutions in many areas pay between 4¾ and 5 per cent on passbook deposits, and slightly more on deposits which must be left for a fixed period of time.

Savings and loan institutions fear some of their funds may be diverted to the government certificates. One effect of this would be less money available for home mortgages — already a tight market.

'The Thrill Is Gone,' Rocket-Maker Says

ELKTON, Md. (AP) — The thrill isn't what it used to be for H.G. Jones, general manager of the Thiokol Co.'s propellant plant which made the retro-rockets for the Gemini series spacecraft.

"It's sort of routine by now," says Jones. "After the first flight, you expect it to go well."

Jones spoke with pride about the four 13-inch, solid-fuel rockets to be used by astronauts Edwin E. Aldrin Jr. and James Lovell Jr. to bring the Gemini 12 back to earth Tuesday.

He said the celebration among the plant's 550 workers would be limited to a public address announcement when the astronauts are back safely.

'You've got to have a sort of quiet jubilation in a propellant plant," he said. "You can't let anyone get too happy."

Retired Doctor, 100, Now Finds It Boring

MARION, Ohio (AP)—Dr. Edward Sager, who retired Sept. 1, says "I'm looking for a way to busy myself."

The answer to his problem, he adds, would be to resume his practice. "I feel good . . . I have no aches or pains," he adds.

Sunday was the physician's 100th birthday. He was the nation's oldest general practitioner when he closed his office here two months ago.

Sager's wife died last year, and he said he was forced to retire because he was unable to find a housekeeper.

Dr. Royston C. Lewis To Give Heart Lecture

A heart lecture under auspices of the Joan Smith family and the medical staff of East Liverpool City Hospital will be presented Nov. 17 at the East Liverpool Country Club at 5 p.m. A cocktail hour and dinner will follow.

Dr. J. W. Schoolnic, chairman, has announced that Dr. Royston C. Lewis of Cleveland will be the speaker.

Dr. Lewis, who is on the attending staff, department of internal medicine, division of clinical cardiology, at the Cleveland Clinic, will discuss "Anxiety and Heart Disease, Causes of Mis-diagnoses."

He received his pre - medical education at University College, Swansan, South Wales, and at St. Mary's Hospital Medical School, University of London, England, where he received a degree with honors in Applied Pharmacology and Therapeutics. He received certification in internal medicine from the Royal College of Physicians of Canada.

Dr. Lewis was house physician to departments of medicine and dermatology, Maelor General Hospital, Wrexham, North Wales, and Paddington General Hospital, Harrow Rd., London; associate resident, department of medicine, and resident in medicine, both at Shaughnessy Hospital, Vancouver, B.C.; preceptorship at the Lockwood Clinic, Toronto, Ontario; Fellowship in cardiovascular disease at the Cleveland Clinic, and graduate fellow in the department of clinical cardiology, also at the Cleveland Clinic.

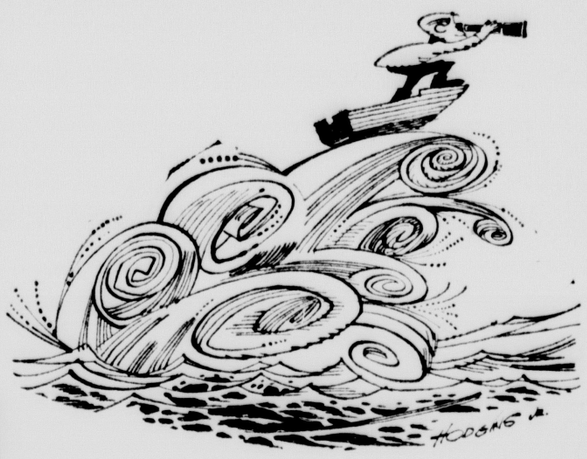
Life Goals And How To Set Them

By LESLIE J. NASON
University Southern California

Although students with goals do better than others, the mere selection of a goal does not insure scholastic success.

It is useless to urge the underachieving student to select a goal, with the expectation that this will make him an achiever. Selection of a goal more often is



the result of achievement than the cause.

Goal planning is an important element in the thinking of a successful student, and it is important that he feel that his parents approve of his goal, think he can succeed at it and want him to work toward it.

Even though the goal may be temporary, it should be appropriate to his own abilities and he must, at the same time, be planning an educational program in line with his aims.

—:—

WHEN A student lacks goals something is wrong!

But it is usually impossible to talk a student into setting lifetime goals while he is not succeeding well enough in school to have a reasonable chance of reaching them.

If his grades are not satisfactory, start by helping him replan his learning procedures.

Help him set, and reach, day-to-day goals and week-to-week goals.

Make sure that there is communication between the student and his parents about his long-range goals.

One of the most frequent reasons for not adopting long-range goals is a feeling of inadequacy. The student may be working hard even though his grades are not adequate; consequently, he has no enthusiasm for a long-range educational program.

The sequence I have seen many times is more efficient study procedures followed by better grades, more self - confidence and finally a more optimistic outlook.

At this point a student often begins to think about long-range goals without any outside encouragement.

—:—

HE IS NO longer an unhappy drifter.

With so many elements entering into the thinking of a happy, successful student, a person must look for the missing element in the individual case.

There is no one set pattern that works for everyone.

Sometimes, although very rarely, the only thing lacking is the goal.

For example, Bob was well into the 10th grade when he suddenly decided to work toward entrance into the college his father had attended. Up to this point Bob's grades had been good but not outstanding.

He was a fortunate boy. Although his family could have supplied his needs easily, they had taught him to work for what he wanted.

When he asked for an automobile, they had said, "Earn the money for the car and the insurance and you may have it." A job in a service station brought him the desired results.

With such a background, it was no wonder that when Bob decided to qualify for entrance in his father's rather exclusive college, his scholarship improved immediately.

Everything except the goal had been present in his life.

Goldwater Denies Trying To Block Bid By Romney

WASHINGTON (AP) — Barry Goldwater says it's "not true" that he and Richard M. Nixon are collaborating to try to block any bid by Michigan Gov. George Romney for the 1968 Republican presidential nomination.

But Goldwater, though not closing the door on Romney, said the governor still has "a lot of homework to do" with party leaders to atone for not endorsing Goldwater in the 1964 presidential race.

Romney, meanwhile, said he still hasn't decided whether to run for president.

Goldwater was asked Sunday on ABC's "Issues and Answers" if he were collaborating with Nixon to stop Romney, as the questioner said, "it has been written and reported."

"No that is not true," said Goldwater. "I happen to be a Nixon backer, but I haven't seen Dick Nixon in person in over three months."

Nixon is regarded as another likely candidate for the nomination.

Romney, appearing on NBC's "Meet the Press," continued his move to gloss over old differences with Goldwater.

Though saying "I just haven't made a decision" on whether to run for president, Romney was his most candid so far in acknowledging he is thinking about running.

He and Goldwater did join in attacking Secretary of Defense Robert S. McNamara in the wake of McNamara's announcement that the Soviet Union is deploying an antimissile system.

"Just another incident of where McNamara is not leveling with the American people," said Goldwater.

"Perhaps we have a gap in this (antimissile) respect now as a result of mismanagement of these Democratic administrations," said Romney.

On GOP politics, Romney said, "I am not interested in going back and taking a look at the past."

But Goldwater was interested, saying: "Romney is a Republican. He calls himself one. But it has only been in this campaign that he has publicly done this. Now this may not mean anything to the rank and file American, but it means a lot to those people who work in Republican politics. He has a lot of home work to do and a lot of spade and groundwork to do in the area of the Republican party itself."

Papers Sell For $1 In Strike-Hit Dayton

MIDDLETOWN, Ohio (AP)—The cost of newspapers skyrocketed Sunday in newspaperless Dayton, where the going price was as much as $1.

Police said 250 Sunday editions of the Cincinnati Enquirer were stolen here Sunday and sold in Dayton for as high as a dollar a paper.

Dayton residents have been without their two daily papers, the Journal-Herald and the Daily News, several days because of a strike.

The Enquirer papers, which sell for 25 cents, were taken from a shopping center where they had been left for home delivery for Middletown residents.

Life Goals And How To Set Them

By LESLIE J. NASON
University Southern California

Although students with goals do better than others, the mere selection of a goal does not insure scholastic success.

It is useless to urge the underachieving student to select a goal, with the expectation that this will make him an achiever. Selection of a goal more often is

the result of achievement than the cause.

Goal planning is an important element in the thinking of a successful student, and it is important that he feel that his parents approve of his goal, think he can succeed at it and want him to work toward it.

Even though the goal may be temporary, it should be appropriate to his own abilities and he must, at the same time, be planning an educational program in line with his aims.

—:—

WHEN A student lacks goals something is wrong!

But it is usually impossible to talk a student into setting lifetime goals while he is not succeeding well enough in school to have a reasonable chance of reaching them.

If his grades are not satisfactory, start by helping him replan his learning procedures.

Help him set, and reach, day-to-day goals and week-to-week goals.

Make sure that there is communication between the student and his parents about his long-range goals.

One of the most frequent reasons for not adopting long-range goals is a feeling of inadequacy. The student may be working hard even though his grades are not adequate; consequently, he has no enthusiasm for a long-range educational program.

The sequence I have seen many times is more efficient study procedures followed by better grades, more self - confidence and finally a more optimistic outlook.

At this point a student often begins to think about long-range goals without any outside encouragement.

—:—

HE IS NO longer an unhappy drifter.

With so many elements entering into the thinking of a happy, successful student, a person must look for the missing element in the individual case.

There is no one set pattern that works for everyone.

Sometimes, although very rarely, the only thing lacking is the goal.

For example, Bob was well into the 10th grade when he suddenly decided to work toward entrance into the college his father had attended. Up to this point Bob's grades had been good but not outstanding.

He was a fortunate boy. Although his family could have supplied his needs easily, they had taught him to work for what he wanted.

When he asked for an automobile, they had said, "Earn the money for the car and the insurance and you may have it." A job in a service station brought him the desired results.

With such a background, it was no wonder that when Bob decided to qualify for entrance in his father's rather exclusive college, his scholarship improved immediately.

Everything except the goal had been present in his life.

Goldwater Denies Trying To Block Bid By Romney

WASHINGTON (AP) — Barry Goldwater says it's "not true" that he and Richard M. Nixon are collaborating to try to block any bid by Michigan Gov. George Romney for the 1968 Republican presidential nomination.

But Goldwater, though not closing the door on Romney, said the governor still has "a lot of homework to do" with party leaders to atone for not endorsing Goldwater in the 1964 presidential race.

Romney, meanwhile, said he still hasn't decided whether to run for president.

Goldwater was asked Sunday on ABC's "Issues and Answers" if he were collaborating with Nixon to stop Romney, as the questioner said, "it has been written and reported."

"No that is not true," said Goldwater. "I happen to be a Nixon backer, but I haven't seen Dick Nixon in person in over three months."

Nixon is regarded as another likely candidate for the nomination.

Romney, appearing on NBC's "Meet the Press," continued his move to gloss over old differences with Goldwater.

Though saying "I just haven't made a decision" on whether to run for president, Romney was his most candid so far in acknowledging he is thinking about running.

He and Goldwater did join in attacking Secretary of Defense Robert S. McNamara in the wake of McNamara's announcement that the Soviet Union is deploying an antimissile system.

"Just another incident of where McNamara is not leveling with the American people," said Goldwater.

"Perhaps we have a gap in this (antimissile) respect now as a result of mismanagement of these Democratic administrations," said Romney.

On GOP politics, Romney said, "I am not interested in going back and taking a look at the past."

But Goldwater was interested saying: "Romney is a Republican. He calls himself one. But it has only been in this campaign that he has publicly done this. Now this may not mean anything to the rank and file American, but it means a lot to those people who work in Republican politics. He has a lot of home work to do and a lot of spade and groundwork to do in the area of the Republican party itself."

Mishap Hurts 2; Driver, 31, Cited

A 31-year-old Wellsville area motorist was cited by police after a traffic mishap on the River Rd. Sunday at 2:40 a. m. in which a man and woman were injured.

The collision involved a halted 1966 four-door sedan driven by William Wimmer, 38, of 919 McKinnon Ave. and a 1959 model car operated by Ronald W. Crouse of McCormick Rd., Wellsville, officers said.

Wimmer and a passenger in his auto, Virginia Schmitt, 48, of Calcutta, went to City Hospital for X-rays of possible injuries after the mishap, police said.

Crouse was cited on a charge of failure to stop in the assured clear distance.

—:—

WIMMER TOLD officers a car ahead of him stopped to pick up a man who was standing alongside the roadway. Wimmer said when he halted his car was struck from the rear by the Crouse vehicle.

Crouse reported he attempted to halt, but his car slid and struck the Wimmer auto, officers said.

The collision damaged the rear of the Wimmer car and the entire right front of the Crouse auto, officers said.

A standard in a city - owned safety island at St. Clair Ave., North St. and Avondale St. was sheared off in a mishap Saturday at 4:59 p. m., officers reported.

Police said the standard was struck by a 1956 model four-door sedan driven by William L. Seevers, 57, of rear 760 Sophia St.

Seevers told Patrolman David K. Mumaw he recalled turning from St. Clair Ave. onto Avondale St., but did not remember hitting the standard. The crash caused minor damage to the right front fender and bumper of Seevers' car, officers said.

A local man escaped injury when his auto went backwards over an embankment onto the lawn of a Pope St. home Saturday at 9:30 p. m., officers reported.

The 1964 two - door sedan driven by Ferguson Kind of 755 Minerva St. went into the yard at the home of Garnett Burgess of 1101 Pope St., police said.

Kind told officers he was traveling east on Franklin St. and turned north onto Pope St. Since he did not make the turn properly, he was backing the auto to straighten it out when the rear wheels went off the side of the street and the car went over an embankment onto the lawn, he said.

The auto was undamaged, officers said. The car's wheels rutted the lawn at the Burgess home, officers said.

Two hit - skip crashes also were reported.

—:—

RICHARD DOPLER of 210 Baum St. told officers the bumper and trunk of his 1961 sedan were damaged about 3 a. m. Sunday when struck by a hit - skip vehicle while parked on the lot at the Loblaw, Inc., Market on Dresden Ave.

Dopler said he was seated in the auto when it was struck by another vehicle which then left the scene.

Deanna G. Brooks, 23, of Smith St., Glenmoor, told officers her 1961 sedan was damaged by a hit-skip vehicle Saturday night or early Sunday while parked on the lot at the A & P Market on Walnut St.

She said she parked the car at 8:30 p. m., returning at 2:30 a. m. She said the hit-skip vehicle damaged the left rear fender of her auto.

Firemen, Police Assist Sick Man

Firemen and police joined forces Sunday night to remove an ailing man from his locked home on W. 3rd St. and transfer him to City Hospital.

Oscar Kommel, 73, of 212 W. 3rd St. was admitted to the hospital after the fire department emergency squad aided police in entering the home by gaining access through an upstairs window, officers said.

James Stiefel, manager of the American Theater, went to police headquarters last night at 6:48 and reported he feared Kommel was ill, as he had not reported for work. Patrolman David K. Mumaw, dispatched to the home, found it locked and without lights. He summoned Lt. Charles E. (Bill) Tice and Patrolman K. J. Montgomery.

Police obtained permission from Kommel's sister to enter the locked home, then summoned aid from the fire department. After gaining access to the house, the police and firemen found Kommel, conscious but too weak to get out of bed. The officers telephoned his sister again and she asked that he be admitted to the hospital.

Inflatable Hospital

★ ★ ★ ★ ★ ★ ★ ★ ★

It Operates In Viet Despite Bloody Baptism

By HUGH A. MULLIGAN

TAY NINH, South Viet Nam (AP) — The world's only inflatable combat hospital has received a bloody baptism of fire in the jungles of South Viet Nam.

The $2-million complex of air-filled operating rooms, laboratories and surgical wards was trucked into an abandoned tapioca plantation 90 miles northeast of Saigon near the Cambodian border.

Before the rubber-like dacron buildings could be blown up and put into operation, the Viet Cong nearly destroyed the entire hospital with a mortar attack that killed the hospital commandant, tore gaping holes in the roof of the unoccupied nurses' quarters and riddled one of the inflatable ward units with more than 100 holes.

Despite the initial mortar attack and another one less than a week later, the self-contained, completely mobile hospital immediately went into operation as a forward surgical clinic with most of its facilities still in packing crates.

That was two weeks ago. Because of the bitter fighting and the growing number of casualties from Operation Attleboro in the rain forests of War Zone C, Army medical authorities decided to activate the inflatable, expandable hospital ahead of schedule.

Twenty minutes after the completely air-conditioned, dust free, 60-bed surgical hospital opened its plastic doors for business, a Medivac helicopter set down on the landing pad less than 100 feet away and Capts. Richard Welch of Louisville, Ky., and Carl Borders of Rochester, Mich., were operating on their first patient.

If necessary, the entire hospital can be collapsed and loaded onto helicopters in less than 15 minutes. When other inflatable, expandable units are available, it can be converted into a 200-bed evacuation hospital.

Veterans' Event Held By Post 374; Parade Follows

About 85 attended the third annual Veterans Day banquet Saturday evening at American Legion Post 374 home in East End, sponsored by the Veterans City Council. The dinner was followed by a parade.

The speaker was Alec J. Blair of Jackson, a past commander of the American Legion of Ohio (1960-61). Active in Legion affairs since 1946, Blair is a foreman in the instrument department at the Goodyear Atomic Corp. at Piketon.

A parade followed the banquet, with James H. Cregar, president of Veterans City Council, serving as marshal.

Ohio's Traffic Kills 23 More

By The Associated Press

Ohio's weekend traffic death toll had dropped sharply—about half the usual.

Then last Friday night a two-car crash killing four persons started the weekend toll on its way back toward the tragic normal.

At least 23 persons died during the 6 p.m. Friday-midnight Sunday period, compared to 13 known victims the weekend before.

As a comparison, during October the weekend toll averaged about 26 lives lost.

The four-fatality crash occurred in Cleveland.

Deaths reported since noon Saturday:

Saturday

Dennis Smitley, 18, Decatur, Ind., whose auto collided with another car at an Ohio 117 intersection east of Lima.

James Coble, 35, Glenford, when his pickup truck overturned on a township road near his home in Perry County.

Robert C. Irwin, 36, Columbus, pedestrian hit by a truck in Columbus.

John W. Keller, 62, Dover, when his car collided with another in Dover. Police said they were chasing Keller's car.

Clifford C. Heasley, 64, New Middletown, in two car collision near the Ohio-Pennsylvania line on Ohio 630 in Mahoning County.

Calvin Sims, 44, Canton, fatally injured when a car overturned near Canton.

John E. Connors, 29, and Mrs. Cleveland, in two-car wreck Saturday night in Cleveland. Connors died in the wreck, Mrs. Rogers on Sunday.

John H. Tackett Jr., 17, Geneva, passenger in a car that went out of control and skidded into Palmetto Lake near Geneva-on-the-Lake. The driver and another passenger, both teenagers, escaped.

Arthur Newberry, 84, of Greenup, Ky., when a train struck his car at a crossing in Mount Sterling, Madison County.

Sunday

Albert G. Schnauer, 29, Wooster, and his son, Michael, 2, when two cars collided at an Ohio 3 intersection north of Wooster. Mrs. Schonauer and three teen-agers in the second car were injured.

Michael J. Shingary, 61, in two-car wreck on Interstate 71 in Morrow County.

Harry P. Martin, 61, Chillicothe, a passenger in a truck which ran off the U.S. 30-U.S. 50 intersection near Chillicothe and struck a tree. The driver, Jack E. Rote, escaped injury.

Paula Horn, 20, Dayton, whose car was struck by another at a Dayton intersection. The victim's car burst into flames and the girl was trapped inside. Police said the other driver fled on foot.

LISBON — Harry E. Sprow, 26, of 133 N. Market St. cited on a speeding charge Nov. 5 by village police, forfeited a $15 appearance bond Saturday in mayor's court.

Church Nets $1,500 From Women's Day

A total of $1,500 was raised during the annual Women's Day program of the Midland First Baptist Church, with proceeds to be used for church projects.

Mrs. Elizabeth P. Carter was the winning captain, Mrs. Jerry Tallon of Beaver second and Mrs. Mary Morrison of Midland third.

The program featured Mrs. R. Solomon Rose of Houston, Tex., a gospel singer and recording artist, who will be in charge of a musical service tonight at 8 at the church.

Missionaries from Weirton, Wellsville, East Liverpool, Beaver, New Brighton, Sewickley and Farrell were present.

The theme was "Woman's Place in Our Great Society." Mrs. Paul A. McClenon was chairman and Mrs. Morrison co-chairman. The Rev. McClenon is pastor.

Charter To Be Given Auxiliary For DAV

A charter will be presented and officers installed when the Auxiliary to Disabled American Veterans Chapter 47 meets Tuesday at 8 p.m. at the West Point Country Club.

Mrs. Mary Karvel, commander of the Department of Ohio, will officiate.

All members of the DAV and their wives are invited to attend, Mrs. Virginia Matthews, commander-elect of the Auxiliary, said.

Forests cover 1.7 million square miles, or 44 per cent, of Canada's area, according to the Encyclopaedia Britannica.

10 Attend Event At Legion Post

Forty attended the Veterans Day coverdish banquet of Glenmoor American Legion Post 736 Saturday night at the post home.

Guest speaker was Bennett Taylor of Lisbon, Columbiana County Boy Scout executive and Army Reserve officer. He was introduced by Jay Mathess, post commander.

Dancing followed the dinner, which was prepared and served by members of the Auxiliary. Curt Virden was chairman of the banquet arrangements.

League Title Split 3 Ways As Tigers, Beavers Tie 6-6

By BOB DUFFY
Review Sports Editor

The 1966 Buckeye Border Championship had to be sliced three ways after a couple of backyard rivals — Beaver Local and Wellsville — battled to a 6-6 draw Saturday night before a paid crowd of 2,300 at Wellsville's Nicholson Stadium.

Had there been a winner Saturday night, there would have been an outright champion, but Jefferson Union was brought into the picture for a share of the title. Beaver Local, Wellsville and JU all finished the Conference season with 3-1-1 records.

THE SCORE indicated just what type of game unfolded at Wellsville, with both teams evenly matched as statistics will show. Both touchdowns came on long scoring plays of almost the same distance.

Beaver Local drew first blood in the opening period when Andy Hall, senior fullback, shot up the middle and raced 53 yards for a touchdown, putting Coach Don Ross' team in front 6-0 with 4:45 left in the first quarter. The conversion failed when Don Sowards kick went sputtering off to the right of the goal post.

A. Hall Races 53 Yds. For Beavers; Tigers Score On Pass To West

BEAVER LOCAL'S lead stood up for the remainder of the first half, but in the third period with Wellsville on its own 42 quarterback Rich Hall flipped a short pass to the left flat which was taken by Darryl West, who isn't used too often as a receiver, and the junior end raced goalward on a scoring play that covered 58 yards.

West probably would not have made the end zone if it hadn't have been for a great block by Jack Young on the Beaver 20-yard line, cutting down the Beaver Local safety man.

WELLSVILLE also missed the important conversion when a placement by Carl Davis was wide to the right.

Both teams had numerous scoring opportunities, if not for touchdowns at least by field goals. Wellsville attempted two field goals and the Beavers one. Davis came close, but missed boots from the 14-yard line in the third period and from the 10 with 7:17 left in the game.

Don Sowards attempted one for Beaver Local from the 17 in the second period, but the ball was wide.

After Beaver had scored in the first period, Wellsville received a golden scoring opportunity late in the second quarter. Bob Duffield punted to the Beaver 34 and as Jeff Hall attempted to avoid the ball, it bounced up touching his leg and Rich Hall recovered for Wellsville on the Beaver 34 with 2:21 left in the first half.

—:—

TODD WEEKLEY immediately picked up 18 yards and Young got 10 more to the Beaver six with 1:56 to go.

Here the Beaver Local line, led by tackle Alan Moore and linebacker Dennis Klembara, tightened. Dick Stevens was called upon for three straight carries getting down to the one on two carries, but being stopped cold on his third attempt.

With 44 seconds remaining and a fourth and goal situation, misfortune struck for Wellsville. Weekley was called for being in motion and the ball was placed on the six. A pass by Rich Hall was knocked down on a fine play by Ray Ammon as the Beavers held.

—:—

WELLSVILLE received the second - half kickoff and, after an exchange of punts, took over on its own 40. After Stevens picked up two yards, Hall flipped to West for the 58-yard scoring play.

Two plays later Wellsville had the ball again when Mel Wohr-

BALANCING ACT. It appears that Wellsville's Jack Young (31) is playing a form of soccer or balancing the football on his helmet but actually the ball squirted out of Young's arms after he was about to catch a pass as he was hit hard by Beaver Local defensive back Ray Ammon (22). The action took place in Saturday night's game at Wellsville which ended in a 6-6 tie.

Battle Of Unbeaten Is Set For Saturday At E. Lansing

By MIKE RECHT
Associated Press Sports Writer

Nobody can quibble with Ara Parseghian and Duffy Daugherty this week when they are quoted as saying: "We're not looking past this week's game."

That's the cliche the two coaches have stuck with most of the season, but this time it is for real. This is the week Parseghian's top-ranked Notre Dame and Daugherty's second - rated Michigan State meet in one of the most eagerly awaited college football games in years.

The Irish and Spartans set up their unbeaten battle with easy victories last Saturday. Notre Dame over Duke 64-0 and Michigan State over Indiana 37-19.

Terry Hanratty, back on the beam, completed eight of 13 passes for 127 yards and two touchdowns, one to favorite receiver Jim Seymour. The Irish also intercepted four passes in upping their record to 8-0.

Michigan State, winning its second straight Big Ten title, piled up a 37-7 lead as Jimmy Raye threw for three touchdowns and the defense held the Hoosiers to a minus 10 yards rushing.

With Michigan State ineligible for a Rose Bowl bid after going last year, Purdue, 5-1, wrapped up an almost certain bowl trip by polishing off chief challenger Minnesota 16-0.

Illinois, 4-2, clobbered Wisconsin 49-14, but even an Illini victory over Northwestern Saturday and a Purdue loss to Indiana would give the Boilermakers the bid because they have never made the bowl trip before.

Another conference title was settled when undefeated Nebraska, No. 4 in The Associated Press poll, clinched its fourth straight Big Eight crown by overcoming Oklahoma State 21-6 while Missouri eliminated Oklahoma 10-7.

Arkansas, 5-1, set up its unprecedented third straight Southwestern Conference title and a Cotton Bowl trip by dealing Southern Methodist its first defeat, 22-0 on Dave Dickey's two scores.

The Razorbacks, ranked sixth, need only a victory over six-time loser Texas Tech Saturday to clinch at least a tie and a certain bowl bid.

A 52-yard pass from Kirby Moore to Hardy King helped Georgia to a 21-13 triumph over Auburn and gave the ninth-ranked Bulldogs at least a share of the Southeastern Conference flag with a 6-0 mark. The Bulldogs had to come back from a 13-0 halftime deficit.

Georgia has completed its conference schedule but Alabama can tie by beating Auburn Dec. 3. The unbeaten Crimson Tide, No. 3, belted South Carolina 24-0 for its 13th straight victory.

UCLA, No. 8, struggled by Stanford 10-0 on Gary Beban's 24-yard scoring run, but its Pacific 8 title and Rose Bowl hopes were jolted when Beban later suffered a broken ankle. The star quarterback will miss Saturday's showdown game against Southern California, which is the other half of the regionally televised doubleheader after the Notre Dame-Michigan State affair.

Southern Cal, ranked seventh, leads the league at 4-0. It did not play last Saturday.

In other games involving Top Ten teams, Georgia Tech, No. 5, rolled by Penn State 21-0 as Larry Good ran for one touchdown and passed 20 yards for another, and Tennessee, No. 10, lost to Mississippi 14-7 on Jerry Richardson's 51-yard run with a recovered fumble in the last two minutes.

Barry Scores 45 As Warriors Win

By The Associated Press

Three quarters of Rick Barry can be almost to much. Sometimes they are.

Sunday night was one of those times.

Barry played only three quarters, but in that span he made 19 of 36 shots from the field and seven of eight from the foul line for 45 points as the San Francisco Warriors clobbered the Detroit Pistons 135-96.

In the only other game, the Philadelphia 76ers won their 11th game in 12 starts and increased their Eastern Division lead to a full game over Boston by dealing the Chicago Bulls their fourth straight loss, 132-126.

Philadelphia, led by Hal Greer, blew an 11-point lead and then fought back with nine points in a three-minute stretch of the fourth quarter.

Greer finished with 31 points, 13 coming in the final period.

The name of the golden yellow drug aureomycin is taken from the Latin words "aurum," meaning gold, and "myces," which shows that it comes from mold.

Here's What Ohio's First 10 Teams Did

United Registers Sixth Win, 21-12

HANOVERTON — United was forced to come from behind to defeat a fired up Lisbon squad 21-12 here Saturday afternoon.

After United registered the first touchdown on an 80 yard run by Dale Farmer, Lisbon bounced back for a long drive as Berry Lowry scored from two yards out to tie the game 6-6.

Lisbon went into the lead later in the second period when Gary Toot took a pass from Mike Rutecki which covered 51 yards.

United tied the contest when Tom Wood went over from the one then went in front before the half ended when Farmer took a 31 yard pass from Tom Coffee.

United ended its scoring in the fourth period on a 35 yard field goal by Dick Shultz.

United ended its season on the winning side at 6-4 while Lisbon was victorious in one of ten contests.

Clay Rates 5-1 Choice Tonight

By MURRAY ROSE

HOUSTON (AP) — "I'm not making any predictions but the first one to get in a good punch is going to be the winner. I want to be the first one."

So said Cleveland Williams, a ring-scarred veteran of 33, today as he awaited the starting bell of his long-sought title shot with heavyweight champion Cassius Clay, the 5-1 favorite in the Astrodome tonight. Fight time is 10:30 p.m., EST, for the 15-rounder.

This will be Clay's (or Muhammad Ali's) seventh title defense and his sixth within a year. On the record Williams, a strapping, muscular specimen who once rated as the hardest hitter in the heavyweight division, shapes up as the most dangerous challenger Clay has run into this year.

The big questions are whether Williams can connect with his jolting left hook and smashing right against an elusive dancing master and whether he can take Clay's streams of punching and keep coming.

"I'm gonna get the Big Cat just like I got the Bear (Sonny Liston) and the Hare (Floyd Patterson)," said the undefeated, 24-year-old champion from Louisville, Ky. "But I gotta admit Williams is my most dangerous opponent. He can hit hard."

A crowd of 35,000 or more is expected to pay around $500,000 at prices of from $5 to $50 to see the Big Cat get his first chance at boxing's most prized crown.

Closed circuit television in the United States and Canada, national radio by MBS, Early Bird satellite television to London, and television tapes, movies and other ancillary rights may bring in another $1 million to the promotion.

A pro 16 years, Williams was ignored by the champs when he was the scourge of the division and the No. 1 contender in the late fifties and early sixties.

Williams was shot and gravely wounded in a scuffle with a Texas highway patrolman two years ago. His insides were ripped up and he underwent three operations. Few thought he would live and Williams must have been the only one who believed he would be able to fight again.

"I had faith in God," said Williams.

He started his comeback last Feb. 8.

The sunroof works even when there isn't any sun.

When you slide back the sunroof on a Volkswagen Station Wagon, the sky's the limit.

That's because odd-shaped loads you'd have trouble fitting into an ordinary station wagon can stick up out of a VW. Like a tree. Or a refrigerator. (In fact, you never know what might pop up.)

And even when the sunroof's closed, the Volkswagen still gives you almost twice as much space as other wagons. And a 4' by 4' door that lets you get right at all the room inside. (You don't have to be an engineer to move big, bulky loads in and out.)

And whenever you don't want to put big things inside your VW, you can use it for big people instead. It seats 9 of them and holds 13 pieces of luggage. All at once.

Other wagons only hold about half as much as a VW. Even if you hit the ceiling.

But after the VW's all filled up, you can still go through the roof.

League Title Split 3 Ways As Tigers, Beavers Tie 6-6

By BOB DUFFY
Review Sports Editor

The 1966 Buckeye Border Championship had to be sliced three ways after a couple of backyard rivals — Beaver Local and Wellsville — battled to a 6-6 draw Saturday night before a paid crowd of 2,300 at Wellsville's Nicholson Stadium.

Had there been a winner Saturday night, there would have been an outright champion, but Jefferson Union was brought into the picture for a share of the title. Beaver Local, Wellsville and JU all finished the Conference season with 3-1-1 records.

THE SCORE indicated just what type of game unfolded at Wellsville, with both teams evenly matched as statistics will show. Both touchdowns came on long scoring plays of almost the same distance.

Beaver Local drew first blood in the opening period when Andy Hall, senior fullback, shot up the middle and raced 53 yards for a touchdown, putting Coach Don Ross' team in front 6-0 with 4:45 left in the first quarter. The conversion failed when Don Sowards kick went sputtering off to the right of the goal post.

A. Hall Races 53 Yds. For Beavers; Tigers Score On Pass To West

BEAVER LOCAL'S lead stood up for the remainder of the first half, but in the third period with Wellsville on its own 42 quarterback Rich Hall flipped a short pass to the left flat which was taken by Darryl West, who isn't used too often as a receiver, and the junior end raced goalward on a scoring play that covered 58 yards.

West probably would not have made the end zone if it hadn't have been for a great block by Jack Young on the Beaver 20-yard line, cutting down the Beaver Local safety man.

WELLSVILLE also missed the important conversion when a placement by Carl Davis was wide to the right.

Both teams had numerous scoring opportunities, if not for touchdowns at least by field goals. Wellsville attempted two field goals and the Beavers one. Davis came close, but missed boots from the 14-yard line in the third period and from the 10 with 7:17 left in the game.

Don Sowards attempted one for Beaver Local from the 17 in the second period, but the ball was wide.

After Beaver had scored in the first period, Wellsville received a golden scoring opportunity late in the second quarter. Bob Duffield punted to the Beaver 34 and as Jeff Hall attempted to avoid the ball, it bounced up touching his leg and Rich Hall recovered for Wellsville on the Beaver 34 with 2:21 left in the first half.

—:—

TODD WEEKLEY immediately picked up 18 yards and Young got 10 more to the Beaver six with 1:56 to go.

Here the Beaver Local line, led by tackle Alan Moore and linebacker Dennis Klembara, tightened. Dick Stevens was called upon for three straight carries getting down to the one on two carries, but being stopped cold on his third attempt.

With 44 seconds remaining and a fourth and goal situation, misfortune struck for Wellsville. Weekley was called for being in motion and the ball was placed on the six. A pass by Rich Hall was knocked down on a fine play by Ray Ammon as the Beavers held.

—:—

WELLSVILLE received the second - half kickoff and, after an exchange of punts, took over on its own 40. After Stevens picked up two yards, Hall flipped to West for the 58-yard scoring play.

Two plays later Wellsville had the ball again when Mel Wohr-

BALANCING ACT. It appears that Wellsville's Jack Young (31) is playing a form of soccer or balancing the football on his helmet but actually the ball squirted out of Young's arms after he was about to catch a pass as he was hit hard by Beaver Local defensive back Ray Ammon (22). The action took place in Saturday night's game at Wellsville which ended in a 6-6 tie.

Battle Of Unbeaten Is Set For Saturday At E. Lansing

By MIKE RECHT
Associated Press Sports Writer

Nobody can quibble with Ara Parseghian and Duffy Daugherty this week when they are quoted as saying: "We're not looking past this week's game."

That's the cliche the two coaches have stuck with most of the season, but this time it is for real. This is the week Parseghian's top-ranked Notre Dame and Daugherty's second - rated Michigan State meet in one of the most eagerly awaited college football games in years.

The Irish and Spartans set up their unbeaten battle with easy victories last Saturday. Notre Dame over Duke 64-0 and Michigan State over Indiana 37-19.

Terry Hanratty, back on the beam, completed eight of 13 passes for 127 yards and two touchdowns, one to favorite receiver Jim Seymour. The Irish also intercepted four passes in upping their record to 8-0.

Michigan State, winning its second straight Big Ten title, piled up a 37-7 lead as Jimmy Raye threw for three touchdowns and the defense held the Hoosiers to a minus 10 yards rushing.

With Michigan State ineligible for a Rose Bowl bid after going last year, Purdue, 5-1, wrapped up an almost certain bowl trip by polishing off chief challenger Minnesota 16-0.

Illinois, 4-2, clobbered Wisconsin 49-14, but even an Illini victory over Northwestern Saturday and a Purdue loss to Indiana would give the Boilermakers the bid because they have never made the bowl trip before.

Another conference title was settled when undefeated Nebraska, No. 4 in The Associated Press poll, clinched its fourth straight Big Eight crown by overcoming Oklahoma State 21-6 while Missouri eliminated Oklahoma 10-7.

Arkansas, 5-1, set up its unprecedented third straight Southwestern Conference title and a Cotton Bowl trip by dealing Southern Methodist its first defeat, 22-0 on Dave Dickey's two scores.

The Razorbacks, ranked sixth, need only a victory over six-time loser Texas Tech Saturday to clinch at least a tie and a certain bowl bid.

A 52-yard pass from Kirby Moore to Hardy King helped Georgia to a 21-13 triumph over Auburn and gave the ninth-ranked Bulldogs at least a share of the Southeastern Conference flag with a 6-0 mark. The Bulldogs had to come back from a 13-0 halftime deficit.

Georgia has completed its conference schedule but Alabama can tie by beating Auburn Dec. 3. The unbeaten Crimson Tide, No. 3, belted South Carolina 24-0 for its 13th straight victory.

UCLA, No. 8, struggled by Stanford 10-0 on Gary Beban's 24-yard scoring run, but its Pacific 8 title and Rose Bowl hopes were jolted when Beban later suffered a broken ankle. The star quarterback will miss Saturday's showdown game against Southern California, which is the other half of the regionally televised doubleheader after the Notre Dame-Michigan State affair.

Southern Cal, ranked seventh, leads the league at 4-0. It did not play last Saturday.

In other games involving Top Ten teams, Georgia Tech, No. 5, rolled by Penn State 21-0 as Larry Good ran for one touchdown and passed 20 yards for another, and Tennessee, No. 10, lost to Mississippi 14-7 on Jerry Richardson's 51-yard run with a recovered fumble in the last two minutes.

Barry Scores 45 As Warriors Win

By The Associated Press

Three quarters of Rick Barry can be almost to much. Sometimes they are.

Sunday night was one of those times.

Barry played only three quarters, but in that span he made 19 of 36 shots from the field and seven of eight from the foul line for 45 points as the San Francisco Warriors clobbered the Detroit Pistons 135-96.

In the only other game, the Philadelphia 76ers won their 11th game in 12 starts and increased their Eastern Division lead to a full game over Boston by dealing the Chicago Bulls their fourth straight loss, 132-126.

Philadelphia, led by Hal Greer, blew an 11-point lead and then fought back with nine points in a three-minute stretch of the fourth quarter.

Greer finished with 31 points, 13 coming in the final period.

United Registers Sixth Win, 21-12

HANOVERTON — United was forced to come from behind to defeat a fired up Lisbon squad 21-12 here Saturday afternoon.

After United registered the first touchdown on an 80 yard run by Dale Farmer, Lisbon bounced back for a long drive as Berry Lowry scored from two yards out to tie the game 6-6.

Lisbon went into the lead later in the second period when Gary Toot took a pass from Mike Rutecki which covered 51 yards.

United tied the contest when Tom Wood went over from the one then went in front before the half ended when Farmer took a 31 yard pass from Tom Coffee.

United ended its scoring in the fourth period on a 35 yard field goal by Dick Shultz.

United ended its season on the winning side at 6-4 while Lisbon was victorious in one of ten contests.

Clay Rates 5-1 Choice Tonight

By MURRAY ROSE

HOUSTON (AP) — "I'm not making any predictions but the first one to get in a good punch is going to be the winner. I want to be the first one."

So said Cleveland Williams, a ring-scarred veteran of 33, today as he awaited the starting bell of his long-sought title shot with heavyweight champion Cassius Clay, the 5-1 favorite in the Astrodome tonight. Fight time is 10:30 p.m., EST, for the 15-rounder.

This will be Clay's (or Muhammad Ali's) seventh title defense and his sixth within a year. On the record Williams, a strapping, muscular specimen who once rated as the hardest hitter in the heavyweight division, shapes up as the most dangerous challenger Clay has run into this year.

The big questions are whether Williams can connect with his jolting left hook and smashing right against an elusive dancing master and whether he can take Clay's streams of punching and keep coming.

"I'm gonna get the Big Cat just like I got the Bear (Sonny Liston) and the Hare (Floyd Patterson)," said the undefeated, 24-year-old champion from Louisville, Ky. "But I gotta admit Williams is my most dangerous opponent. He can hit hard."

A crowd of 35,000 or more is expected to pay around $500,000 at prices of from $5 to $50 to see the Big Cat get his first chance at boxing's most prized crown.

Closed circuit television in the United States and Canada, national radio by MBS, Early Bird satellite television to London, and television tapes, movies and other ancillary rights may bring in another $1 million to the promotion.

A pro 16 years, Williams was ignored by the champs when he was the scourge of the division and the No. 1 contender in the late fifties and early sixties.

Williams was shot and gravely wounded in a scuffle with a Texas highway patrolman two years ago. His insides were ripped up and he underwent three operations. Few thought he would live and Williams must have been the only one who believed he would be able to fight again.

"I had faith in God," said Williams.

He started his comeback last Feb. 8.

Midland Finishes 9-1 For Best Mark Since '52 Season

Leopards Wallop Monaca By 48-0

BY JOHN MUELLER

The Midland Leopards invaded the reservation of the Monaca Indians and scattered head dresses in all directions as they won 48-0 in a one-sided contest there Saturday night.

A capacity crowd of approximately 3,000 watched the Leopards go on the warpath early and often.

The victory ended one of the most successful campaigns by a Leopard eleven as they posted a final record of nine wins and one defeat.

The 9-1 record is the best since the Leopards posted an identical mark in 1952 under coach John Petchel. The 1952 team went on to win the Class A title in a playoff with German Township and post a final record of 10-1.

JOE HAMILTON
Success In Freshman Year.

It also matches the record of the last great Leopard team coached by the late W. P. "Rusty" Lomand in 1937. Just two Midland teams ever have had undefeated seasons, the 1931 team coached by Lomand and claimed by many fans to be the schools best, and the 1940 team, coached by Bill Walters. The 1931 team had a 9-0 record and the 1940 team 7-0-1.

The season just concluded is a tribute to the Leopards young coach, Joe Hamilton, serving his first year as a head mentor. The 24-year-old Hamilton, an assistant coach at Beaver High School in 1965, assumed his duties with the Leopards in late August.

—:—

THE MANNER in which the Leopards performed both on offense and defense proved the coaching ability of Hamilton and his assistants, Rey Peduzzi and Ivan Dye.

The victory Saturday night was the most one-sided in the long series between the neighborhood rivals, the previous high, a 45-6 win registered by the 1937 team.

—:—

THE SEVEN touchdown onslaught could have been much worse. This was evident when the Leopards had two touchdowns called back, then turned around and scored each time. The defense was amazing in holding the Indians to a minus 22 yards rushing.

Midland started the scoring parade the first time it got the ball in the opening session with 10:30 to play. John Granito's opening kickoff for the Leopards was short and John Gecina took it on the Indians 22 and returned it to the 44. Quarterback Gary Mattes hit end Sam Setting with a 14-yard toss for a first down on the Midland 42.

In the next series of plays, the Indians failed to gain a yard. A bad pass from center on fourth down forced Gecina to fall on the ball at the Indians' 38 and the Leopards had the first break of the game.

—:—

MIDLAND required just six plays to go on the scoreboard. Jan Samuels turned left end for seven yards and Jim Smith went the opposite way for 12 and a first down on the 19.

Dave Vanlier carried around right end to the nine and another first down. Jim Smith picked up four yards around left end and Rich Mahurt went the same way for the score on the next play. The Leopards led 7-0 following Granito's placement with 7:52 remaining.

Monaca failed to move the sticks on the first series following the kickoff and had to kick.

Midland needed just three plays to score. Mahurt picked up five yards, but Samuels lost four yards when he fumbled the center snap and recovered on the 41. Mahurt then took a screen pass on the next play and went the distance. The play covered 59 yards. Granito's placement made it 14-0 with 4:50 to play.

—:—

MONACA picked up two first downs following the kickoff as Mattes hit Rich Pfeifer with a 24-yard pass and followed with a 13-yard aerial to Setting that put the pigskin on the Midland 23 for the Indians' most serious threat of the game.

Mattes tried to circle right end and picked up just three yards. Returning to the air lanes, Mattes hurled two incomplete passes. His fourth - down toss into the end zone was picked off by John Williams and returned to the Midland 46 as the last Indian defender nailed him near the sidelines.

—:—

THE LEOPARDS took advantage of the interception and hit Williams with a long toss on the first play. Williams gathered it in on the Monaca 35 and raced for the end zone. The play was called back and the Leopards were penalized 15 yards for holding that set them back to their own 28 with a first and 25 situation.

The Indians' jubilation over the break was short lived. Vanlier, on the running end of a double reverse, circled right end and went 72 yards for the TD with 2:17 to play in the first period. Granito missed his only placement attempt of the evening and Midland led 20-0.

—:—

THE INDIANS were forced to punt after picking up a first down following the kickoff and Smith took the kick on the Midland 20-yard line and behind good blocking went all the way for the score. Time ran out as Smith nestled the ball in his arms for the TD run. Granito converted and Midland led 27-0 as the opening stanza ended.

The Leopards did not let up and Midland went 66 yards for its next TD early in the period. Samuels started the fireworks by picking up 27 yards around right end on the option play to put the ball on the Monaca 39. Vanlier turned the same end for a touchdown on the next play, but the Leopards were guilty of illegal motion and the play was called back. A screen pass to Mahurt was good for 21 yards and a first down on the Monaca 23 yard line. Samuels found Larry Walker in the end zone two plays later for a 23 yard scoring play. Granito converted and Midland led 34-0 with 7:35 left to play.

—:—

THE MIDLAND defense was mainly responsible for the next Leopard TD. Monaca had the ball on its 26 following the kickoff. Two plays and the Indians were pushed back to their 11.

Jim Pruski lost 10 yards attempting to pass and Terry McClain lost five yards on a draw play. The Indians were forced to kick and the ball hit about the 25 and bounced back to the 13, netting the Indians just two yards.

Midland needed two plays to score. Coach Hamilton, substituting freely at this point, had no chance to hold down the score. Dick Stoffel picked up four yards on the first play. Jim Crute went the final nine yards on a pitchout around left end for the score and Granito converted for a 41-0 lead with five minutes to play in the half.

—:—

GRANITO pounced on a fumble by Pruski at the Monaca 30 yard line to setup the Leopards next TD drive. The payoff was a 25 yard pass from Walter Marcinak to Jim Crute in the end zone. Granito's kick was good and Midland led 48-0 with just 22 seconds on the clock.

The Indians never threatened in the second half. The best opportunity occurred when Howard Witterman intercepted Marcinak's pass on the Monaca 49 yard line. The Indians ended that series by kicking from the 35 yard line.

John Granito, the Leopards kicking specialist, was booting well as he hit on six out of seven tries.

Browns Win, Stay In Race

By ED SCHUYLER JR.
Associated Press Sports Writer

The Washington Redskins missed upsetting the Dallas Cowboys by a foot—Danny Villanueva's right one—and the Detroit Lions get their kicks from Garo Yepremian.

In fact, National Football League Clubs really played FOOTball Sunday as 29 field goals were kicked, the most of any weekend this season.

Villanueva kicked only one field goal, but it came with just 15 seconds remaining and gave the Cowboys a 31-30 victory, a 6-2-1 record and moved them to within one-half game of first place St. Louis in the Eastern Conference.

On the other hand, Yepremian booted six field goals for an NFL single game record as the Lions nipped Minnesota 32-31. His eight attempts also tied a single game mark set by Baltimore's Lou Michaels when he was with Pittsburgh.

Still another single game record—11 three-pointer tries by two teams—was set in Pittsburgh's 30-9 upset of St. Louis.

Pittsburgh's Mike Clark made three and Jim Bakken booted a like number for the Cardinals, 7-2-1, playing their first game without quarterback Charley Johnson, who is through for the season because of an ankle injury.

In other games, Baltimore tied idle Green Bay for first place in the West with a 7-2 mark by taking a 19-7 victory over Atlanta; Cleveland whipped Philadelphia 27-7 to move within a game of St. Louis; San Francisco tied Chicago 30-30 and Los Angeles snapped a four-game losing streak by trouncing New York 55-14.

Although Villanueva's field goal won't put him in the record book, it could help put the Cowboys in the book as conference or even league champions.

Dallas, with no time outs left, started the drive for Villanueva's winning 20-yard boot from their own three with only 59 seconds left. Villanueva also converted after four TDs—two of them by the passing combination of Don Meredith to Bob Hayes for 53 and 95 yards.

The Redskins had gone ahead on an 18-yeard pass from Sonny Jurgensen to Charlie Taylor. Jurgensen also hit Taylor for a 78-yard TD, and Charley Gogolak kicked three field goals.

"After a while, I think I'll be a good kicker," Yepremian said after breaking the old record of five field goals held by Ernie Nevers of the Duluth Eskimos, Bob Waterfield of the Los Angeles, Bakken of St. Louis and Michaels of Baltimore.

Pittsburgh, which upset Cleveland last week and gets a shot at Dallas next week, took advantage of three interceptions off Terry Hofsinger to beat St. Louis. The Steelers' Clark kicked three field goals and quarterback Ron Smith and halfback Don Hoak threw TD passes. Bakken kicked for all of St. Louis' points.

Baltimore's Michaels kept the Colts within one point, 7-6, in the first half with two field goals. Then after Lenny Moore put the Colts ahead on a one-yard run, Michaels added two more three-pointers.

Frank Ryan passed for two scores, Ernie Green ran for one and Lou Groza kicked a pair of field goals for Cleveland, now 6-3.

A 44-yard field goal by Tommy Davis with nine seconds remaining—his third of the game—gave San Francisco its tie with Chicago. A bad pass from center on a conversion attempt after Ed O'Bradovich ran 11 yards with a fumble for a TD cost Chicago a victory.

Bruce Gossett also kicked two field goals for Los Angeles, but the Rams didn't need them as Roman Gabriel rushed for two TDs and completed 24 of 35 passes for 298 yards and two scores against the hapless Giants. One of New York's touchdowns came on a 100-yard return of a pass interception by Henry Carr.

Sherman Hopes To Bow Out On Perfect Muskie Season

By HAL PARIS
Associated Press Sports Writer

Ed Sherman, the dean of Ohio Conference football coaches, is about ready to make his swan song.

But please don't send any flowers.

The venerable coach and athletic director at Muskingum College has plans for a stylish exit Saturday. A victory over Baldwin-Wallace would give the Muskies a perfect 9-0 season.

Sherman announced last Spring he would give up coaching after the 1966 campaign and devote fulltime to his chores as athletic director.

Under his guidance the last 22 years, Muskingum teams have mounted a formidable 140-42-7 log. And if the Muskies get by B-W, it will mark the school's third unblemished season with Sherman in command.

Last Saturday, the Muskies, ranked 10th among the nation's small colleges, survived a scare from Hofstra and emerged with a 27-19 triumph, the 16th straight for the New Concord college over a two-year span.

In other major games involving Buckeye teams, Ohio State got a late touchdown on a two-yard chuck from Bill Long to Bo Rein and then checked a frantic Iowa charge to post a 14-10 decision over the last place Hawkeyes.

The victory leveled off Ohio's seasonal record at 4-4 and Big Ten showing at 3-3.

In others, Miami overpowered Dayton 38-6; Bowling Green blanked Ohio University 28-0; lowly Marshall upset Kent State 16-7; Cincinnati downed Louisville 17-3; Xavier staggered Western Michigan 21-6 and Toledo and the Quantico Marines battled to a 14-14 deadlock.

Bruce Matte fired three touchdown passes and scored another in leading the Redskins to their eighth victory in nine starts.

Bowling Green held Ohio U. to only 57 yards total offense in locking up third place in the Mid-American Conference standings.

Aroused Marshall held power runner Don Fitzgerald to only 54 yards as the Herd snapped a seven-game losing string.

Quarterback Tony Jackson passed for one TD and scored another as Cincinnati rolled to its ninth straight over Louisville, a team it has never lost to.

Xavier's top passer, Carroll Williams, emerged from a long slump hitting nine of 14 tosses for 104 yards and scoring twice in the Musketeers' surprise verdict over Western, which shared the MAC title with Miami.

Toledo made two costly fumbles, one bobble in its own end zone, that forced the tie with the Marines.

Barry Aronson flipped a five-yard touchdown pass in the final five seconds giving Ohio Wesleyan a 7-6 victory over Mount Union; once-beaten Denison routed Kenyon 63-0; Wittenberg bombed Kalamazoo 33-7; Youngstown outlasted Baldwin-Wallace 27-14; and Akron romped over Heidelberg, 20-0.

Midland Finishes 9-1 For Best Mark Since '52 Season

Leopards Wallop Monaca By 48-0

BY JOHN MUELLER

The Midland Leopards invaded the reservation of the Monaca Indians and scattered head dresses in all directions as they won 48-0 in a one-sided contest there Saturday night.

A capacity crowd of approximately 3,000 watched the Leopards go on the warpath early and often.

The victory ended one of the most successful campaigns by a Leopard eleven as they posted a final record of nine wins and one defeat.

The 9-1 record is the best since the Leopards posted an identical mark in 1952 under coach John Petchel. The 1952 team went on to win the Class A title in a playoff with German Township and post a final record of 10-1.

It also matches the record of the last great Leopard team coached by the late W. P. "Rusty" Lomand in 1937. Just two Midland teams ever have had undefeated seasons, the 1931 team coached by Lomand and claimed by many fans to be the schools best, and the 1940 team, coached by Bill Walters. The 1931 team had a 9-0 record and the 1940 team 7-0-1.

The season just concluded is a tribute to the Leopards young coach, Joe Hamilton, serving his first year as a head mentor. The 24-year-old Hamilton, an assistant coach at Beaver High School in 1965, assumed his duties with the Leopards in late August.

—:—

THE MANNER in which the Leopards performed both on offense and defense proved the coaching ability of Hamilton and his assistants, Rey Peduzzi and Ivan Dye.

The victory Saturday night was the most one-sided in the long series between the neighborhood rivals, the previous high, a 45-6 win registered by the 1937 team.

—:—

THE SEVEN touchdown onslaught could have been much worse. This was evident when the Leopards had two touchdowns called back, then turned around and scored each time. The defense was amazing in holding the Indians to a minus 22 yards rushing.

Midland started the scoring parade the first time it got the ball in the opening session with 10:30 to play. John Granito's opening kickoff for the Leopards was short and John Gecina took it on the Indians 22 and returned it to the 44. Quarterback Gary Mattes hit end Sam Setting with a 14-yard toss for a first down on the Midland 42.

In the next series of plays, the Indians failed to gain a yard. A bad pass from center on fourth down forced Gecina to fall on the ball at the Indians' 38 and the Leopards had the first break of the game.

—:—

MIDLAND required just six plays to go on the scoreboard. Jan Samuels turned left end for seven yards and Jim Smith went the opposite way for 12 and a first down on the 19.

Dave Vanlier carried around right end to the nine and another first down. Jim Smith picked up four yards around left end and Rich Mahurt went the same way for the score on the next play. The Leopards led 7-0 following Granito's placement with 7:52 remaining.

Monaca failed to move the sticks on the first series following the kickoff and had to kick.

Midland needed just three plays to score. Mahurt picked up five yards, but Samuels lost four yards when he fumbled the center snap and recovered on the 41. Mahurt then took a screen pass on the next play and went the distance. The play covered 59 yards. Granito's placement made it 14-0 with 4:50 to play.

—:—

MONACA picked up two first downs following the kickoff as Mattes hit Rich Pfeifer with a 24-yard pass and followed with a 13-yard aerial to Setting that put the pigskin on the Midland 23 for the Indians' most serious threat of the game.

Mattes tried to circle right end and picked up just three yards. Returning to the air lanes, Mattes hurled two incomplete passes. His fourth - down toss into the end zone was picked off by John Williams and returned to the Midland 46 as the last Indian defender nailed him near the sidelines.

—:—

THE LEOPARDS took advantage of the interception and hit Williams with a long toss on the first play. Williams gathered it in on the Monaca 35 and raced for the end zone. The play was called back and the Leopards were penalized 15 yards for holding that set them back to their own 28 with a first and 25 situation.

The Indians' jubilation over the break was short lived. Vanlier, on the running end of a double reverse, circled right end and went 72 yards for the TD with 2:17 to play in the first period. Granito missed his only placement attempt of the evening and Midland led 20-0.

—:—

THE INDIANS were forced to punt after picking up a first down following the kickoff and Smith took the kick on the Midland 20-yard line and behind good blocking went all the way for the score. Time ran out as Smith nestled the ball in his arms for the TD run. Granito converted and Midland led 27-0 as the opening stanza ended.

The Leopards did not let up and Midland went 66 yards for its next TD early in the period. Samuels started the fireworks by picking up 27 yards around right end on the option play to put the ball on the Monaca 39. Vanlier turned the same end for a touchdown on the next play, but the Leopards were guilty of illegal motion and the play was called back. A screen pass to Mahurt was good for 21 yards and a first down on the Monaca 23 yard line. Samuels found Larry Walker in the end zone two plays later for a 23 yard scoring play. Granito converted and Midland led 34-0 with 7:35 left to play.

—:—

THE MIDLAND defense was mainly responsible for the next Leopard TD. Monaca had the ball on its 26 following the kickoff. Two plays and the Indians were pushed back to their 11.

Jim Pruski lost 10 yards attempting to pass and Terry McClain lost five yards on a draw play. The Indians were forced to kick and the ball hit about the 25 and bounced back to the 13, netting the Indians just two yards.

Midland needed two plays to score. Coach Hamilton, substituting freely at this point, had no chance to hold down the score. Dick Stoffel picked up four yards on the first play. Jim Crute went the final nine yards on a pitchout around left end for the score and Granito converted for a 41-0 lead with five minutes to play in the half.

—:—

GRANITO pounced on a fumble by Pruski at the Monaca 30 yard line to setup the Leopards next TD drive. The payoff was a 25 yard pass from Walter Marcinak to Jim Crute in the end zone. Granito's kick was good and Midland led 48-0 with just 22 seconds on the clock.

The Indians never threatened in the second half. The best opportunity occurred when Howard Witterman intercepted Marcinak's pass on the Monaca 49 yard line. The Indians ended that series by kicking from the 35 yard line.

John Granito, the Leopards kicking specialist, was booting well as he hit on six out of seven tries.

Browns Win, Stay In Race

By ED SCHUYLER JR.
Associated Press Sports Writer

The Washington Redskins missed upsetting the Dallas Cowboys by a foot—Danny Villanueva's right one—and the Detroit Lions get their kicks from Garo Yepremian.

In fact, National Football League Clubs really played FOOTball Sunday as 29 field goals were kicked, the most of any weekend this season.

Villanueva kicked only one field goal, but it came with just 15 seconds remaining and gave the Cowboys a 31-30 victory, a 6-2-1 record and moved them to within one-half game of first place St. Louis in the Eastern Conference.

On the other hand, Yepremian booted six field goals for an NFL single game record as the Lions nipped Minnesota 32-31. His eight attempts also tied a single game mark set by Baltimore's Lou Michaels when he was with Pittsburgh.

Still another single game record—11 three-pointer tries by two teams—was set in Pittsburgh's 30-9 upset of St. Louis.

Pittsburgh's Mike Clark made three and Jim Bakken booted a like number for the Cardinals, 7-2-1, playing their first game without quarterback Charley Johnson, who is through for the season because of an ankle injury.

In other games, Baltimore tied idle Green Bay for first place in the West with a 7-2 mark by taking a 19-7 victory over Atlanta; Cleveland whipped Philadelphia 27-7 to move within a game of St. Louis; San Francisco tied Chicago 30-30 and Los Angeles snapped a four-game losing streak by trouncing New York 55-14.

Although Villanueva's field goal won't put him in the record book, it could help put the Cowboys in the book as conference or even league champions.

Dallas, with no time outs left, started the drive for Villanueva's winning 20-yard boot from their own three with only 59 seconds left. Villanueva also converted after four TDs—two of them by the passing combination of Don Meredith to Bob Hayes for 53 and 95 yards.

The Redskins had gone ahead on an 18-yeard pass from Sonny Jurgensen to Charlie Taylor. Jurgensen also hit Taylor for a 78-yard TD, and Charley Gogolak kicked three field goals.

"After a while, I think I'll be a good kicker," Yepremian said after breaking the old record of five field goals held by Ernie Nevers of the Duluth Eskimos, Bob Waterfield of the Los Angeles, Bakken of St. Louis and Michaels of Baltimore.

Pittsburgh, which upset Cleveland last week and gets a shot at Dallas next week, took advantage of three interceptions off Terry Hofsinger to beat St. Louis. The Steelers' Clark kicked three field goals and quarterback Ron Smith and halfback Don Hoak threw TD passes. Bakken kicked for all of St. Louis' points.

Baltimore's Michaels kept the Colts within one point, 7-6, in the first half with two field goals. Then after Lenny Moore put the Colts ahead on a one-yard run, Michaels added two more three-pointers.

Frank Ryan passed for two scores, Ernie Green ran for one and Lou Groza kicked a pair of field goals for Cleveland, now 6-3.

A 44-yard field goal by Tommy Davis with nine seconds remaining—his third of the game—gave San Francisco its tie with Chicago. A bad pass from center on a conversion attempt after Ed O'Bradovich ran 11 yards with a fumble for a TD cost Chicago a victory.

Bruce Gossett also kicked two field goals for Los Angeles, but the Rams didn't need them as Roman Gabriel rushed for two TDs and completed 24 of 35 passes for 298 yards and two scores against the hapless Giants. One of New York's touchdowns came on a 100-yard return of a pass interception by Henry Carr.

Lion Kicker Sets Record With 6 FG's

By LEW FERGUSON

MINNEAPOLIS - ST. PAUL (AP) — Five weeks ago in Baltimore, Garo Yepremian set foot on an American football field for the first time in his life.

Sunday, he broke the National Football League record by kicking six field goals, ranging from 15 to 33 yards, as the Detroit Lions edged the Minnesota Vikings 32-31.

Now, he proclaimed in the dressing room, he plans to become "at least one of the best" kickers in professional football.

"That's why I chose No. 1 (his jersey number)," he said, and somehow it didn't sound like the little 22-year-old immigrant was bragging. The 5-foot-8, 165-pounder sounded too honest to be bragging.

"I am a good kicker," he said, "but I want to be one of the best."

Yepremian's background is even more intriguing than that of the Gogolak brothers, Pete and Charley, pro football's best-known soccer-style kickers.

Yepremian, who boots with his left foot and looks like the Lions have suited up some high schooler when he trots onto the field, is a native of Cyprus. He's of Armenian descent and lived in a Greek neighborhood on Cyprus.

He left Cyprus in 1960 when he was 16, then spent 5½ years in London as a salesman in a haberdashery. He played amateur soccer on the side—with the Armenian Youth Society, a church club.

Yepremian came to the United States last summer to visit his brother, Krikor, in Indianapolis. Krikor has been in this country eight years and attended Indiana University.

His brother helped him write letters to all the NFL and American Football League teams, seeking employment as a kicker.

The new Atlanta Falcons answered him first, inviting him to a tryout. Then the Lions also replied, extending an invitation for a look-see.

He went to Detroit, tried out for Coach Harry Gilmer and was signed on the field. He says a major factor in his selecting Detroit was that he found an Armenian church there and likes the city.

Wellsville

(Continued from Page 16)

ley intercepted a Klembara pass at the Beaver 24.

The hard - charging Beaver line took over and pushed Wellsville back to the 41 where the Tigers punted.

—:—

WELLSVILLE received its second break of the quarter when a bad snap from center went over Jeff Hall's head and West recovered for the Tigers on the Beaver 18.

Gaining only four yards in three plays Davis then missed on a field goal try from the 14.

Moving into the fourth quarter, Beaver Local had their backs to the wall again when a sparkling 27 yard run by Young on a reverse put Wellsville on the Beaver 30.

After Weekley picked up five Hall fired a pass to Bob Morehead who made a fine diving catch to give the Tigers a first down on the Beaver seven.

The tough Beaver line stopped Weekley for no gain, however, when Young was thrown for a three - yard loss. A third-down pass failed and Davis, who had booted several field goals this season, missed the three - pointer, with 7:17 left in the game.

Beaver Local went to work and mounted a drive of its own. An outstanding catch by Dave McDonald on a tackle eligible play of a ball thrown by Klembara moved the Beavers from the 23 to midfield.

—:—

KLEMBARA then hit Dunn with a 21-yard screen pass to the Wellsville 29 with 5:31 left. Beaver Local picked up another first down on the Wellsville 18.

Klembara picked up three, a second - down pass failed, but Jeff Hall completed a six-yard toss to Dunn on the nine. On a fourth - and - one situation, Klembara attempted to sneak for the first down, but Wellsville's defensive line rose to the occasion to hold and the Tigers took over on their nine.

—:—

WEEKLEY moved out to the 12, but then was almost trapped for a safety as he went deep, being brought down on the one yard line on a hard tackle by Lou Brown. Wellsville punted out, but the next time Beaver Local got the ball Weekley intercepted a pass on the Wellsville 20 and the contest ended two plays later.

The even battle saw both teams have eight first downs, five by passing and three rushing. Wellsville gained 144 yards, but was thrown for 57 yards in losses for a net of 87. Beaver had a net of 130 yards.

With Klembara doing most of the throwing, Beaver Local attempted 2' passes and completed seven for 112 yards. The Tigers had three out of seven for 83 yards.

The three - way championship is the first time either Wellsville or Beaver Local ever held the title. Jefferson Union was the defending Conference champ.

To further point out that everything came out even, both the Beavers and Tigers finished with identical 5-4-1 records.

Gino Cappelletti Scores 21 In Win

BOSTON (AP) — Gino Cappeletti, owner of a sturdy toe and glued fingertips, resumed his role as the American Football League's leading scorer today after going from goat to hero within a week.

Cappelletti, bidding for his fifth scoring title in the AFL's seven-year history, connected for 21 points Sunday as the sputtering Boston Patriots held on for a 27-21 victory over Houston.

The 32-year-old former Minnesota star scored touchdowns on passes from Babe Parilli covering 63 and 31 yards, booted field goals from 28 and 44 yards out and kicked three conversions in boosting his nine-game output to 84 points.

"It took me all week to shake the nightmare of the Denver game from my system,' Cappelletti said.

Lion Kicker Sets Record With 6 FG's

By LEW FERGUSON

MINNEAPOLIS - ST. PAUL (AP) — Five weeks ago in Baltimore, Garo Yepremian set foot on an American football field for the first time in his life.

Sunday, he broke the National Football League record by kicking six field goals, ranging from 15 to 33 yards, as the Detroit Lions edged the Minnesota Vikings 32-31.

Now, he proclaimed in the dressing room, he plans to become "at least one of the best" kickers in professional football.

"That's why I chose No. 1 (his jersey number)," he said, and somehow it didn't sound like the little 22-year-old immigrant was bragging. The 5-foot-8, 165-pounder sounded too honest to be bragging.

"I am a good kicker," he said, "but I want to be one of the best."

Yepremian's background is even more intriguing than that of the Gogolak brothers, Pete and Charley, pro football's best-known soccer-style kickers.

Yepremian, who boots with his left foot and looks like the Lions have suited up some high schooler when he trots onto the field, is a native of Cyprus. He's of Armenian descent and lived in a Greek neighborhood on Cyprus.

He left Cyprus in 1960 when he was 16, then spent 5½ years in London as a salesman in a haberdashery. He played amateur soccer on the side—with the Armenian Youth Society, a church club.

Yepremian came to the United States last summer to visit his brother, Krikor, in Indianapolis. Krikor has been in this country eight years and attended Indiana University.

His brother helped him write letters to all the NFL and American Football League teams, seeking employment as a kicker.

The new Atlanta Falcons answered him first, inviting him to a tryout. Then the Lions also replied, extending an invitation for a look-see.

He went to Detroit, tried out for Coach Harry Gilmer and was signed on the field. He says a major factor in his selecting Detroit was that he found an Armenian church there and likes the city.

Wellsville

(Continued from Page 16)

ley intercepted a Klembara pass at the Beaver 24.

The hard - charging Beaver line took over and pushed Wellsville back to the 41 where the Tigers punted.

—:—

WELLSVILLE received its second break of the quarter when a bad snap from center went over Jeff Hall's head and West recovered for the Tigers on the Beaver 18.

Gaining only four yards in three plays Davis then missed on a field goal try from the 14.

Moving into the fourth quarter, Beaver Local had their backs to the wall again when a sparkling 27 yard run by Young on a reverse put Wellsville on the Beaver 30.

After Weekley picked up five Hall fired a pass to Bob Morehead who made a fine diving catch to give the Tigers a first down on the Beaver seven.

The tough Beaver line stopped Weekley for no gain, however, when Young was thrown for a three - yard loss. A third-down pass failed and Davis, who had booted several field goals this season, missed the three - pointer, with 7:17 left in the game.

Beaver Local went to work and mounted a drive of its own. An outstanding catch by Dave McDonald on a tackle eligible play of a ball thrown by Klembara moved the Beavers from the 23 to midfield.

—:—

KLEMBARA then hit Dunn with a 21-yard screen pass to the Wellsville 29 with 5:31 left. Beaver Local picked up another first down on the Wellsville 18.

Klembara picked up three, a second - down pass failed, but Jeff Hall completed a six-yard toss to Dunn on the nine. On a fourth - and - one situation, Klembara attempted to sneak for the first down, but Wellsville's defensive line rose to the occasion to hold and the Tigers took over on their nine.

—:—

WEEKLEY moved out to the 12, but then was almost trapped for a safety as he went deep, being brought down on the one yard line on a hard tackle by Lou Brown. Wellsville punted out, but the next time Beaver Local got the ball Weekley intercepted a pass on the Wellsville 20 and the contest ended two plays later.

The even battle saw both teams have eight first downs, five by passing and three rushing. Wellsville gained 144 yards, but was thrown for 57 yards in losses for a net of 87. Beaver had a net of 130 yards.

With Klembara doing most of the throwing, Beaver Local attempted 2' passes and completed seven for 112 yards. The Tigers had three out of seven for 83 yards.

The three - way championship is the first time either Wellsville or Beaver Local ever held the title. Jefferson Union was the defending Conference champ.

To further point out that everything came out even, both the Beavers and Tigers finished with identical 5-4-1 records.

Gino Cappelletti Scores 21 In Win

BOSTON (AP) — Gino Cappeletti, owner of a sturdy toe and glued fingertips, resumed his role as the American Football League's leading scorer today after going from goat to hero within a week.

Cappelletti, bidding for his fifth scoring title in the AFL's seven-year history, connected for 21 points Sunday as the sputtering Boston Patriots held on for a 27-21 victory over Houston.

The 32-year-old former Minnesota star scored touchdowns on passes from Babe Parilli covering 63 and 31 yards, booted field goals from 28 and 44 yards out and kicked three conversions in boosting his nine-game output to 84 points.

"It took me all week to shake the nightmare of the Denver game from my system,' Cappelletti said.

Is There A Good House Anywhere?

By VIVIAN BROWN
AP Newsfeatures Writer

A subject that is dear to the hearts of women in their houses as a kaffee klatch group agreed the other day.

The gripe of the moment is that houses haven't really changed in 10 years — they're drearier and more monotonous looking, if anything, no matter what the style.

"Why must one look and look and look to find a house one wants to live in. The house may have the number of bedrooms required, a living room, kitchen, bathroom. But it is blah—certainly no one's dream house," says a woman house seeker in the group.

The girls took up the cry—"Few houses have personality," . . .You don't pick a house you like. You pick one you can put up with. . . . ."

—:—

NEW American houses are neat, spanking clean and smell of fresh mortar and paint That's all you can say for them, in the opinion of this group. If you have any flair to be an individual in a community you must resent living in a series of boxes that have been put together and labeled "house."

"Why can't houses be built high, silo - style, permitting a beautiful view. . .why can't houses be built on many different levels. . .why is the living room always on the ground floor?. .Why must kitchens all look alike. . . ." they say.

Too little time is put into the actual planning of a house as an individual thing. They're planned in "lots."

For example, why is it that a house that has had a wing or two added to it looks more charming than a standard house with the same number of rooms, asks one house kibitzer: who answers her own question.

"Time and effort is put into planning the extra space to make it look different and flatter the home and its occupants."

A house built from a plan that has gone the rounds of the community is just a bundle of rooms put together at the least cost to the builder, in her opinion.

If you have X-dollars you get an X-house. If you have XX-dollars, you get pretty much the same house with a few added attractions — fireplace, two bathrooms, a family room.

People buy incredible wrecks just to get a swimming pool, and one kaffee klatcher admitted her husband bought their present home just to get the compost heap that went with the big garden.

—:—

FEW PEOPLE brag about their homes as they did in the olden days, and anyone lucky enough to find an old design—Georgian, salt - box, Colonial—will brag.

But a so - called 'modern" house that is within the pocketbook of the average person isn't worth writing home about. People are ready for modern houses, but those that are built just make the old - fashioned houses, even gingerbread Victorian, look more like homes.

The house hunters decided that every time they walk through a new house that is an insult to their generation, they'll complain loud — like to real estate agent, builder, architect, anyone who wants to listen.

"It's the only way the word will be passed as to why a house is turned down. But eventually you wind up with a similar one if there isn't anything else to accommodate your family, says a young woman with four small children.

The ladies become annoyed with such things as horrible bathroom colors. . . .kitchen appliances that look as if they've been pushed together with no thought of planning for footwork. . . .windows that require difficult and expensive decoration. . .

Builders have been concentrating on supplying "chintzy" things, they say. Corny lighting fixtures, terrible looking hanging cabinets in family rooms. A work - table may be thrown in to intrigue the man of the house.

One woman is a perennial mover. She has lived in four different towns in three years. Her news for the girls was a little discouraging.

"It's the same no matter where you go," she says.

Key Factors Discussed In 'Building' Of Home

By ANDY LANG
AP Newsfeatures

It is estimated that about one in every 10 homes in the United States is built by the owner.

Before you begin shaking your head in disbelief the word "built" is being used in the industry sense, that is, constructed under the general direction of the owner.

The term includes those who select house plans from newspapers and other publications and turn them over to builders, those who purchase plans from architects, those who actually hire architects to design and supervise, those who parcel out sections of the work to different contractors and those who themselves do some or all the labor.

What are the most important categories of home building for those who intend to build their own homes?

What better person to ask than someone who has gone through the experience and who, in fact, wrote a book about it? So we contacted Larry Eisinger, author of "How To Build and Contract Your Own Home" and put the query to him.

"First of all," said Eisinger, "everything connected with building a home is important. But if I had to pick out the key factors, I would choose the selection of the home design and the financing arrangements.

"The shelter requirements of all families differ and no one should hurry the choice of design. Once you have selected the design and find that it fits your pocketbook, as well as the area in which the house is being built, explore the mortgage placement as carefully as you chose the design.

"Many thousands of dollars can be saved by shopping around for a mortgage rather than taking the first one offered."

Eisinger volunteered the information that people often make the mistake of trying to cut corners in areas of building where top quality is of the utmost importance.

"For instance," he said, "one should attempt to obtain the finest plumbing system possible rather than look for short cuts. Costwise, there is often only a little difference between the high quality plumbing system and one that barely meets the standards, but that difference can mean trouble-free plumbing for an indefinite period rather than headaches within a few years. Plumbing repairs can be very costly."

Prospective home builders were cautioned by Eisinger to give extra special consideration to the planning of the kitchen layout, "not only because statistics show that more time is spent in the kitchen than any other room, especilly by the woman, but because a kitchen usually represents a greater initial monetary investment than any other single room."

He admitted that his original kitchen "looked very efficient on paper," but didn't work too well in actual use and had to be changed somewhat within a short time.

"One final but important bit of advice," said Eisinger. "If you're going to build your own home, talk at length to individuals in your own area who have done the same thing. You can save money and trouble as a result of their experiences."

Farmer Gets A Belt From Hunter's Bullet

AITKIN, Minn. (AP) — Harry Elstad was sitting in his farm home Sunday when a stray bullet — apparently fired by a deer hunter — ripped through the outside wall of the home. The bullet went through an interior wall, then hit Elstad's belt.

He received a severe bruise but was not hospitalized, the sheriff's office reported.

How To Achieve Gaining Effect

AP Newsfeatures

Question: Can you tell me how to get a graining effect on an old piece of furniture. Is it necessary to remove the old finish?

Answer: Graining can be done after removing the old finish or directly over the old finish after first applying what is called a "prepping" liquid.

Since you have never attempted this before, we suggest that you purchase one of the antiquing - graining kits now on the market. These not only include all the materials necessary, including a small brush, but give detailed instructions on graining over raw wood or an old finish.

—:—

QUESTION: I just read a book that says varnish should not be flowed on. I have always heard this procedure was correct for varnish. Which is correct?

Answer: Probably just a matter of what is meant by flowed on. We interpret it to mean applying the varnish with moderate pressure on the brush so that the bristles bend very little or not at all. This should be done first with the grain, then at right angles and, finally, with the grain, using an almost-dry brush and only the bristle tips for this last operation.

Is There A Good House Anywhere?

By VIVIAN BROWN
AP Newsfeatures Writer

A subject that is dear to the hearts of women in their houses as a kaffee klatch group agreed the other day.

The gripe of the moment is that houses haven't really changed in 10 years — they're drearier and more monotonous looking, if anything, no matter what the style.

"Why must one look and look and look to find a house one wants to live in. The house may have the number of bedrooms required, a living room, kitchen, bathroom. But it is blah—certainly no one's dream house," says a woman house seeker in the group.

The girls took up the cry—"Few houses have personality," . . .You don't pick a house you like. You pick one you can put up with. . . . ."

—:—

NEW American houses are neat, spanking clean and smell of fresh mortar and paint. That's all you can say for them, in the opinion of this group. If you have any flair to be an individual in a community you must resent living in a series of boxes that have been put together and labeled "house."

"Why can't houses be built high, silo - style, permitting a beautiful view. . .why can't houses be built on many different levels. . .why is the living room always on the ground floor?. .Why must kitchens all look alike. . . ." they say.

Too little time is put into the actual planning of a house as an individual thing. They're planned in "lots."

For example, why is it that a house that has had a wing or two added to it looks more charming than a standard house with the same number of rooms, asks one house kibitzer: who answers her own question.

"Time and effort is put into planning the extra space to make it look different and flatter the home and its occupants."

A house built from a plan that has gone the rounds of the community is just a bundle of rooms put together at the least cost to the builder, in her opinion.

If you have X-dollars you get an X-house. If you have XX-dollars, you get pretty much the same house with a few added attractions — fireplace, two bathrooms, a family room.

People buy incredible wrecks just to get a swimming pool, and one kaffee klatcher admitted her husband bought their present home just to get the compost heap that went with the big garden.

—:—

FEW PEOPLE brag about their homes as they did in the olden days, and anyone lucky enough to find an old design—Georgian, salt - box, Colonial—will brag.

But a so - called 'modern" house that is within the pocketbook of the average person isn't worth writing home about. People are ready for modern houses, but those that are built just make the old - fashioned houses, even gingerbread Victorian, look more like homes.

The house hunters decided that every time they walk through a new house that is an insult to their generation, they'll complain loud — like to real estate agent, builder, architect, anyone who wants to listen.

"It's the only way the word will be passed as to why a house is turned down. But eventually you wind up with a similar one if there isn't anything else to accommodate your family," says a young woman with four small children.

The ladies become annoyed with such things as horrible bathroom colors. . . .kitchen appliances that look as if they've been pushed together with no thought of planning for footwork. . . .windows that require difficult and expensive decoration . .

Builders have been concentrating on supplying "chintzy" things, they say. Corny lighting fixtures, terrible looking hanging cabinets in family rooms. A work - table may be thrown in to intrigue the man of the house.

In Saigon Area

Battle Sets Back Guerrilla Purge

SAIGON, South Viet Nam (AP) — The battle of Tay Ninh Province set back a major U.S. effort to clean out Viet Cong guerrillas near Saigon.

Nearly half the combat battalions of the 1st Infantry Division had been wheeled into position for the big pacification campaign. Some operations had been mounted just outside the Vietnamese capital.

Then elements of the Viet Cong 9th Division, a main force outfit, opened major attacks in Tay Ninh Province about 60 miles northwest of Saigon. The 1st Division had to rush to the critical battleground.

Only a few hours before the Tay Ninh battle erupted Nov. 3, senior officers of the 1st Division told a newsman the VC 9th had been "pushed back into the briar patch" along the Cambodian border.

The 1st Division could concentrate on "grinding up the guerrillas" as close as five miles from Saigon, these officials said.

The VC 9th crossed up the American plans.

The U.S. plan — which probably will be carried out after the Tay Ninh battle ends — calls for four battalions of the 1st Division to do pacification work.

The object of the intensified drive is to break down the Viet Cong organization or infrastructure in the villages near Saigon and lessen the enemy's hold on the peasants.

During its search-and-destroy sweeps against regular VC units, the 1st Infantry operated in battalion and brigade strength.

In switching emphasis to pacification, the intention is to break down the American infantry forays to squad, platoon and company scale.

"We'll be going into the villages 24 hours a day and we'll be patrolling every night," said a senior officer.

Price Of Brides Goes Up

NEW YORK (AP) — Those who think inflation is strictly a phenomenon of Western civilization haven't had to ante up cowrie shells lately to buy an African bride.

Time was a young swain needed only two of these small, colorful shells to complete a deal with a bride's family. Now, in the Cameroons, it takes 15,000 to 50,000 cowries.

On Santa Cruz, in the British Solomon Islands, the price of a bride has gone up to at least 10 feather coils and specialists have taken control of the whole business from the bird catching to putting a price on a coil.

In primitive areas of the world, principally remote regions of Africa and Oceania, brides are still purchased with ages-old mediums of exchange. And just about everywhere the price has gone up — and up.

A study of this practice, along with a collection of money, goes on display today in an exhibit called "The Price of a Bride" at the Chase Manhattan money museum at 6th Ave. and 50th St.

For the most part wife-buying is now symbolic and the cowrie shells, feather coils, porpoise teeth, Yap stones and all the rest becomes status symbols for the bride's family, said Caroline Harris, director of the money museum.

"We were curious to know the amount the young 20th century tribesman must pay to secure a dutiful, hard-working wife," said Mrs. Harris. "We found that practices are not strikingly different from what they have been in the civilized parts of the world.

"The price of a bride depends on the wealth of the suitor. Naturally, the more he has, the more he pays."

Mrs. Harris said the families don't regard themselves as selling a child.

"When they lose a daughter to marriage, that means one less person to do the work, so they must be compensated for that loss," she said.

Shafer Hobnobs With GOP Group During Vacation

ST. CROIX, V. I. (AP) — Pennsylvania Gov.-Elect Raymond P. Shafer came here to vacation after the long election campaign and found himself rubbing elbows with two other victorious Republicans.

Shafer said Sunday he has conferred with Sen.-Elect Edward Brooke of Massachusetts and plans to meet Gov. Nelson Rockefeller, who was re-elected governor of New York, while Rockefeller is vacationing in nearby Puerto Rico.

Shafer, elected governor last Tuesday, said he originally planned to spend 10 days here, but has no firm plans yet about the exact date of his return to Pennsylvania and his current post as lieutenant governor.

Shafer said he is laying plans for his administration, but he did not go into details.

Air Force Man Jumps To Death

DAYTON, Ohio (AP)—A 22-year-old Air Force man jumped to his death from a water tower Sunday in what a buddy said was a move brought on by concern over the war in Viet Nam and military life in general.

Montgomery County coroner's investigator Bernard Tumbleson ruled the death of Airman Albert Istanish of Traford, Pa., suicide, and said the victim "was one of those Air Force anti-Viet Nam protestors who had to be talked off that same water tower a few weeks ago."

The airman who described himself as Istanish's best friend, David Younker, 21, told a reporter for the Dayton Journal Herald Sunday night, "I guess Al just felt trapped by the military. . . . Life is just pushing American life to an extreme. That's what got all of us."

Younker said he was also in the group of airmen that refused to come down from the 40-foot tower three weeks ago. An Air Force chaplain talked the men into coming down after police failed.

The tower is about three miles from Wright-Patterson Air Force Base, near an apartment building where several airmen rented an apartment.

Three Are Jailed In Death Of Baby

TOLEDO, Ohio (AP) — An Indiana man was arrested and the parents of an 11-month-old boy also were jailed today after the youngster died of an unexplained bullet wound, the Ohio Highway Patrol reported.

The victim, Paul English, was dead on arrival at a Toledo hospital after being shot in the head during an altercation which occurred Sunday night on the Ohio Turnpike.

Mr. and Mrs. Thomas English, the boy's parents, were taken to the Fulton County jail at Wauseon pending investigation, the patrol said.

Officers said the shooting apparently occurred during a fight between English, 22, and an acquaintance of the couple, 25-year-old Michael J. Hartley, Goshen, Ind. They had stopped their cars beside the toll road near Swanton.

Hartley fled the scene but was apprehended after returning to his home in Goshen, the patrol said.

English, his wife and daughter, Patricia Ann, 2, were unhurt. The girl was turned over to relatives in Toledo.

The patrol said Hartley had lived in the Toledo at various times.

Mrs. English and her two children had been living with her parents at Holland, Ohio, near Toledo. Her husband had been staying at another Toledo address for the past five months, the patrol said.

Strike Will Halt Canadian Planes

MONTREAL (AP) — An estimated 80 per cent of Canada's civil air transport facilities was expected to be grounded this afternoon by a strike of 5,200 maintenance workers against Air Canada.

Last - minute settlement efforts failed to stop plans for the walkout. Union leaders of the International Association of Machinists ordered the strike to begin at 4 p.m. EST.

Both domestic and international services of Air Canada, the nation's largest airline, were to be affected.

The union is seeking a one-year contract with a wage increase of 20 per cent and an increase in fringe benefits. Current pay scales range from $1.56 to $3.17 per hour.

Shows No Material Change

Official Count Confirms General Election Results

The Columbiana County Election Board Saturday completed the official canvass of returns from the general election Tuesday, showing no material change from the unofficial tabulation announced about six hours after the polls closed.

The official tabulation was certified to Secretary of State Ted W. Brown at Columbus. It showed that the county's total vote was 29,571, a gain of five from the 29,566 listed in the unofficial count.

Countywide totals for some of the candidates rose or fell by a few votes, in a comparison with the unofficial and the official tabulations, but there was no significant change.

For instance, Joseph Loha of Yorkville, a Democrat and apparent loser in a bid for a state Senate seat, gained 36 for a new total of 11,968. John Longsworth of Salem, the Republican victor, lost seven for a new total of 15,847. The figures cover only Columbiana County, as the official count has not been completed for the entire district.

The official count also cut one vote from the total of James W. Boyd of near East Liverpool, Republican, victor in a bid for a second full term as county commissioner. His new total is 16,212. The tabulation cut 38 from the total of Robert Owen of East Liverpool, Boyd's Democratic opponent, leaving him with 11,705.

Charles J. Gause of Guilford Lake, Republican who won an unexpired commissioner's term, lost 10 for a new total of 16,650. Lew Sowards of near Lisbon, his Democratic opponent, picked up six for a new total of 11,302.

The official tabulation confirmed the passage of the two-tenth mill county mental health levy, with 14,853 in favor and 13,924 opposed. It upheld the defeat of the East Liverpool 3.5-mill school levy, showing 2,438 in favor and 5,254 opposed.

Ivy Carroll, daughter of James Carroll of 600 17th St., Wellsville, a sprain of the wrist while roller skating; Donald Herron, son of Donald Herron of 301 Moore St., a finger injury in the East Liverpool - Alliance football game.

2 Of 5 Still Hunted In Sandusky 'Break'

SANDUSKY, Ohio (AP)—Authorities were searching today for two of the five men who escaped from the Erie County Jail. Three prisoners were captured within an hour of the break out Sunday.

Still at large were Roy Smith, 19, and Willie Hunter, 24, both of Sandusky.

Sheriff Al Hess said the prisoners pried apart bars covering a ceiling ventilator, lowered themselves by bedsheets to a lower roof and dropped to the ground.

Captured were Gerald Flouroy, 24, and Clarence Graves, 18, both of Sandusky, and Richard Byrne, 19, of Vermilion.

Hunter was in jail for breaking and entering and Smith for contributing to the delinquency of a minor.

World's highest waterfall is Angel Falls, Venezuela.

matter of fact

The deepest canyon in North America is Hell's Canyon, more than a mile-deep gorge in the central section of the grand canyon of the Snake river. In its deepest section it is 7,710 feet down. Although the river is not considered navigable for any but the smallest boats, two 19th-century steamboats once managed to sail through the canyon.

Crash Hurts 6 In Midland

Two Wellsville youngsters and a Pittsburgh area girl remained in City Hospital today as a result of a two-car collision at Midland Sunday afternoon in which six were hurt.

Midland police said autos operated by James W. Tipler of Glenshaw, Pa., and Mrs. Linda Carlos of 730 Lisbon St., Wellsville, collided at 12th St. and Midland Ave. at 2:29 p.m.

Patrolman Sam Sallis said Tipler, in a 1965 station wagon, was headed west and Mrs. Carlos, driving a 1964 sedan, was headed east when the left front of the vehicles collided.

Admitted to the hospital were Elizabeth Jane Carlos and Lisa Carlos, daughters of the woman driver, and Doris Tipler, daughter of Tipler.

Elizabeth Jane Carlos suffered bruises of the chest and head, her sister received skull injuries and the Tipler girl suffered a possible spine injury. All were in "satisfactory" condition.

Tipler was treated for bruises of the knee and chest and his wife, Marilyn, received bruises of the hand.

Mrs. Carlos was treated for bruises of the ribs and chest and released.

Officers are continuing an investigation of the mishap.

Chester Department Revisits Fire Scene

Chester volunteer firemen returned to the still - smoldering bakery complex for about two hours Saturday night to wet down several "hot spots" reported by nearby residents.

Also reported was another explosion Saturday night and a smaller one Sunday morning.

The structure, located on Virginia Ave., was being used by Nickles Bakers, Inc., and the Chester Baking Co. prior to the fire which struck Wednesday night.

On an earlier call about 6:30 p. m. Saturday, the department extinguished a grass fire at the rear of the home of Eugene Boyce of Louisiana Ave.

There was no property damage, a spokesman reported.

After 41-Hour Search

Kidnaped Baby Returned Safely To His Parents

DENVER, Colo. (AP — A 41-hour search by police and FBI agents for a kidnaped baby ended happily Sunday with the safe return of the 3-day-old child to his parents.

The husky son of Mr. and Mrs. William Bacon of Denver was abducted early Saturday morning from a fourth-floor nursery at Colorado General Hospital.

Police are holding Susan Douglas, 29, of Denver, for investigation of kidnaping. Detective Jack Groginsky said the woman, after being advised of her rights, admitted taking the child.

No charges have been filed. Police will discuss the case with Denver Dist. Atty. Bert Keating today.

Bacon, 29, and his wife, Rebecca, were overjoyed with the return of their son. Hospital physicians said the 9-pound, 13-ounce baby was in good condition, but had "a touch of a cold."

Detective Dick Rennick attributed the discovery of the child to "good old legwork." Investigators pored through nearly 700 trip tickets from taxi companies before they found one that indicated a trip was made from the hospital area about the time the baby was missed.

Scott Werner, agent in charge of the Denver office of the Federal Bureau of Investigation, said Mrs. Douglas apparently lost a baby by a miscarriage recently.

"Apparently Friday she decided to go to a hospital and get a baby," Werner said. He said Mrs. Douglas entered the nursery that had two babies in it while the nurse on duty crossed the hall momentarily to get supplies.

Westinghouse Union Sets Vote On Contract

BEAVER — A vote on whether to accept or reject a Westinghouse Electric Corp. offer on a new contract will be taken tonight at 8 at a membership meeting of the International Brotherhood of Electrical Workers at the Beaver Area High School.

The Westinghouse Salaried Employes Association of the Standard Controls Division plant Sunday voted to accept a new contract. The members have continued to work during negotiations.

Westinghouse officials reported half the daylight shift of the International Association of Machinists reported today, marking the first time union members have reported since the local went on strike Nov. 3.

Southern Local High Barbecue Arranged

A public chicken barbecue will be held Wednesday from 5 to 8 p.m. at Southern Local High School near Salineville to raise funds for a football scoreboard.

The dinner is being co-sponsored by the Salineville Ruritan, Southern Local Boosters and Southern Ruritan Clubs.

Ruritan members will do the cooking. Women Booster Club members will work in the kitchen and students will help serve the meals.

Homemade dessert will be served. Tickets may be obtained at the door or from club members.

Coin Club At Midland Will Select Officers

Officers will be elected when the Midland Coin Club meets Tuesday at 8 p.m. at Borough Building.

Doors will open at 6:30 p.m. for trading and dealing. An auction will be held following the meeting.

Earl Ohnezeit will discuss the grading of various coins. Ohnezeit is president of the East Liverpool Coin Club. Members are asked to bring a guest.

Santa Parade Lists 50 Units

Fifty units have been signed for the annual Christmas parade Nov. 25 through the downtown business district, according to Richard Chadwick, chairman.

Anyone wishing to register a float or other type of unit may contact him. The deadline is Nov. 23.

The floats will be listed in two categories, religious and civic. Cash prizes of $50 for first, $15 for second and $10 for third are being offered.

Chadwick said work will begin this week on the commercial floats entered by business places.

The parade is co-sponsored by the Jaycees and the East Liverpool Merchants Association.

Eighteen floats, five marching units and three bands are entered along with several area fire departments, Chadwick said.

The parade traditionally is held on the day following Thanksgiving to welcome Santa Claus and officially mark the opening of the holiday season.

Check Case Dropped At Affiant's Request

Acting at the request of the complaining witness, Municipal Judge Samuel M. Chertoff today dismissed an affidavit in which Richard A. Miles of Substation was accused of passing a fraudulent $80 check on Oct. 13 at the Dresden Ave. market of Loblaw, Inc.

The affiant was Gene Stockdale, manager of the store. The affidavit asserted that Miles issued the check on the Beaver Trust Co.'s Midland office "when he well knew he had no funds or credit with said bank."

Donald D. Shay, counsel for Miles, told the judge Stockdale had agreed to withdraw the charge because restitution had been made. Stockdale confirmed the request and the court dismissed the affidavit at Miles' coasts.

Battle Sets Back Guerrilla Purge

SAIGON, South Viet Nam (AP) — The battle of Tay Ninh Province set back a major U.S. effort to clean out Viet Cong guerrillas near Saigon.

Nearly half the combat battalions of the 1st Infantry Division had been wheeled into position for the big pacification campaign. Some operations had been mounted just outside the Vietnamese capital.

Then elements of the Viet Cong 9th Division, a main force outfit, opened major attacks in Tay Ninh Province about 60 miles northwest of Saigon. The 1st Division had to rush to the critical battleground.

Only a few hours before the Tay Ninh battle erupted Nov. 3, senior officers of the 1st Division told a newsman the VC 9th had been "pushed back into the briar patch" along the Cambodian border.

The 1st Division could concentrate on "grinding up the guerrillas" as close as five miles from Saigon, these officials said.

The VC 9th crossed up the American plans.

The U.S. plan — which probably will be carried out after the Tay Ninh battle ends — calls for four battalions of the 1st Division to do pacification work.

The object of the intensified drive is to break down the Viet Cong organization or infrastructure in the villages near Saigon and lessen the enemy's hold on the peasants.

During its search-and-destroy sweeps against regular VC units, the 1st Infantry operated in battalion and brigade strength.

In switching emphasis to pacification, the intention is to break down the American infantry forays to squad, platoon and company scale.

"We'll be going into the villages 24 hours a day and we'll be patrolling every night," said a senior officer.

Price Of Brides Goes Up

NEW YORK (AP) — Those who think inflation is strictly a phenomenon of Western civilization haven't had to ante up cowrie shells lately to buy an African bride.

Time was a young swain needed only two of these small, colorful shells to complete a deal with a bride's family. Now, in the Cameroons, it takes 15,000 to 50,000 cowries.

On Santa Cruz, in the British Solomon Islands, the price of a bride has gone up to at least 10 feather coils and specialists have taken control of the whole business from the bird catching to putting a price on a coil.

In primitive areas of the world, principally remote regions of Africa and Oceania, brides are still purchased with ages-old mediums of exchange. And just about everywhere the price has gone up — and up.

A study of this practice, along with a collection of money, goes on display today in an exhibit called "The Price of a Bride" at the Chase Manhattan money museum at 6th Ave. and 50th St.

For the most part wife-buying is now symbolic and the cowrie shells, feather coils, porpoise teeth, Yap stones and all the rest becomes status symbols for the bride's family, said Caroline Harris, director of the money museum.

"We were curious to know the amount the young 20th century tribesman must pay to secure a dutiful, hard-working wife," said Mrs. Harris. "We found that practices are not strikingly different from what they have been in the civilized parts of the world.

"The price of a bride depends on the wealth of the suitor. Naturally, the more he has, the more he pays."

Mrs. Harris said the families don't regard themselves as selling a child.

"When they lose a daughter to marriage, that means one less person to do the work, so they must be compensated for that loss," she said.

Shafer Hobnobs With GOP Group During Vacation

ST. CROIX, V. I. (AP — Pennsylvania Gov.-Elect Raymond P. Shafer came here to vacation after the long election campaign and found himself rubbing elbows with two other victorious Republicans.

Shafer said Sunday he has conferred with Sen.-Elect Edward Brooke of Massachusetts and plans to meet Gov. Nelson Rockefeller, who was re-elected governor of New York, while Rockefeller is vacationing in nearby Puerto Rico.

Shafer, elected governor last Tuesday, said he originally planned to spend 10 days here, but has no firm plans yet about the exact date of his return to Pennsylvania and his current post as lieutenant governor.

Shafer said he is laying plans for his administration, but he did not go into details.

Air Force Man Jumps To Death

DAYTON, Ohio (AP)—A 22-year-old Air Force man jumped to his death from a water tower Sunday in what a buddy said was a move brought on by concern over the war in Viet Nam and military life in general.

Montgomery County coroner's investigator Bernard Tumbleson ruled the death of Airman Albert Istanish of Traford, Pa., suicide, and said the victim "was one of those Air Force anti-Viet Nam protestors who had to be talked off that same water tower a few weeks ago."

The airman who described himself as Istanish's best friend, David Younker, 21, told a reporter for the Dayton Journal Herald Sunday night, "I guess Al just felt trapped by the military. . . . Life is just pushing American life to an extreme. That's what got all of us."

Younker said he was also in the group of airmen that refused to come down from the 40-foot tower three weeks ago. An Air Force chaplain talked the men into coming down after police failed.

The tower is about three miles from Wright-Patterson Air Force Base, near an apartment building where several airmen rented an apartment.

Three Are Jailed In Death Of Baby

TOLEDO, Ohio (AP) — An Indiana man was arrested and the parents of an 11-month-old boy also were jailed today after the youngster died of an unexplained bullet wound, the Ohio Highway Patrol reported.

The victim, Paul English, was dead on arrival at a Toledo hospital after being shot in the head during an altercation which occurred Sunday night on the Ohio Turnpike.

Mr. and Mrs. Thomas English, the boy's parents, were taken to the Fulton County jail at Wauseon pending investigation, the patrol said.

Officers said the shooting apparently occurred during a fight between English, 22, and an acquaintance of the couple, 25-year-old Michael J. Hartley, Goshen, Ind. They had stopped their cars beside the toll road near Swanton.

Hartley fled the scene but was apprehended after returning to his home in Goshen, the patrol said.

English, his wife and daughter, Patricia Ann, 2, were unhurt. The girl was turned over to relatives in Toledo.

The patrol said Hartley had lived in the Toledo at various times.

Mrs. English and her two children had been living with her parents at Holland, Ohio, near Toledo. Her husband had been staying at another Toledo address for the past five months, the patrol said.

Strike Will Halt Canadian Planes

MONTREAL (AP) — An estimated 80 per cent of Canada's civil air transport facilities was expected to be grounded this afternoon by a strike of 5,200 maintenance workers against Air Canada.

Last - minute settlement efforts failed to stop plans for the walkout. Union leaders of the International Association of Machinists ordered the strike to begin at 4 p.m. EST.

Both domestic and international services of Air Canada, the nation's largest airline, were to be affected.

The union is seeking a one-year contract with a wage increase of 20 per cent and an increase in fringe benefits. Current pay scales range from $1.56 to $3.17 per hour.

City Woman Fair After Fall, 19 More Treated At Hospital

A woman injured in a fall at home was in "fair" condition today at City Hospital, where 19 area residents were treated over the weekend after varied mishaps.

Mrs. Hazel White of 519 College St. was admitted Saturday for a head injury received in a fall in the kitchen at home. She was taken to the hospital by ambulance.

Mrs. Mildred Brooks of 1736 Globe St. was treated last night for a laceration of a finger received on a glass pie dish.

Others treated Sunday were Mark Covert, son of James Covert of Stagecoach Rd., an elbow injury in a fall; Donald Mack, 14, of 674 Spring Grove Ave., a shoulder injury while playing football.

Steven Watters, son of Regis Watters of John St., a cut on the heel against a metal dustpan; Maurice Stowers, stepson of James Reynolds of Valley Ave., a bruised forehead when he bumped against the windshield of a car.

Thomas LaScola of 19 Ridge Ave., Wellsville, bruises of the chest in a Little League football game; Charles Cook, son of Charles Cook of 111 18th St., Wellsville, a cut on the back in a fall from a bike.

Tammy Rose Clutter, daughter of Brady Clutter of 1911 Harvey Ave., a cut chin in a fall. Jeffrey Hall, son of Jeffrey Hall of Calcutta Rd., bruises of the knee while playing football at Beaver Local High School.

Treated Saturday were Andrew Moore, son of Eddie Moore of Dunn Rd., an elbow injury in a fall from a pony; James Rinestein, son of William Rinestein of 437 Thompson Ave., a cut on the head in a fall against a door.

David Gourley, son of Daniel Gourley of Calcutta, a laceration of the forehead on a skillet; Elliott Geer of 773 Woodlawn Ave., a wound of the right upper leg when bitten by a dog.

Mrs. Isabell Howell of Irondale, an injury to the left hand in a fall; Michael Hoppel, son of Herman Hoppel of Wellsville R. D. 1, an injury to the shoulder when kicked by a horse after he fell.

Clayton Gourley of 1939 Dresden Ave., a cut on the cheek from a tin can; Mrs. June Daniels of 312 2nd St., Wellsville, a cut on the finger on a razor blade.

Ivy Carroll, daughter of James Carroll of 600 17th St., Wellsville, a sprain of the wrist while roller skating; Donald Herron, son of Donald Herron of 301 Moore St., a finger injury in the East Liverpool - Alliance football game.

2 Of 5 Still Hunted In Sandusky 'Break'

SANDUSKY, Ohio (AP)—Authorities were searching today for two of the five men who escaped from the Erie County Jail. Three prisoners were captured within an hour of the break out Sunday.

Still at large were Roy Smith, 19, and Willie Hunter, 24, both of Sandusky.

Sheriff Al Hess said the prisoners pried apart bars covering a ceiling ventilator, lowered themselves by bedsheets to a lower roof and dropped to the ground.

Captured were Gerald Flouroy, 24, and Clarence Graves, 18, both of Sandusky, and Richard Byrne, 19, of Vermilion.

Hunter was in jail for breaking and entering and Smith for contributing to the delinquency of a minor.

World's highest waterfall is Angel Falls, Venezuela.

matter of fact

The deepest canyon in North America is Hell's Canyon, more than a mile-deep gorge in the central section of the grand canyon of the Snake river. In its deepest section it is 7,710 feet down. Although the river is not considered navigable for any but the smallest boats, two 19th-century steamboats once managed to sail through the canyon.

Crash Hurts 6 In Midland

Two Wellsville youngsters and a Pittsburgh area girl remained in City Hospital today as a result of a two-car collision at Midland Sunday afternoon in which six were hurt.

Midland police said autos operated by James W. Tipler of Glenshaw, Pa., and Mrs. Linda Carlos of 730 Lisbon St., Wellsville, collided at 12th St. and Midland Ave. at 2:29 p.m.

Patrolman Sam Sallis said Tipler, in a 1965 station wagon, was headed west and Mrs. Carlos, driving a 1964 sedan, was headed east when the left front of the vehicles collided.

Admitted to the hospital were Elizabeth Jane Carlos and Lisa Carlos, daughters of the woman driver, and Doris Tipler, daughter of Tipler.

Elizabeth Jane Carlos suffered bruises of the chest and head, her sister received skull injuries and the Tipler girl suffered a possible spine injury. All were in "satisfactory" condition.

Tipler was treated for bruises of the knee and chest and his wife, Marilyn, received bruises of the hand.

Mrs. Carlos was treated for bruises of the ribs and chest and released.

Officers are continuing an investigation of the mishap.

Chester Department Revisits Fire Scene

Chester volunteer firemen returned to the still - smoldering bakery complex for about two hours Saturday night to wet down several "hot spots" reported by nearby residents.

Also reported was another explosion Saturday night and a smaller one Sunday morning.

The structure, located on Virginia Ave., was being used by Nickles Bakers, Inc., and the Chester Baking Co. prior to the fire which struck Wednesday night.

On an earlier call about 6:30 p. m. Saturday, the department extinguished a grass fire at the rear of the home of Eugene Boyce of Louisiana Ave.

There was no property damage, a spokesman reported.

After 41-Hour Search

Kidnaped Baby Returned Safely To His Parents

DENVER, Colo. (AP — A 41-hour search by police and FBI agents for a kidnaped baby ended happily Sunday with the safe return of the 3-day-old child to his parents.

The husky son of Mr. and Mrs. William Bacon of Denver was abducted early Saturday morning from a fourth-floor nursery at Colorado General Hospital.

Police are holding Susan Douglas, 29, of Denver, for investigation of kidnaping. Detective Jack Groginsky said the woman, after being advised of her rights, admitted taking the child.

No charges have been filed. Police will discuss the case with Denver Dist. Atty. Bert Keating today.

Bacon, 29, and his wife, Rebecca, were overjoyed with the return of their son. Hospital physicians said the 9-pound, 13-ounce baby was in good condition, but had "a touch of a cold."

Detective Dick Rennick attributed the discovery of the child to "good old legwork." Investigators pored through nearly 700 trip tickets from taxi companies before they found one that indicated a trip was made from the hospital area about the time the baby was missed.

Scott Werner, agent in charge of the Denver office of the Federal Bureau of Investigation, said Mrs. Douglas apparently lost a baby by a miscarriage recently.

"Apparently Friday she decided to go to a hospital and get a baby," Werner said. He said Mrs. Douglas entered the nursery that had two babies in it while the nurse on duty crossed the hall momentarily to get supplies.

Westinghouse Union Sets Vote On Contract

BEAVER — A vote on whether to accept or reject a Westinghouse Electric Corp. offer on a new contract will be taken tonight at 8 at a membership meeting of the International Brotherhood of Electrical Workers at the Beaver Area High School.

The Westinghouse Salaried Employes Association of the Standard Controls Division plant Sunday voted to accept a new contract. The members have continued to work during negotiations.

Westinghouse officials reported half the daylight shift of the International Association of Machinists reported today, marking the first time union members have reported since the local went on strike Nov. 3.

Southern Local High Barbecue Arranged

A public chicken barbecue will be held Wednesday from 5 to 8 p.m. at Southern Local High School near Salineville to raise funds for a football scoreboard.

The dinner is being co-sponsored by the Salineville Ruritan, Southern Local Boosters and Southern Ruritan Clubs.

Ruritan members will do the cooking. Women Booster Club members will work in the kitchen and students will help serve the meals.

Homemade dessert will be served. Tickets may be obtained at the door or from club members.

Coin Club At Midland Will Select Officers

Officers will be elected when the Midland Coin Club meets Tuesday at 8 p.m. at Borough Building.

Doors will open at 6:30 p.m. for trading and dealing. An auction will be held following the meeting.

Earl Ohnezeit will discuss the grading of various coins. Ohnezeit is president of the East Liverpool Coin Club. Members are asked to bring a guest.

Santa Parade Lists 50 Units

Fifty units have been signed for the annual Christmas parade Nov. 25 through the downtown business district, according to Richard Chadwick, chairman.

Anyone wishing to register a float or other type of unit may contact him. The deadline is Nov. 23.

The floats will be listed in two categories, religious and civic. Cash prizes of $50 for first, $15 for second and $10 for third are being offered.

Chadwick said work will begin this week on the commercial floats entered by business places.

The parade is co-sponsored by the Jaycees and the East Liverpool Merchants Association.

Eighteen floats, five marching units and three bands are entered along with several area fire departments, Chadwick said.

The parade traditionally is held on the day following Thanksgiving to welcome Santa Claus and officially mark the opening of the holiday season.

Check Case Dropped At Affiant's Request

Acting at the request of the complaining witness, Municipal Judge Samuel M. Chertoff today dismissed an affidavit in which Richard A. Miles of Substation was accused of passing a fraudulent $80 check on Oct. 13 at the Dresden Ave. market of Loblaw, Inc.

The affiant was Gene Stockdale, manager of the store. The affidavit asserted that Miles issued the check on the Beaver Trust Co.'s Midland office "when he well knew he had no funds or credit with said bank."

Donald D. Shay, counsel for Miles, told the judge Stockdale had agreed to withdraw the charge because restitution had been made. Stockdale confirmed the request and the court dismissed the affidavit at Miles' coasts.

Out Of The Air

By HAL HUMPHREY

The Big Payoff—Relatively

The only big money quiz-type show on TV today is part of Art Linkletter's daytime "House Party" melange, and it might be called "Who's Rich, Dead and Related to Me?" Once or twice every week Art brings on Larry Craig, his finder of missing heirs, and lets him throw out a baited hook in the form of an unclaimed estate.

Hal Humphrey

Within hours there are several phone calls for Craig from persons eager to prove they are Uncle Ned's long - lost niece, nephew or at least a friend with information to sell.

-:-

BEFORE the week is out, Craig will have taken 100 to 200 such calls, and his staff will be opening 5,000 or 6,000 letters in the next few weeks pertaining to the same estate.

Generally, Craig will find the missing heir or heirs three hours or less after the broadcast ("House Party" also goes out on radio), because when there is money involved people always give it a priority rating on their list of things to do.

In the slightly more than 12 months which Linkletter has had Craig tracing missing heirs, they've turned up 27 heirs for 18 estates.

The largest single payoff in the cumulative total of $527,767.68 has been $103,702.76 to an Ernestine Mae Mason Lynch.

-:-

ASIDE from the name of the estate, tracer Craig's only clues to the missing heiress were her nickname, "Trudy," and the fact she was in her late 40s or early 50s. A neighbor heard the clue over TV and called Trudy at the Iowa laundry where she worked. She turned out to be the right "Trudy."

John Guedel, whose production company has handled the Linkletter radio - TV shows for years, thought of the missing heir gimmick sometime ago after Linkletter had interviewed a professional missing heir hunter on House Party.

Guedel planned to have this professional work this segment of the show, but CBS frowned on the arrangement, especially the fact that the professional took such a large percentage (as much as 50 per cent) of each estate for his services.

-:-

FINALLY Guedel hired Larry Craig and promised CBS the heirs would receive the full net amount of their inheritances.

Craig, a former insurance adjuster who now operates his own detective agency, devotes half his time to his part in the Linkletter show and is paid by Guedel and company.

All professional heir tracers, including Craig in this case, always are looking for the biggest estates, so naturally the competition is keen. Craig admits he loses out now and then to the professionals.

"That's because we don't guarantee our heirs that they will get the money. We put them in touch with the right party, then the rest is up to them. But we don't charge them anything either," Craig adds.

-:-

SO FAR, Craig has come across one heiress who didn't want the money and three others who turned down the free trip to Hollywood to appear on the show.

The next winner is Erle Duane Raymer of Waverly, Iowa (Craig says Iowa furnishes more heirs than any other state), who had a long-lost uncle who left him $5,600. He appears on "House Party" Wednesday and from the smile on his face one might think he'd won 20 times that amount.

Craig will put out two more unclaimed estates after congratulating Raymer, then wait for the phone to ring. He already has checked his own family tree and found it wanting where rich uncles and aunts are concerned.

"I've discovered from all this heir tracing that misers are hell to live with but make great ancestors. I guess you could say they almost always tried to take it with them," says Craig, philosophicaly.

Prince Charles Turns 18, Goes On State Payroll

LONDON (AP) — Prince Charles, the heir to Britain's throne, came of age today without royal fanfare. It was school as usual on his 18th birthday.

Britons openly speculated that he may be 60 or older before he reaches the throne. His mother, Queen Elizabeth I, is only 40 and in good health.

The birthday meant a raise for Charles because he will be taking on more and more royal duties. He has received an unspecified amount of pocket money in the past but now he goes on the state payroll at $84,000 a year.

Three left - wing Laborite members of Parliament demanded to know how this squared with the wage freeze now in effect.

Spokesmen at Buckingham Palace and the Treasury said the prince's new income was more revenue from a trust fund and did not come under the wage freeze. Most of it comes from property he inherited as Duke of Cornwall.

Charles has had his semi-Beatle mop trimmed down to a smooth side part and is now almost as tall as his 6-foot-1 father. Prince Philip's influence on him is obvious.

The young prince has taken up polo, his father's favorite sport, and walks like Philip with his hands behind his back.

Although Charles goes to lots of dances and parties, he has no steady girl friend.

The French background of Haiti dates to 1697 when, by the Treaty of Ryswick, Spain ceded the island to France.

Keep In Trim

By IDA JEAN KAIN

Young Mother Needs Change

A strong dash of reason plus a change of routine can help to break up an endlessly repeated pattern. A young homemaker, age 20, writes:

Ida Jean Kain

"I've been married for two years. After the baby was born I started gaining weight. I try going without food all day, but at dinner when I do eat I can't help but make up for it. Why? Sometimes I eat so much I am almost sick. I don't have any resistance at all when it comes to this overeating. Another thing, I can't seem to force myself to exercise. I'm not lazy, for I work hard. Please help."

—:—

IT'S EASY to get into a routine and jog along comfortably. But even at 20, too much routine can lead to a rut. And ruts are deadly dulling. Fortunately you realize something is wrong. Challenge yourself to upset your routine and change your food pattern.

Know the facts on food. When you go without food all day long, you build up an uncontrollable appetite. When you overeat at one big meal you upset the natural habit pattern that regulates your food intake.

What to do? Eat three moderate meals. You'll control your appetite and have more energy and more zest. To explain: Food alone causes an increase in metabolism. An hour after a meal your metabolism begins to rise and reaches its peak three hours later.

This effect of food is termed its specific dynamic action. Eating raises the energy output. And this heat produced is extra or waste heat. When you take all your food in one big meal, the extra heat produced lasts only a few hours. When your food is divided into three moderate meals, it keeps your metabolism elevated for 12 or more hours. See?

—:—

TO ADD zest to daily living, try a change of pace. At 11 tomorrow morning could you go out for a walk, with the baby in the buggy? Stay outdoors for an hour. Recognize the importance of breaking your fixed habit pattern.

With all that fresh air you'll feel hungry for lunch. Eat a balanced meal, including a protein food, such as left over meat broiled on a slice of bread. Have fruit and a glass of skim milk.

By 4 o'clock you'll need a pickup. Have a cup of hot tea and a hard cooked egg or a small wedge of cheese. This will keep you from overeating at dinner. Eat a moderate dinner, but do not have a sweet dessert.

By not overeating at night, you'll feel hungry for a morning meal. People who control their weight, apparently without too much effort, eat on schedule. They do not overeat.

Be more active physically. Tune in to an exercise program. Or turn on some lively music and dance around. Move for the sheer joy of being alive and young. It's fun! To bog down at 20. . .unthinkable!

Angry Mobs Hit U.S. Consulate, Cars, Nightclub

ISTANBUL, Turkey (AP) — Angry mobs shattered windows of the U. S. consulate, damaged American cars and destroyed a night club early this morning in the southern Turkish city of Adana after eight U. S. servicemen allegedly accosted Turkish women leaving a movie house, press reports said today.

The reports gave this account:

The servicemen, from the Strategic Air Command base at Incirlik, near Adana, took refuge in a nearby night club. An angry crowd gathered shouting anti-American slogans and demanding that the Americans be handed over to them.

Police took the men to a police station for protection. The mob shattered the windows of the police station, then about 50 young persons marched to the U. S. consulate. They damaged American cars on the way.

They stoned the consulate and damaged cars parked in front of the building. A spokesman for the consulate said some windows were broken, but no one was hurt.

Police finally called troops to disperse the mob.

American military authorities invited U. S. servicemen and their dependents living in the town to take refuge on the base.

The spokesman said the demonstrations were "scattered incidents." He said he knew nothing of how the incidents started.

Martins Ferry Pair Die Of Pistol Wounds

MARTINS FERRY, Ohio (AP) —A Martins Ferry woman told police that her father called her before dawn Sunday to tell her that her mother was dead and he soon would be.

Police went to the home of the father, Dickson Danver, 60, and found Mrs. Danver, 58, dead, a .22-caliber pistol wound in her head. Danver was alive when police arrived at the home but died before reaching a hospital.

Out Of The Air

By HAL HUMPHREY

The Big Payoff—Relatively

The only big money quiz-type show on TV today is part of Art Linkletter's daytime "House Party" melange, and it might be called "Who's Rich, Dead and Related to Me?" Once or twice every week Art brings on Larry Craig, his finder of missing heirs, and lets him throw out a baited hook in the form of an unclaimed estate.

Hal Humphrey

Within hours there are several phone calls for Craig from persons eager to prove they are Uncle Ned's long - lost niece, nephew or at least a friend with information to sell.

-:-

BEFORE the week is out, Craig will have taken 100 to 200 such calls, and his staff will be opening 5,000 or 6,000 letters in the next few weeks pertaining to the same estate.

Generally, Craig will find the missing heir or heirs three hours or less after the broadcast ("House Party" also goes out on radio), because when there is money involved people always give it a priority rating on their list of things to do.

In the slightly more than 12 months which Linkletter has had Craig tracing missing heirs, they've turned up 27 heirs for 18 estates.

The largest single payoff in the cumulative total of $527,767.68 has been $103,702.76 to an Ernestine Mae Mason Lynch.

-:-

ASIDE from the name of the estate, tracer Craig's only clues to the missing heiress were her nickname, "Trudy," and the fact she was in her late 40s or early 50s. A neighbor heard the clue over TV and called Trudy at the Iowa laundry where she worked. She turned out to be the right "Trudy."

John Guedel, whose production company has handled the Linkletter radio - TV shows for years, thought of the missing heir gimmick sometime ago after Linkletter had interviewed a professional missing heir hunter on House Party.

Guedel planned to have this professional work this segment of the show, but CBS frowned on the arrangement, especially the fact that the professional took such a large percentage (as much as 50 per cent) of each estate for his services.

-:-

FINALLY Guedel hired Larry Craig and promised CBS the heirs would receive the full net amount of their inheritances.

Craig, a former insurance adjuster who now operates his own detective agency, devotes half his time to his part in the Linkletter show and is paid by Guedel and company.

All professional heir tracers, including Craig in this case, always are looking for the biggest estates, so naturally the competition is keen. Craig admits he loses out now and then to the professionals.

"That's because we don't guarantee our heirs that they will get the money. We put them in touch with the right party, then the rest is up to them. But we don't charge them anything either," Craig adds.

-:-

SO FAR, Craig has come across one heiress who didn't want the money and three others who turned down the free trip to Hollywood to appear on the show.

The next winner is Erle Duane Raymer of Waverly, Iowa (Craig says Iowa furnishes more heirs than any other state), who had a long-lost uncle who left him $5,600. He appears on "House Party" Wednesday and from the smile on his face one might think he'd won 20 times that amount.

Craig will put out two more unclaimed estates after congratulating Raymer, then wait for the phone to ring. He already has checked his own family tree and found it wanting where rich uncles and aunts are concerned.

"I've discovered from all this heir tracing that misers are hell to live with but make great ancestors. I guess you could say they almost always tried to take it with them," says Craig, philosophicaly.

Prince Charles Turns 18, Goes On State Payroll

LONDON (AP) — Prince Charles, the heir to Britain's throne, came of age today without royal fanfare. It was school as usual on his 18th birthday.

Britons openly speculated that he may be 60 or older before he reaches the throne. His mother, Queen Elizabeth I, is only 40 and in good health.

The birthday meant a raise for Charles because he will be taking on more and more royal duties. He has received an unspecified amount of pocket money in the past but now he goes on the state payroll at $84,000 a year.

Three left - wing Laborite members of Parliament demanded to know how this squared with the wage freeze now in effect.

Spokesmen at Buckingham Palace and the Treasury said the prince's new income was more revenue from a trust fund and did not come under the wage freeze. Most of it comes from property he inherited as Duke of Cornwall.

Charles has had his semi-Beatle mop trimmed down to a smooth side part and is now almost as tall as his 6-foot-1 father. Prince Philip's influence on him is obvious.

The young prince has taken up polo, his father's favorite sport, and walks like Philip with his hands behind his back.

Although Charles goes to lots of dances and parties, he has no steady girl friend.

The French background of Haiti dates to 1697 when, by the Treaty of Ryswick, Spain ceded the island to France.

Keep In Trim

By IDA JEAN KAIN

Young Mother Needs Change

A strong dash of reason plus a change of routine can help to break up an endlessly repeated pattern. A young homemaker, age 20, writes:

Ida Jean Kain

"I've been married for two years. After the baby was born I started gaining weight. I try going without food all day, but at dinner when I do eat I can't help but make up for it. Why? Sometimes I eat so much I am almost sick. I don't have any resistance at all when it comes to this overeating. Another thing, I can't seem to force myself to exercise. I'm not lazy, for I work hard. Please help."

—:—

IT'S EASY to get into a routine and jog along comfortably. But even at 20, too much routine can lead to a rut. And ruts are deadly dulling. Fortunately you realize something is wrong. Challenge yourself to upset your routine and change your food pattern.

Know the facts on food. When you go without food all day long, you build up an uncontrollable appetite. When you overeat at one big meal you upset the natural habit pattern that regulates your food intake.

What to do? Eat three moderate meals. You'll control your appetite and have more energy and more zest. To explain: Food alone causes an increase in metabolism. An hour after a meal your metabolism begins to rise and reaches its peak three hours later.

This effect of food is termed its specific dynamic action. Eating raises the energy output. And this heat produced is extra or waste heat. When you take all your food in one big meal, the extra heat produced lasts only a few hours. When your food is divided into three moderate meals, it keeps your metabolism elevated for 12 or more hours. See?

—:—

TO ADD zest to daily living, try a change of pace. At 11 tomorrow morning could you go out for a walk, with the baby in the buggy? Stay outdoors for an hour. Recognize the importance of breaking your fixed habit pattern.

With all that fresh air you'll feel hungry for lunch. Eat a balanced meal, including a protein food, such as left over meat broiled on a slice of bread. Have fruit and a glass of skim milk.

By 4 o'clock you'll need a pickup. Have a cup of hot tea and a hard cooked egg or a small wedge of cheese. This will keep you from overeating at dinner. Eat a moderate dinner, but do not have a sweet dessert.

By not overeating at night, you'll feel hungry for a morning meal. People who control their weight, apparently without too much effort, eat on schedule. They do not overeat.

Be more active physically. Tune in to an exercise program. Or turn on some lively music and dance around. Move for the sheer joy of being alive and young. It's fun! To bog down at 20. . .unthinkable!

Angry Mobs Hit U.S. Consulate, Cars, Nightclub

ISTANBUL, Turkey (AP) — Angry mobs shattered windows of the U. S. consulate, damaged American cars and destroyed a night club early this morning in the southern Turkish city of Adana after eight U. S. servicemen allegedly accosted Turkish women leaving a movie house, press reports said today.

The reports gave this account:

The servicemen, from the Strategic Air Command base at Incirlik, near Adana, took refuge in a nearby night club. An angry crowd gathered shouting anti-American slogans and demanding that the Americans be handed over to them.

Police took the men to a police station for protection. The mob shattered the windows of the police station, then about 50 young persons marched to the U. S. consulate. They damaged American cars on the way.

They stoned the consulate and damaged cars parked in front of the building. A spokesman for the consulate said some windows were broken, but no one was hurt.

Police finally called troops to disperse the mob.

American military authorities invited U. S. servicemen and their dependents living in the town to take refuge on the base.

The spokesman said the demonstrations were "scattered incidents." He said he knew nothing of how the incidents started.

Martins Ferry Pair Die Of Pistol Wounds

MARTINS FERRY, Ohio (AP) —A Martins Ferry woman told police that her father called her before dawn Sunday to tell her that her mother was dead and he soon would be.

Police went to the home of the father, Dickson Danver, 60, and found Mrs. Danver, 58, dead, a .22-caliber pistol wound in her head. Danver was alive when police arrived at the home but died before reaching a hospital.

A Junior Editors Quiz About LINOTYPES

QUESTION: How is it that a newspaper line always comes evenly to the edge of the column? I can't do that on my typewriter!

★ ★ ★

ANSWER: In a newspaper plant, typewritten news stories are given to a linotype operator. This man punches a key on his keyboard for each letter. As he does so, a brass matrix with a sunken letter on its face (1) drops into place. Other matrices are then released to complete a word. After this, the operator presses a key and a thin wedged-shaped spaceband (2) moves up between the words. When the line of matrices is complete it is transferred to another part of the machine. Here the row of spacebands is pushed up from below, all at the same time. These wedges push the words apart so they are equally spaced and the line comes to the edge of the column. Hot metal then is poured into the front part of the openings between words. When the metal has cooled and the spacebands have been removed, the row of words becomes a metal slug (3). With all the slugs and other material in place, they are used to stamp out a sunken mold in papier mache. From this, metal letters are cast which do the final printing.

★ ★ ★

FOR YOU TO DO: Check your newspaper carefully and you will see that some lines have more space between words than others, resulting in lines of equal length.

Today In History

By The Associated Press

Today is Monday, Nov. 14, the 318th day of 1966. There are 47 days left in the year.

Today's highlight in history:

On this date in 1864, Union Civil War Gen. William T. Sherman began his devestating march to the sea after burning Atlanta, Ga.

On this date:

In 1856, James Buchanan was elected the 15th president of the United States.

In 1935, the Philippine Islands were declared a free commonwealth by U.S. President Franklin D. Roosevelt.

In 1940, German planes bombed the historic English city of Coventry.

In 1942, the battle for Tunisia began.

In 1944, the U.S. 3rd Army was fighting its way into the German stronghold at Metz.

Ten years ago — Sources in Cairo denied a Moscow report that Egypt had asked for immediate shipment of Soviet volunteers to help fight off British, French and Israeli forces.

Five years ago — President John F. Kennedy and Gen. Park Chung Hee, head of the South Korean military government, issued a communique at the end of a meeting at the White House. The communique said the United States would continue to provide South Korea with economic aid and that it would send armed forces to aid South Korea in the event of a Communist attack.

One year ago—U.S. air cavalrymen in South Viet Nam clashed with Communist troops in jungles just six miles from the Cambodian border.

TENDERBEST U.S.D.A. GRADE 'A' TURKEYS

Some Do's And Don'ts For Better Turkeys:

The thousands who bought Tenderbest turkeys last year don't need this first reminder, but for others . . .

DO select a U.S. Government inspected Grade A turkey, to be sure of tenderness and finest flavor.

DO allow 1-1/2 pounds of ready-to-stuff turkey per person to provide for second helpings.

DON'T overstuff it.
Dressing swells in cooking, and cramming may mar your bird's appearance.

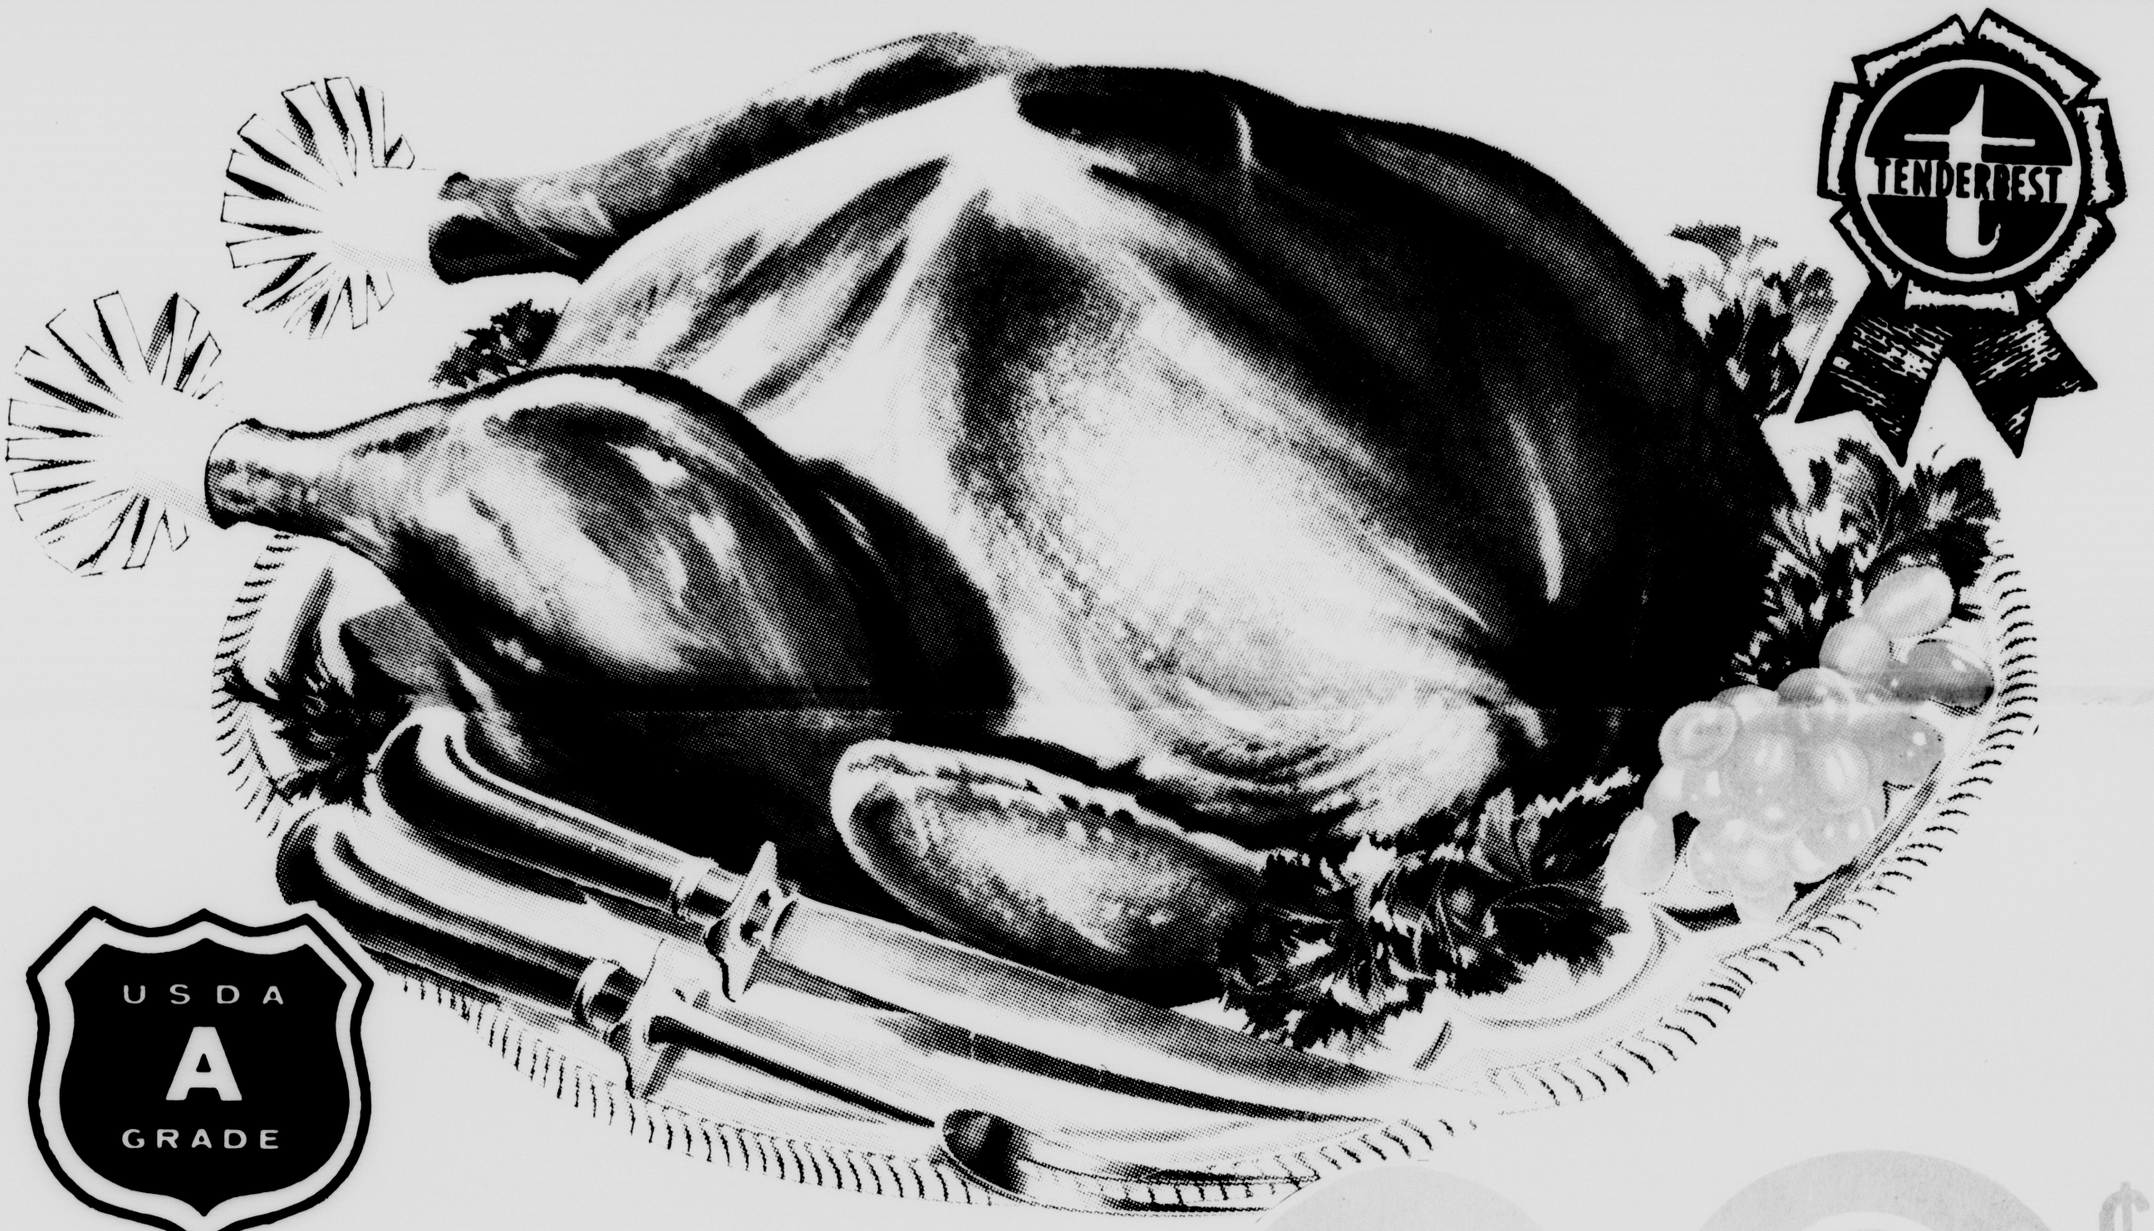
DO roast it at a low temperature . . . 325 degrees, about 30 minutes per pound up to 10 pounds; about 25 minutes per pound for larger ones. Your turkey's done when the meat of thigh and drumstick feels very tender when pressed. A six pound bird should be done in about 3 hours, a 15 pounder in about 5½ hours.

DO lay a piece of aluminum foil over the breast and knees to prevent excess browning on top. Remember, the easy way is the best way with turkey, so . . .

DON'T add water. Just enough delicious fats and juices will cook out to make the base of the finest brown turkey gravy that ever topped a mashed potato -- leaving the bird itself deliciously moist and tender.

ABOVE ALL, DON'T forget that Tenderbest turkeys are tenderest and best!

ALL SIZES—ONE LOW PRICE!



29¢ LB.

At Foodland, you don't have to buy a ton of turkey to get our Big Change Price! The Smaller sizes cost no more per pound than the biggest bird in the store. And ALL Tenderbest turkeys are strictly U.S. Government Inspected Grade A . . . bred and raised in this vicinity, where the climate is ideal for fine turkey development. Controlled, scientific feeding brings these birds to peak perfection at just this time of year, which means they're whiter, plumper, better rounded than the lesser grades, with more meat, less bone per pound. So don't guess about quality Look for the Tenderbest seal and the U.S.D.A. Grade A shield!
